☐ Waive

Check here to exempt the student from a specific requirement, such as First Year Program requirement.

Please note: if a requirement is waived, credit is not granted. The total number of credits required to graduate within each category remains the same. For example, if Core Studio is waived, another studio course must be taken. If the Art History Survey is waived, another Art History course must be taken; if a liberal arts requirement is waived, an academic elective must be taken.
