Hello 5th Floor Residents!

My name is Sun Kawazoe and I’ll provide a very brief introduction about myself. I love Chipotle and Starbursts. That’s pretty much it, so if you want to really thank me, that’s the way to go. I can walk you to Chipotle and tell you what I want so you don’t have to do all the work. It’s all about collaboration.

But seriously though, I am in my sophomore year at SAIC focusing on Designed Objects this semester. When I first came here from New Jersey I was going straight for Graphic Design, but ended up doing so many 3D projects that I decided to explore a different department. I love to work with light materials such as paper and acrylic plastic, and actual light itself.

If you ever need something from me, don’t hesitate to ask! I am a resource and will be glad to answer any questions you may have. I’ll organize events, show you around Chicago (like where to get a slice of s’mores pizza), and help develop our floor as a community.

You can stop by my room when I’m available if you want to ask me something. You can always reach me by e-mail too: skawaz@artic.edu

I am ecstatic to meet all of you and get to know each other as we go through the 2014-15 school year!

Peace & Blessings!
