Art Education Teacher Licensure State by State

For academic programs that may reasonably be assumed to lead to professional licensure, these disclosures indicate, as of November 2021, the states where the University has determined through reasonable, good faith effort that such programs:

- Do meet the applicable professional licensure education requirements;
- Do not meet the applicable professional licensure education requirements; or
- Have not been able to be identified as meeting the applicable professional licensure education requirements.

The National Association of State Directors of Teacher Education and Certification (NASDTEC) facilitates license reciprocity for member states that have signed the NASDTEC Interstate Agreement. The NASDTEC Interstate Agreement is a collection of individual agreements by member states pledging to “issue some form of authorization allowing an inbound certificate holder to legally teach or provide service in the receiving state, provided the license issued by the ‘sending’ state is acceptable under the agreement.” NASDTEC does not guarantee “full teacher license reciprocity” for member states, but does help clarify which licenses will transfer and what additional requirements must be met. Forty-six states and the District of Columbia have signed the NASDTEC Interstate Agreement.

edTPA: Currently there are 951 Educator Preparation Programs in 41 states and the District of Columbia participating in edTPA.

States fall into 3 categories:

<http://edtpa.aacte.org/?s=participation+map>

- 1) Policy in Place: these states have statewide policies in place requiring a state-approved performance assessment as part of program completion or for state licensure and/or state program accreditation/review.
- 2) Taking Steps Toward Implementation: A performance assessment and/or edTPA are being considered at the state level for program completion or as a licensure requirement.
- 3) State Participating in edTPA: At least one provider of teacher preparation-either traditional or alternative-is exploring or trying out edTPA
