

SAIC Wireless Set-Up Laptop and Mobile Devices

MacOS:

Process requires Internet Connection:
SAIC Guest, Hot Spot, or Off-Campus Network

- 1) Open Safari
- 2) Visit mobile.saic.edu
- 3) Enter ARTIC/SAIC username and password
- 4) Click the check box to acknowledge that you have read and understood the SAIC Acceptable Use Policy, then the red button to Download the artic.mobileconfig file
- 5) Double click the file, now located in the downloads folder to begin installation.
- 6) To open and install the profile using macOS 12 Monterey or earlier, launch System Preferences > Profiles > SAIC Wireless 2015.
If you are using the macOS 13 Ventura or newer, open the System Settings and search for "Profiles" and open SAIC Wireless 2015
- 7) During the profile installation click "Continue" or "Install" twice to advance through the installation
- 8) Enter ARTIC/SAIC username and password once more and click "Install" to complete
- 9) You will then be prompted for your computer's login password
- 10) You should now be connected to wireless.artic.edu

iOS:

Process requires Internet Connection:
SAIC Guest, Hot Spot or Cellular Data

- 1) Launch Safari
- 2) Visit mobile.saic.edu
- 3) Enter ARTIC/SAIC username and password
- 4) Click the check box to acknowledge that you have read and understood the SAIC Acceptable Use Policy, then click the red "Here to Download" button
- 5) A profile will download to your device in Settings > General > VPN & Device Management
- 6) Open the SAIC Wireless Profile and Select "Install" twice. You may be prompted for your iPhone's passcode to install. You will then be prompted for your ARTIC/SAIC username and password again and then you will connect
- 7) When you see the Wi-Fi icon  at the top of your phone, you are connected to wireless.artic.edu

Android:

- 1) Open the settings menu
- 2) Select "Network & Internet", then "Wi-Fi", then "wireless.artic.edu"
- 3) Expand "Advanced Options" if necessary
- 4) In the "Domain" field, enter "wireless.artic.edu"
- 5) Select the EAP method "TTLS"
- 6) Select the Phase 2 setting "PAP"
- 7) If available, the CA certificate setting should be "Use System Cert"
- 8) If available, the Online Certificate setting should be "Do Not Validate"
- 9) Enter your ARTIC/SAIC username and password under "Identity" and "Password", ignore the field titled "Anonymous Identity", then click "Connect"
- 10) You should now be connected to wireless.artic.edu

Windows:

- 1) Expand your network settings menu from the menu bar
- 2) Select wireless.artic.edu and un-check Auto-Join
- 3) Enter your ARTIC/SAIC username and password, then click "Connect"
- 4) Once you are connected to wireless.artic.edu, turn Auto-Join back on
- 5) You should now be connected to wireless.artic.edu

If you continue to have issues connecting to wireless.artic.edu please contact the CRIT Help Desk for assistance.
