Security Report

1. Emergency Information

IN CASE OF AN EMERGENCY

Please **immediately** report significant emergencies or dangerous situations that pose an immediate threat to the health and safety of the SAIC community to the Chicago Police Department and Campus Security. To report an emergency on campus you should:

- **Call 911** and then:
- Press the emergency button on those phones in SAIC buildings that have an orange sticker with the word **“EMERGENCY”** on it next to the button or call Campus Security at (312) 899-1230.

Telephone Emergency Button

Most in-house phones in each SAIC building have an emergency button that automatically rings the emergency phone at the Security Desk when pressed. Security is staffed 24 hours every day of the fall and spring semester, calls go to an Officer at all times.

After calling 911, we encourage our staff and students to contact Campus Security. Campus Security can then assist emergency responders by providing directions and/or guidance in reaching the desired location as quickly as possible.

HOW TO RECEIVE INFORMATION IN AN EMERGENCY

- SAIC has contracted with Rave Campus Messenger to provide services to the school community via cell phone text messages, voice messages and/or email. The **SAIC Emergency Messaging System** is available to all students, faculty, and staff of SAIC. An immediate SMS text alert will be sent in case of a serious crime in progress, a weather emergency, or other urgent situation. All students and employees who provide a contact phone number are registered for this service. The email address provided by SAIC is automatically enrolled to receive alerts. Individuals may choose to opt out of receiving text messages when prompted by the opt-out text message sent at the beginning of the fall and spring semesters. Individuals can also log in at the following links to update their information:

- o **Students:** Go to saic.edu/students, select “Self-Service” and log into Peoplesoft Self-Service. Select “Profile,” then “Contact Details.”

- o **Employees:** Go to [UKG](#) and follow the instructions on page six of this [UKG Employee User Guide](#).

- Emergency notifications may also be announced via the internal public address systems in each building.
- Check the Emergency Information link on the SAIC homepage (<https://www.saic.edu/life-at-saic/campus-security/how-respond-emergency/#saic>).
- Watch your SAIC email account for Timely Warnings and/or Emergency Notifications.

HOW TO RESPOND IN AN EMERGENCY

If Campus Security becomes aware of an emergency the **SAIC Emergency Messaging System** will be activated to notify the SAIC community regarding the emergency. As additional information regarding an emergency becomes available this same system will be used for disseminating updates.

EVACUATION

An evacuation is implemented under conditions when it is no longer safe to remain in a building or a specific area in a building. This requires occupants to move out and away from a building to an area of refuge or out and away from a specific area within a building. This procedure is most commonly used when there is a suspected fire, hazardous material spill, flooding, gas leak, or bomb or other threat in a building.

If you identify a fire, follow these procedures:

- Notify occupants and help those needing assistance in the immediate area
- Activate the nearest fire alarm pull station
- Confine the fire by closing doors as you exit
- Evacuate the building at the nearest exit and call 911 and Campus Security (**312.899.1230** or push the EMERGENCY button on any in-house phone)
- **DO NOT**, under any circumstances, enter the building until authorized to do so by emergency personnel

If you hear a fire alarm, follow these procedures:

- Use the stairs to exit the building at the closest exit (if clear of danger). Do not use the elevator.
- Close the doors as you exit.
- Remain calm, do not panic, and proceed calmly to the exterior, assisting others whenever possible.
- Proceed to the assembly area or area of rescue assistance.
- Follow directions from Campus Security and other emergency responders and inform them of any known missing or injured persons.
- Do not re-enter the building until the "All Clear" signal is issued when it is safe to enter the building.
- Evacuation maps showing routes and exits are posted in each elevator lobby.
- Faculty, staff and students should know at least two evacuation routes.

If a building must be evacuated for other reasons, IRFM and Campus Security will coordinate the evacuations by giving directions about the emergency and next steps.

LOCKDOWN

Lockdown procedures will be used when an external threat requires all outside doors to be locked immediately. The goal is to contain people in the buildings they are in until the threat is removed. In the event of a lockdown, listen for instructions from SAIC communication systems.

Faculty, students and staff should:

- Close and lock all external doors and windows
- Close window shades, blinds, or drapes
- Follow directions of Campus Security and other emergency responders
- Inform responders of any known missing persons
- Remain with your group until the "All Clear" has been received from Campus Security or other emergency responders
- If an intruder is heard or seen, call Campus Security as soon as safely possible
- Remain calm and keep everyone together
- Do not activate the fire alarm. Once in a lockdown, if the fire alarms sound, do not exit your safe area unless there is obvious danger from smoke and/or fire in your location. The hostile intruder(s) may use the alarms in order to increase the number of victims
- Refer to the Campus Emergency Operations Plan – Annex F for additional procedures

SHELTER-IN-PLACE – ENVIRONMENTAL

An environmental shelter-in-place is a procedure where the entire building population is moved to a single or multiple location(s) in a building. This is most commonly used during weather emergencies or when an extremely hazardous substance is released into the outside atmosphere.

Procedures

- Listen for instructions from SAIC's emergency communication system.
- Stay inside your building, or immediately go into the nearest building. Take protective covering in a restroom without windows or interior corridor. Avoid lobbies, atriums, rooms with windows, and auditoriums.
- Close all windows.
- Immediately go to an area inside the building, away from exterior walls and windows.
- Await further instructions from emergency personnel.
- DO NOT evacuate the building until you receive an "All Clear" from emergency personnel.

SHELTER-IN-PLACE – ACTIVE ASSAILANT

An active assailant is an individual actively engaged in killing or attempting to kill people. In most cases, active assailants use firearms, and there is no pattern or method to their selection of victims. Active assailant situations are unpredictable and evolve quickly. The strategy is to decrease vulnerability if you cannot move from your current location or move to a place of safe harbor.

Procedures

- If possible, exit the building immediately and call 911 and Campus Security (312.899.1230).
- IF YOU CANNOT EXIT: Clear the hallway immediately; remain behind closed doors in a locked or barricaded room; stay away from all windows; remain calm; and QUIETLY call 911 and Campus Security (312.899.1230).
- Close all doors and windows, shades, blinds, and drapes.
- Lock and barricade your door and take cover in your current location. Stay low, remain quiet and attempt to place solid objects between you and the area of the threat.
- Shutdown all computers and office equipment that may be done so in a quick manner
- Report your presence to Campus Security if it is safe to do.
- DO NOT: Leave or unlock the door to see what is happening.
- DO NOT: Attempt to confront or apprehend the shooter, UNLESS THIS IS A LAST RESORT.
- DO NOT: Assume someone else has called Campus Security, YOU make the call.
- Evacuate the room only when emergency personnel have arrived and given the "All Clear".
- Organize assistance to those individuals with disabilities.

2. Policies for Reporting Crimes and Emergencies

It is the policy of the School of the Art Institute of Chicago to encourage community members, students, faculty, staff, and guests to accurately and promptly report all emergencies and crimes to Campus Security and the Chicago Police Department. Campus Security will assist with filing a report when the victim of such crime elects to, or is unable to make such a report.

IN CASE OF AN EMERGENCY

Please **immediately** report significant emergencies or dangerous situations that pose an immediate threat to the health and safety of the SAIC community to the Chicago Police Department and Campus Security. To report an emergency on campus you should:

- **Call 911** and then:
- Press the emergency button on those phones in SAIC buildings that have an orange sticker with the word "**EMERGENCY**" on it next to the button or call Campus Security at (312) 899-1230.

- **Telephone Emergency Button**

Most in-house phones in each SAIC building have an emergency button that automatically rings the emergency phone at the Security Desk when pressed. Security Desks are staffed 24 hours every day of the fall and spring semester.

After calling 911, we encourage our staff and students to contact Campus Security. Campus Security can then assist emergency responders by providing directions and/or guidance in reaching the desired location as quickly as possible.

Inadvertent Calls to 911

Occasionally, a person may inadvertently dial 911. If this happens, do not hang up as this will result in expenditure of valuable resources as the 911 Call Center attempts to determine if there is an emergency. Instead, please do the following:

- **STAY ON THE LINE. DO NOT HANG UP.**
- When the call is answered by the 911-Call Center, state that this is not an emergency.
- Inform them you are calling from The Art Institute of Chicago or The School of the Art Institute of Chicago and that the wrong number was dialed.
- Contact Campus Security to inform them that this was not an emergency.

REPORTING CRIMES IN NON-EMERGENCY SITUATIONS

Please report crimes to Campus Security and the Chicago Police Department as soon as possible. To report a crime that has occurred on campus, but does not present an emergency situation, contact Campus Security at (312) 899-1230 and the Chicago Police Department at 311. If you would like, Campus Security can provide assistance in reporting crimes to the Chicago Police Department.

In addition, you may report a crime to the following SAIC staff:

Vice President, Dean of Student Affairs
Dean, Student Life
Associate Dean of Student Affairs, Residence Life
Vice President, Operations & Facilities

Additional information about making reports and resources are set out in the Policy Prohibiting Sexual Assault, Domestic Violence, Dating Violence and Stalking reprinted in Section 20 of this Report.

SAIC does not have a general policy for voluntary, confidential reporting of crime statistics for inclusion in the disclosure of crime statistics in the Annual Security and Fire Safety Report.

3. Contacting Security for Non-Emergencies

To report a non-emergency security related matter, call Campus Security at one of the following extensions depending upon the building you are in:

37 S. Wabash (Sharp Building)	(312) 899-1210

Campus Security incident reports are forwarded to the appropriate department for review and potential action. Campus Security will investigate a report when it is deemed appropriate.

4. Timely Warning and Emergency Notification

Campus Security is responsible for issuing (1) Timely Warnings and (2) Emergency Notifications. As explained more fully below, Emergency Notifications differ from Timely Warnings in that Timely Warnings issue only for crimes reportable under the Clery Act, while Emergency Notifications address a much wider range of threats (i.e., gas leaks, tornadoes, structural damage to a building, etc.).

TIMELY WARNINGS

Campus Security will, in a timely manner, warn the campus community of any ongoing or continuing threat to students and employees which arise from a crime listed below and occur on campus, in or on a non-campus building that is owned or controlled by SAIC, or on public property that is immediately adjacent to the campus.

Aggravated Assault	Motor Vehicle Theft
Arson	Robbery
Burglary	Sexual Assault
Murder/Non-Negligent Manslaughter	Stalking
Manslaughter by Negligence	Weapons: Carrying, Possessing, Etc.
Dating Violence	Larceny-Theft (if a hate crime)
Domestic Violence	Simple Assault (if a hate crime)
Drug Law Violations	Intimidation (if a hate crime)
Liquor Law Violations	Destruction/Damage/Vandalism of Property (if a hate crime)
Any Crime Involving Bodily Injury (if a hate crime)	

The warning will be issued via one or more of the following methods: cell phone text messages, voice messages to cell and landline phones, and/or saic.edu email accounts to students, faculty, and staff and/or, if appropriate, by postings in affected buildings. In addition, the Campus Security Department may post a notice on the SAIC website (<https://www.saic.edu/life-at-saic/campus-security/how-respond-emergency/#saic>).

The warning will briefly describe what happened, when and where it occurred. The name(s) of any victim(s) will be withheld as confidential. A description of the offender may be included if the victim's description of the offender is sufficiently detailed.

SAIC is not required to provide a timely warning with respect to crimes reported to a professional counselor.

Campus Security will determine whether to issue a Timely Warning. The following individuals are responsible for disseminating Timely Warnings via the SAIC Emergency Messaging System:

Executive Director of Campus Security
Associate Director of Campus Security
Campus Security Managers

EMERGENCY NOTIFICATIONS

Emergency Notifications involve situations where there is an immediate threat to the health or safety of students or employees occurring on campus. The types of incidents that may cause an immediate threat to the SAIC community include, but are not limited to:

Active Assailant	Structural Damage to an SAIC Facility
Hostage/Barricade situation	Biological Threat
Riot	Significant Flooding
Suspicious Package with Confirmation of a Device	Gas Leak
Tornado	Hazardous Materials
Fire/Explosion	etc.

Suspicious Death

SAIC will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. SAIC will issue Emergency Notifications via one or more of the following methods: cell phone text messages, voice messages to cell and/or landline phones, saic.edu email accounts and/or the internal public address systems in each building to appropriate segments of students and/or employees. In addition, Campus Security may post a notice on the SAIC website (<https://www.saic.edu/life-at-saic/campus-security/how-respond-emergency/#saic>).

If an Emergency Notification is issued there will not be a Timely Warning issued based on the same circumstances; however, follow-up information will be provided to the community as needed using some or all of the methods used to issue the original notification.

REPORTING AN EMERGENCY

Emergencies can be reported as described in Section 2: Policies for Reporting Crimes and Emergencies.

Process for Confirmation and Notification of a Significant Emergency or Dangerous Situation

The Emergency notification capabilities of SAIC include the SAIC Emergency Messaging System, building public address systems, the SAIC website, social media, and public media. It involves developing, coordinating, and disseminating information to our community effectively under all hazard conditions. SAIC will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The three steps used to assess and develop emergency communications are listed below.

Step 1: Critical Incident Assessment

- **Gather facts/Assess the Situation:** Campus Security personnel will provide situational awareness to the Executive Director of Campus Security and/or Associate Director for Campus Security. Once the Executive Director and/or Associate Director for Campus Security confirm that an emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus exists, the Executive Director and/or Associate Director for Campus Security will determine the appropriate segment or segments of the campus community to receive a notification as well as the content of the notification

Step 2: Incident/Protective Action Communications

- **Activate the Emergency Messaging System:** Once the decision is made to disseminate an emergency notification Campus Security will initiate and activate the SAIC Emergency Messaging System. The following individuals are responsible for activating the SAIC Emergency Messaging System:

Executive Director of Campus Security
Associate Director of Campus Security
Campus Security Managers

Additional methods of notification may utilize building public address/voice annunciation systems, electronic bulletin boards, the SAIC Website Home Page and the public media. Updates and information to the larger community will be coordinated via the SAIC Communications Office.

- **Activate the CEOC:** If the Executive Director and/or Associate Director for Campus Security determine that the emergency reaches such proportions that it requires a closely coordinated effort on the part of leading campus officials the Campus Emergency Operations Center team (CEOC) will be activated. The CEOC serves as a centralized management center for emergency operations.

Step 3: Evaluate Incident Response

- **Monitor Media coverage:** The CEOC, and any other assigned School officials, will monitor local media coverage to ensure accurate information is being communicated and determine if any further action is needed.

INCIDENT ASSESSMENT TEAM

The Incident Assessment Team (IAT) is composed of professionals from departments across campus who review conduct that could precede or follow a violent event. IAT conducts threat assessments, addresses concerning, dangerous, or threatening behavior on campus, and provides guidance and best practices for preventing violence. IAT has access to a range of support services for students, faculty, and staff members that includes mental health services, crisis management, and comprehensive services for those affected, whether provided on campus or by accessing available community resources.

SAIC faculty, staff, and students are strongly encouraged to report concerning, violent, potentially violent, or threatening behavior, in a timely manner to Campus Security at the numbers listed on the front of this report. In an emergency, contact the Campus Security 24-hour emergency number at 312-899-1230.

5. Emergency Response and Evacuation Procedures

SAIC Campus Security has received training in Incident Command and the National Incident Management System. When a serious incident occurs that causes an immediate threat to the campus, first responders to the scene may include SAIC Campus Security, the Chicago Police Department (CPD) or the Chicago Fire Department (CFD). SAIC Campus Security will address situations appropriate to our authority and training. SAIC Campus Security will assist CPD, CFD and other emergency responders in addressing situations that require this level of response.

Members of the SAIC community and visitors are encouraged to **immediately** report significant emergencies or dangerous situations that pose an immediate or ongoing threat to the health and safety of the SAIC community to the Chicago Police Department and Campus Security. Members of the SAIC community and visitors are encouraged to observe the following procedures (also outlined in Section 1: Emergency Information – How to Respond in an Emergency) during emergencies that may occur on campus.

EVACUATION

An evacuation is implemented under conditions when it is no longer safe to remain in a building or a specific area in a building. This requires occupants to move out and away from a building to an area of refuge or out and away from a specific area within a building. This procedure is most commonly used when there is a suspected fire, hazardous material spill, flooding, gas leak, or bomb or other threat in a building.

If you identify a fire, follow these procedures:

- Notify occupants and help those needing assistance in the immediate area
- Activate the nearest fire alarm pull station
- Confine the fire by closing doors as you exit.
- Evacuate the building at the nearest exit and call 911 and Campus Security (**312.899.1230** or push the EMERGENCY button on any in-house phone).
- **DO NOT**, under any circumstances, enter the building until authorized to do so by emergency personnel.

If you hear a fire alarm, follow these procedures:

- Use the stairs to exit the building at the closest exit (if clear of danger). Do not use the elevator.
- Close the doors as you exit.
- Remain calm, do not panic, and proceed calmly to the exterior, assisting others whenever possible.
- Proceed to the assembly area or area of rescue assistance.
- Follow directions from Campus Security and other emergency responders and inform them of any known missing or injured persons.
- Do not re-enter the building until the "All Clear" signal is issued when it is safe to enter the building.
- Evacuation maps showing routes and exits are posted in each elevator lobby.
- Faculty, staff and students should know at least two evacuation routes.

If a building must be evacuated for other reasons, IRFM and Campus Security will coordinate the evacuations by giving directions about the emergency and next steps.

LOCKDOWN

Lockdown procedures will be used when an external threat requires all outside doors to be locked immediately. The goal is to contain people in the buildings they are in until the threat is removed. In the event of a lockdown, listen for instructions from SAIC communication systems.

Faculty, students and staff should

- Close and lock all external doors and windows.
- Close window shades, blinds, or drapes.
- Follow directions of Campus Security and other emergency responders.
- Inform responders of any known missing persons.
- Remain with your group until the "All Clear" has been received from Campus Security or other emergency responders.
- If an intruder is heard or seen, call Campus Security as soon as safely possible.
- Remain calm and keep everyone together.
- Do not activate the fire alarm. Once in a lockdown, if the fire alarms sound, do not exit your safe area unless there is obvious danger from smoke and/or fire in your location. The hostile intruder(s) may use the alarms in order to increase the number of victims.
- Refer to the Campus Emergency Operations Plan – Annex F for additional procedures.

SHELTER-IN-PLACE – ENVIRONMENTAL

An environmental shelter-in-place is a procedure where the entire building population is moved to a single or multiple location(s) in a building. This is most commonly used during weather emergencies or when an extremely hazardous substance is released into the outside atmosphere.

Procedures

- Listen for instructions from SAIC's emergency communication system.
- Stay inside your building, or immediately go into the nearest building. Take protective covering in a restroom without windows or interior corridor. Avoid lobbies, atriums, rooms with windows, and auditoriums.
- Close all windows.
- Immediately go to an area inside the building, away from exterior walls and windows.
- Await further instructions from emergency personnel.
- DO NOT evacuate the building until you receive an "All Clear" from emergency personnel.

SHELTER-IN-PLACE – ACTIVE ASSAILANT

An active assailant is an individual actively engaged in killing or attempting to kill people. In most cases, active assailants use firearms, and there is no pattern or method to their selection of victims. Active assailant situations are unpredictable and evolve quickly. The strategy is to decrease vulnerability if you cannot move from your current location or move to a place of safe harbor.

Procedures

- If possible, exit the building immediately and call 911 and Campus Security (312.899.1230).
- IF YOU CANNOT EXIT: Clear the hallway immediately; remain behind closed doors in a locked or barricaded room; stay away from all windows; remain calm; and QUIETLY call 911 and Campus Security (312.899.1230).
- Close all doors and windows, shades, binds, and drapes.
- Lock and barricade your door and take cover in your current location. Stay low, remain quiet and attempt to place solid objects between you and the area of the threat.
- Shutdown all computers and office equipment that may be done so in a quick manner
- Report your presence to Campus Security if it is safe to do.
- DO NOT: Leave or unlock the door to see what is happening.
- DO NOT: Attempt to confront or apprehend the shooter, UNLESS THIS IS A LAST RESORT.
- DO NOT: Assume someone else has called Campus Security, YOU make the call.
- Evacuate the room only when emergency personnel have arrived and given the "All Clear".
- Organize assistance to those individuals with disabilities.

The preceding information on emergency response and evacuation procedures for SAIC is publicized each year as part of the institution's Clery Act compliance efforts and is also available on the SAIC website (<https://www.saic.edu/life-at-saic/campus-security/how-respond-emergency/#saic>). In addition, information regarding SAIC Emergency Communications can be found in this report under Section 1: Emergency Information and Section 4: Timely Warnings and Emergency Notifications.

TESTING THE EMERGENCY RESPONSE AND EVACUATION PROCEDURES

SAIC Emergency Messaging System

SAIC tests aspects of its emergency response and evacuation procedures at various times throughout the year. The emergency notification system is tested twice yearly in pre-announced trials. An email notice is distributed before each test which includes instructions on what to expect and how to respond. In addition, SAIC conducts several emergency response exercises each year, such as tabletop exercises, and drills. These are designed to assess and evaluate the emergency plans and capabilities of the institution.

Evacuation Drills

A fire evacuation drill is coordinated by Campus Security each fall and spring semester for all facilities, including residential facilities, on campus. Each drill is documented with a description of the exercise, the date, time, and whether it was announced or unannounced. Thus, the fire emergency response and evacuation procedures are assessed and evaluated twice each year. Residential students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Designated locations for long-term evacuations are affected by the circumstances particular to the evacuation. In both cases, Campus Security, Engineering and Residence Life staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At SAIC, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the school an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the Campus Security, Engineering, and Residence Life Departments as well as being observed by representatives from the Chicago Fire Department, when available, to evaluate egress and behavioral patterns. Deficient equipment is repaired immediately. Recommendations for improvements are submitted to the appropriate departments for consideration.

Resident students receive information about evacuation procedures during their initial floor meetings and as appropriate throughout the year. These procedures are reviewed with Residence Life Staff members who act as an on-going resource for the students living in residential facilities.

Shelter-in-Place Drills – Active Assailant

A shelter-in-place drill is coordinated by Campus Security each year for all facilities, including residential facilities, on campus. Each drill is documented with a description of the exercise, the date, time, and whether it was announced or unannounced. Thus, the shelter-in-place procedures are assessed and evaluated each year. Campus Security and IRFM staff tour the facilities to monitor compliance and document issues.

The purpose of shelter-in-place drills is to prepare building occupants in case of an emergency involving an active assailant. At SAIC, shelter-in-place drills are used as a way to educate and train occupants on how to effectively shelter-in-place. In addition to educating the occupants of each building about shelter-in-place procedures during the drills, the process also provides the school an opportunity to test the operation of building public address system components and the emergency messaging system.

Deficient equipment is repaired immediately. Recommendations for improvement are submitted to the appropriate departments for consideration.

6. Missing Student Policy

In compliance with the Missing Student Notification Policy and Procedures in the Higher Education Opportunity Act of 2008, SAIC has developed this policy to respond to reports of missing students who live in SAIC Residence Halls. SAIC takes reports of missing students seriously. If a student suspects another student is missing, they should immediately notify Campus Security.

Campus Security (Emergency)

24 Hour Number

(312) 899-1230

Campus Security, working with the Office of Student Affairs staff, will investigate any report of a missing student. We encourage all students to identify an emergency contact and update their information online in Self-Service.

For students who reside in SAIC Residence Halls:

Residents have the option to identify a confidential contact that will be notified within 24 hours if the student is determined to be missing by SAIC Campus Security by contacting the Residence Life office at 312.629.6870.

If Campus Security determines a student who resides in an SAIC residence hall is missing, SAIC staff will notify the following persons within 24 hours of that determination:

- student's confidential contact (Dean of Students)
- parents of any student under 18 years of age (who is not emancipated – Dean of Students)
- Chicago Police Department (unless CPD made the determination of missing – Campus Security)
- appropriate individuals on campus. (Dean of Students and Campus Security)

Please contact Campus Security at (312) 629-9177 or the Office of Student Affairs at (312) 629-6800 if you have questions about this policy. Contact information will be accessible only to authorized campus officials.

7. Policy for Reporting the Annual Disclosure of Crime Statistics

It is the policy of the School of the Art Institute of Chicago that Campus Security prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at https://www.saic.edu/sites/default/files/security_fire_safety_report.pdf. The report is prepared with assistance from the Chicago Police Department. In addition, the Office of Student Affairs provides updated information on their educational efforts and programs to comply with the Act.

The report contains information regarding campus security and personal safety including topics such as: crime prevention, fire safety, crime reporting policies, disciplinary procedures and other matters of importance related to security and safety on campus. It also contains information about crime statistics for the three previous calendar years concerning reported crimes covered by the Clery Act that occurred on campus; in any off-campus buildings or property owned or controlled by SAIC; and on public property within, or immediately adjacent to and accessible from the campus. Crimes, arrests, and referral statistics reported to the SAIC Campus Security Department, designated campus officials (identified in Section 2: Policies for Reporting Emergencies and Crimes), Campus Security Authorities (identified in Section 8: Campus Security Authorities) and the Chicago Police Department are included in our annual crime statistics report.

Each year, an e-mail notification is made to all enrolled students and current employees that provides the website to access the Annual Security & Fire Safety Report. Prospective staff are informed about the availability of the report when they click on the link for "Job Openings" (<https://hrweb.artic.edu/recruit/applyjob.html>) on the Art Institute of Chicago employment website. Prospective students receive an email notification articulating how and where to obtain a copy of the report which includes a link to the report online.

Copies of the report may also be obtained at the Campus Security office at 312-629-9177 or by emailing Campus Security at campussecurity@saic.edu.

8. Campus Security Authorities

The federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires "Campus Security Authorities" to report campus crime statistics to the Department of Education on an annual basis. At SAIC, Campus Security gathers and compiles the statistical information from Campus Security Authorities.

"Campus Security Authorities," as specified by the Clery Act, include security officers; deans (or other senior student administrative personnel); residence hall staff; and advisors to student clubs and organizations; and other campus officials who have "significant responsibility for student and campus activities," such as, but not limited to, student housing, student conduct procedures. *Professional counselors are exempt from the reporting requirement while working within the scope of a license or certification.*

For purposes of making timely warning reports and the annual statistical disclosure for SAIC's Annual Security Report, the Campus Security Authorities at SAIC include, but are not limited to, the following: staff in the following departments.

9. Security of and Access to Campus Facilities

BUILDING ACCESS

It is the policy of the School of the Art Institute of Chicago that an SAIC ID card is needed to gain building access at all hours and in all buildings, except for the SAIC Admissions and Registration offices. Students and employees are required to scan their SAIC ID card every time they enter an SAIC facility to confirm their status as a current student or employee at the SAIC security desk. Employees and students who temporarily misplace their SAIC ID cards must obtain a temporary ID label at the security desk before entering the buildings. These temporary ID labels must be scanned upon entering the buildings in the same manner that regular SAIC ID cards are scanned. Employees and students are expected to replace lost SAIC ID cards in the ARTICard Office.

All visitors and contractors entering the buildings must present an official state ID card at the security desk and receive a visitor or contractor ID label. In general, visitors and contractors must scan their ID labels to enter the premises and return their ID labels upon leaving the buildings for the day; an exception is made for visitors on SAIC guided tours who may enter and exit buildings with their SAIC tour guide.

Persons without an SAIC ID card or ID label who enter the facilities without authorization may be written up on an incident report to face disciplinary action and/or be arrested for trespass as appropriate.

OVERNIGHT ACCESS

Overnight access is available in the academic buildings from 11:00 pm until 7:00 am at times determined in conjunction with the Provost during the fall and spring semesters. Students needing access to specific facilities overnight must be authorized through their department before access can be obtained. We ask that everyone sign in for an overnight pass so that security and emergency responders can quickly assist anyone who may fall ill during the overnight hours or in the event of a life-threatening emergency. Students do not require departmental authorization for overnight access to the General Access Lab (MacLean 901) or the Neiman Center 2nd floor (Sharp 203-204). Visitors may not be on premises during overnight access. Students are advised that it may be dangerous to leave the building late at night and should consider using SAIC's SafeRide service.

There is no overnight access during the summer and winter terms. Everyone must leave the building by 10:00pm.

SAIC SafeRide SERVICE

SafeRide is a ride-sharing service provided by SAIC to current SAIC students, faculty and staff as a safe and free alternative to walking alone after dark. The service is offered for enhanced student safety and is not intended to be used as a taxi service. SafeRide is available from 8:00 pm to 4:00 am, seven days a week during the academic year when classes are in session.

Using the TransLoc app is the fastest way to get a ride. See our How-To Guide for more information on how to download the App (https://sites.saic.edu/saferide/wp-content/uploads/sites/99/2019/10/UserGuide_October2019.pdf).

If you don't have a smartphone, you can request a ride via a computer by visiting the TransLoc website (<https://login.transloc.com/login/?next=http%3A%2F%2Flogin.transloc.com%2F>). You may also visit a security desk or call 312-516-5300 to have a ride dispatched to you while on campus. The dispatcher will ask you for your name, SAIC ID, SAIC location, and destination. When you request a ride in person, you will not receive updates on your ride and will need to wait in the building lobby for it to arrive.

SafeRide reserves the right to reduce or suspend operations during inclement weather or during other circumstances that may place our drivers, and passengers at risk. The SafeRide service will only pickup and drop-off at predefined locations: <https://sites.saic.edu/saferide/coverage-area/>

AUTHORIZED GUESTS AND VISITORS

A visitor is any individual who is not a currently enrolled student in good standing or active employee for SAIC.

Visitors to Academic Buildings

Visitors must be escorted by an SAIC employee or student host at all times. Hosts are responsible for the conduct of their visitors SAIC employees may sign in up to three visitors at any one time for any academic buildings.

Prospective Students and Their Families/Guests

Prospective students and their families/guests may tour SAIC's campus and facilities as part of an official, approved visit provided that they are escorted while on campus. Tour groups may include people from more than one family but not more than 10 visitors in total. Departments scheduling tours must collect and retain clear records and contact information of all tour participants should contact tracing prove necessary.

Residence Hall Visitors

Residents may have visitors in the residence halls according to the policies and regulations established by Residence Life. As part of these policies, the School requires that all visitors/guests of students/residents remain in the company of their host while in the residence halls.

Visitors must be checked out of the residence halls when they leave. Residents should escort their visitor to the security desk and notify the security officer of their departure.

All visitors must follow SAIC policies, including wearing a mask the entire time they're in the building and honoring room occupancy limits.

The School requires that all visitors of residents remain in the company of their host while on premises.

BUILDING CLOSURES

All School facilities, with the exception of the Jones Hall, Buckingham and 162 Building Residences, are closed on Thanksgiving and during the Winter Holiday Break (December 24th thru January 1st, approx.). The Jones Hall, Buckingham and 162 Building Residences are open to each building's residents 24 hours every day including Thanksgiving and the Winter Holiday Break.

Security Considerations Used in the Maintenance of Campus Facilities

Both Campus Security and Facilities Management patrol and inspect all on-campus facilities for security and safety issues, except The Buckingham Chicago where we lease limited space. Campus Security completes incident and engineer reports for identified issues and immediately notifies engineering and maintenance staff of malfunctioning equipment or other unsafe conditions that they observe on patrol or that are reported to the Security Desks.

10. Policies Concerning Campus Law Enforcement Authority

Campus Security has contracted with Allied Universal Security to provide a staff of non-sworn, non-commissioned security officers. Campus Security Officers do not have arrest powers. Campus Security Officers have the authority to enforce school policies which include requesting identification to determine whether individuals have lawful business at SAIC. The patrol boundaries of Campus Security include the interiors of each on-campus school building, except for The Buckingham Chicago Residences. Campus Security also provides SafeRide or walking escorts between on-campus school buildings during overnight hours. Criminal incidents may be referred to the Chicago Police Department, within whose jurisdiction our campus resides. When necessary, Campus Security will work with the Chicago Police Department to investigate a crime occurring on campus. Campus Security maintains a close working relationship with the Chicago Police Department. Meetings are held with representatives from the FBI, the Office of Emergency Management and Communications for the City of Chicago, the Department of Homeland Security, and the Security and Public Safety Departments of local institutions of higher education on a formal and informal basis. There is no written memorandum of understanding between SAIC and the Chicago Police Department.

For SAIC's policy on reporting crimes, see Section 2: Policies for Reporting Crimes and Emergencies. For SAIC's policy regarding counselors, see Section 7: Policy for Reporting Annual Disclosure of Crime Statistics, heading "Counselors."

11. Types and Frequency of Security Programs

At the beginning of each academic year, incoming students and Resident Advisors are informed about security & campus safety procedures and practices. This generally takes place during orientation sessions in August and September and has included presentations by security management and/or law enforcement officers. Slide and video presentations outline ways to maintain personal safety and security and staying safe in the city. Students are told about crime on campus as well as in the city. They are also told about the security resources available, including a description of the security protocols and reporting procedures. A presentation is provided to new employees each month on security in the workplace. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the university community through Timely Warnings and/or Emergency Notifications. See Section 4: Timely Warning and Emergency Notification. Our security escort program

employs a SafeRide van service staffed by Campus Security Officers to transport students between SAIC buildings and certain public transportation stops upon request between the hours 9:00 pm and 5:00 am during the fall and spring semesters. Campus Security officers provide escorts on foot between School buildings between these same hours during the winter and summer terms. Students who have concerns for their safety outside of these hours are encouraged to notify Campus Security by asking to speak to a Campus Security Manager via the security officer at the desk in their building.

12. Programs to Inform About Crime Prevention

Crime Prevention Programs on personal safety and theft prevention are sponsored by Campus Security, Student Affairs and Human Resources for the benefit of students, parents, and new employees, providing strategies and tips on how to protect oneself from robbery, assault, theft and other crimes. Programs used to inform students and employees concerning the prevention of crime, security procedures and practices, and encourage the SAIC community to be responsible for their own security and the security of others include:

January 2024

New Student Orientation - Campus Security presented Staying Safe in the City. This program discusses what you can do to protect yourself from falling victim to crime as well as who to contact and what to do should you feel unsafe.

August 2024

During Resident Advisor training, Campus Security participated in a lunch meet and greet with the RAs.

August 2024

At the Resource and Vendor Fair, Campus Security provided information on using security and the police as resources to avoid being the victim of crime.

August 2024

New Student Orientation - Campus Security presented Staying Safe in the City. This program discusses what you can do to protect yourself from falling victim to crime as well as who to contact and what to do should you feel unsafe.

June, July, and August 2024

During the Early College Program Summer Institute New Student Orientation, Campus Security presented "Street Smarts and Street Safety".

First Tuesday of Each Month - Ongoing

Campus Security gives a slide presentation on security in the workplace and responding to the threat of an active assailant to new staff in the school and museum.

Campus Security Alerts provide notice to the campus community of serious incidents of crime or situations that pose an immediate threat to our community. Campus Security alerts are distributed through text messages, voice messages, and/or email. Campus Security alerts may also be distributed through the internal public address systems in each building or via postings within the buildings. The alerts are intended to inform students, faculty, and staff of potential dangers. When issued, a Campus Security alert will provide a brief summary of the incident, when and where it occurred, and a description of the offender or suspect, if applicable.

13. Policies on Monitoring Crimes by Students at Non-Campus Sites Controlled by Recognized Student Organizations

None of SAIC's officially recognized student organizations owns or controls property.

14. Hazing Policy

The School of the Art Institute of Chicago (SAIC) prohibits hazing. Hazing is a crime in Illinois and is prohibited under federal law.

Under state law, a person commits the crime of hazing when they knowingly require a student or other person at SAIC to perform any act, on or off SAIC property, for the purpose of induction, admission, or membership into any group, team, organization, or society associated with or connected to SAIC if the act is not sanctioned or authorized by the University and results in harm to any person or could reasonably be foreseen to result in such harm. A person's willingness to participate in an act of hazing does not justify or excuse the act, or fall outside of this policy.

Under the federal Stop Campus Hazing Act (2024), institutions like SAIC that participate in Title IV federal funding programs, are required to prohibit hazing, and to collect and report data on hazing incidents annually. This law defines hazing as any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons regardless of the willingness of the other person or persons to participate, that: (a) is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and (b) causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury, including by:

- whipping, beating, striking, electronic shocking, placing of a harmful substance on someone's body, or similar activity;
- causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
- causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;
- causing, coercing, or otherwise inducing another person to perform sexual acts;
- any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct;
- any activity against another person that includes a criminal violation of local, State, Tribal, or Federal law; or
- any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, State, Tribal, or Federal law.

For purposes of this policy, "student organization" means an organization at SAIC (such as a club, society, association, student government, or other similar group) in which two or more of the members are students enrolled at SAIC, whether or not the organization is established or recognized by SAIC.

Any student or group that engages in hazing will be subject to the applicable student conduct policies and procedures. An employee who engages in hazing is subject to the applicable employee or academic personnel policies and procedures. In addition, because hazing is a crime, the State's Attorney may bring criminal charges against any person responsible for hazing.

Individuals who have experienced, witnessed, or otherwise have knowledge of hazing should promptly report the matter to Campus Security or Student Affairs.

15. Alcohol Policy

SAIC respects students' autonomy and assumes that, as adults, they will behave responsibly and follow all applicable laws. However, when violations of state and local laws and/or the SAIC Alcohol Policy come to the attention of SAIC officials, sanctions may be imposed, up to and including expulsion from SAIC. The following actions are considered a violation of the School's Rules of Conduct:

- Use, possession, or manufacturing of alcoholic beverages by any person under the legal drinking age, which in the United States is twenty-one (21) years of age;
- Providing or distributing alcohol to individuals under the age of 21;
- Possession of open containers of alcohol, regardless of age, on SAIC property including, but not limited to, classrooms, studios, and academic buildings. Guidelines for alcohol use at approved functions and in private spaces in the residence halls are found below;
- Severe intoxication resulting in concern for the student's well-being or disruptive behaviors regardless of age.

ALCOHOL IN THE RESIDENCE HALLS

In addition to the policies outlined above, residents, students, and guests/visitors within the residence halls must adhere to the following additional policies regarding alcohol consumption:

- Open containers of alcohol are not permitted in any public/common areas of the residence hall, regardless of age.
- Students who are under the age of 21 may not be present in a room where alcohol is being possessed or consumed, except when all of the following conditions are met:
 - The student is in their assigned residence hall room.
 - Their roommate is 21 years of age or older.
 - No other person present in the room is under the age of 21.
- Students who are over the age of 21 years of age or older may consume alcohol in the residence hall when:
 - All persons present in the room are 21 years of age or older.
 - All persons present in the room are 21 years of age or older except in cases when the assigned roommate is under 21 years old. In these cases, it must be clear that the alcohol is being possessed or consumed only by those 21 years old or older.
- Multi-quart containers (kegs, etc.) are not allowed in the residence halls.
- Guests and visitors may not consume or possess alcohol if their host (resident) is under the age of 21.

Violations of any portion of the Alcohol Policy may result in disciplinary action. All alcohol will be disposed of by Campus Security (even if the residents are 21 years of age or older) when a violation of the Alcohol Policy occurs.

ALCOHOL AT FUNCTIONS APPROVED BY SAIC

For reasons that relate to regulations governing SAIC's license to sell alcohol, its liability insurance coverage, and the fact that its academic program involves students, the majority of whom are under the legal drinking age, it is SAIC's general policy that alcohol is not served at student events. From time to time, however, SAIC may authorize an exception to this general policy. See the Events Policy in the Student Handbook for more information.

The following are the rules and procedures governing the possession, use, and/or consumption of alcohol at functions approved by SAIC:

- Signs must be posted stating the prohibition against serving alcohol to anyone under 21 years of age.
- Contracted bartenders, Campus Security or other officials may examine the student's ID card and other applicable identification to determine the age of any person in attendance at the event.
- Wine and beer are the only alcoholic beverages that may be served, and only if an approved amount of food and other nonalcoholic beverages are being served simultaneously. Students should consult with Campus Life for guidance regarding food and beverage orders.
- Students, faculty, and staff may not bring their own alcoholic beverages. At no time may donations be accepted in lieu of payment for alcoholic beverages. Wine and beer must be provided by a caterer approved by the School or the organizers must use a licensed, insured bartender approved by the School.
- Members of the SAIC community may not sell alcoholic beverages on SAIC property or at SAIC-sponsored events.

Students who violate this policy will be subject to SAIC's Student Conduct Procedures.

Should a student group wish to request an exception to SAIC's general policy that alcohol not be served at student events and host an event with alcohol, they must first contact Campus Life to discuss the event. If a student group wishes to serve alcohol, they must register their request with Campus Life through the Space and Event Reservation System 25Live at least 15 business days prior to the event, listing the names, addresses, and phone numbers of those students who serve as the official event organizers. These individual students will be designated as the official organizers of the event on behalf of the sponsoring organization. If the event is approved, student organizers are prohibited from consuming alcohol prior to or during the event. The student group's advisor or another approved faculty or staff member must also approve the use of alcohol and be in attendance at all times.

Campus security is responsible for the enforcement of SAIC policy regarding state underage drinking laws.

16. Alcohol and Drug Amnesty Policy

Our primary concern is the health and safety of our community members. If a student or someone they are with experiences a medical or safety emergency, they should:

- immediately contact an SAIC Campus Security officer (24-hour emergency number is 312.899.1230);
- remain with the individual(s) needing emergency treatment and cooperate with emergency personnel, so long as it is safe to do so; and
- meet with appropriate SAIC staff members after the situation and provide appropriate information as needed.

SAIC seeks to facilitate access and remove barriers for students who require medical assistance in alcohol-and drug-related emergencies, and to provide the opportunity for caring, nonpunitive interventions in response to such incidents. Students who notify SAIC of a medical emergency will not be subject to a formal conduct process or disciplinary action related to alcohol and/or illegal drug use. This applies to students who contact SAIC on behalf of another student as well as the student having the medical emergency.

While the student(s) will be exempt from disciplinary action related to alcohol and/or illegal drug use, the student(s) can expect the following:

- Student(s) will be required to meet with an Office of Student Affairs staff member, typically a dean on call.

- Student(s) may be required to participate in appropriate educational programs.
- Students' parents and/or emergency contact(s) may be called.
- If an alcohol- or drug-related emergency involves the student encouraging or voluntarily participating in a different violation of SAIC policies, such as physical or sexual assault, violence, harassment, or the sale of alcohol or drugs, or if a student is involved in repeated conduct in violation of SAIC's drug and alcohol policies, such students may need to participate in formal conduct procedures.

SAIC's amnesty policy is limited to the School's conduct procedures; it does not extend to the police or the civil or criminal legal systems, and students may face criminal charges depending on their interaction with law enforcement officials.

Campus Security is responsible for the enforcement of SAIC policy regarding alcohol and drug laws.

17. Marijuana, Medical Marijuana, and Illinois Law

In order to comply with federal laws such as the Drug-Free Schools and Communities Act, SAIC prohibits the use, manufacture, sale, distribution, and possession of all marijuana/cannabis, including medical marijuana/cannabis, on campus and at any SAIC-sponsored event or activity off campus.

Effective January 1, 2020, the Illinois Cannabis Regulation and Tax Act (state 410 ILCS 705) is state legislation legalizing small amounts of marijuana/cannabis for recreational use for those over the age of 21. Additionally, Illinois has legislation regarding medical cannabis that allows people with certain conditions to use marijuana/cannabis and other cannabis derivatives for treatment. While the possession and use of marijuana/cannabis may be legal at the state level, federal law continues to prohibit such possession and use. In accordance with the federal rules, SAIC continues to prohibit such possession and use; it does so in order to maintain its eligibility to receive federal funding and administer federal financial aid programs. Any items found on campus in violation of this policy, including drug paraphernalia, may be confiscated.

18. Drones

A drone is an aircraft without a human pilot on board. The drone is controlled by an operator on the ground. Weather balloons and similar remotely controlled aerial equipment are also included in this category. A Remote Pilot in Command is a person holding a Federal Aviation Administration (FAA) -issued (1) remote pilot certificate with a small rating or (2) Remote Pilot Certificate as specified in FAA Part 107 regulations.

All SAIC-related educational and institutional use of any drone must comply with FAA regulations and any applicable local, city, state, and federal laws, rules, and regulations. It is the responsibility of any individual operating a drone to be familiar with such laws, rules, and regulations.

Any drone purchased, constructed, and/or operated by SAIC shall have a small rating, weighing less than 55 pounds total with all attachments. If flown outdoors, the drone must also be registered with the FAA.

Outdoor Drone Use

All outdoor SAIC-related educational and institutional drone operations must be directly supervised by an SAIC employee who has completed all required coursework and testing to be a certified Remote Pilot in Command.

Only an SAIC-owned drone which has been registered with the FAA may be used for outdoor SAIC classroom and education purposes. Students are not authorized to use personal drones during outdoor class time. Any class assignments requiring the outdoor use of drones must be completed during class time, under the supervision of the certified Remote Pilot in Command.

Outdoor usage of drones on or above SAIC properties is not permitted. The certified Remote Pilot in Command is

responsible for determining a suitable location for drone operation, in compliance with all federal, state and local laws, rules, regulations, and procedures. The Remote Pilot in Command is also responsible for determining the need for permits and acquiring them. This could include written permission from property owners, or other special permits.

The Remote Pilot in Command is responsible for conducting all required and otherwise appropriate airworthiness and safety checks, and assessing weather conditions, prior to each flight.

Indoor Drone Use

Indoor usage of a small drone in SAIC buildings may be permitted only when space stakeholders have determined that the proposed space is suitable for such experimentation. The Art School Considerations committee must be consulted before any indoor drone usage can be approved. Students, faculty, and staff may always contact the Art School Considerations Advisory Group by emailing asc_saic@saic.edu.

Hobbyist Use

SAIC recognizes members of the community may choose to purchase or build personal use drones for artmaking and projects outside the scope of the classroom learning environment or institutional operations. In most cases, this work may fall under the small drone category of hobbyist use, which is somewhat less strictly regulated by the FAA. Hobbyist use of drones is permitted under certain circumstances without a remote pilot license, however specific FAA regulations and local ordinances, including permitting, will still apply in most cases. The operator of a drone for hobby or recreational use shall be responsible for compliance with all applicable federal, state and local laws, rules, regulations, and procedures. Any such use on or in the SAIC campus must be authorized by the Art School Considerations committee.

Unauthorized Use

Unauthorized drone usage includes all uses not approved by the processes described above, or in violation of local, city, state, and federal laws. SAIC Campus Security will act on any reports of unauthorized drone flights occurring on or in SAIC properties and seek to end them. Violators will be subject to SAIC disciplinary processes. Violations of this policy and/or negligent use may result in revoked flight privileges.

Weapons may include, but are not limited to: all firearms, pellet guns, slingshots, stun guns, swords (including decorative or ceremonial), martial arts devices, switchblade knives, clubs, or anything that could be perceived or misrepresented as a weapon. Items used for other purposes (such as kitchen knives, scissors) may also be defined as a "weapon" if an individual engages in behavior which uses such an object in a threatening manner. Prop weapons, facsimiles, or any object that appears to be a weapon must be approved by SAIC administrators prior to its presence on campus. Examples may include props used in performances, critiques or class presentations, and items created in SAIC studios. Items found in violation of this policy may be confiscated.

Illinois Firearm Concealed Carry Act (430 ILCS 66) and SAIC's Responsibility

This policy complies with the Illinois Firearm Concealed Carry Act of 2013 (Act) which specifically prohibits licensees under that Act from carrying firearms in museums, libraries, public and private colleges, and public parks as well as other locations. Also, as required by the Act, the Vice President and Dean of Student Affairs (or designee) must report to the Department of State Police any student who is determined to pose a "clear and present danger to himself, herself, or to others" as defined by the Act. Similarly, SAIC counselors in Counseling Services will report to the Department of Human Services any student who is determined to pose a "clear and present danger to himself, herself, or to others."

21. Drug or Alcohol Abuse Programs

SAIC offers a variety of programs regarding drugs and alcohol in an effort to educate our students about the potential dangers of their use or abuse. The goal of these programs is to raise awareness on the issues related to drug and alcohol use on campus, and prevent students from making choices that may put their health or well-being in jeopardy.

22. Title IX Policy Prohibiting Sex Discrimination

Effective: February 4, 2025

I. Statement of Policy

Consistent with its Non-Discrimination and Equal Employment Opportunity Notice and the U.S. Department of Education's implementing regulations for Title IX of the Education Amendments of 1972 ("Title IX") (see 34 C.F.R. § 106 et seq.), the School of the Art Institute of Chicago ("SAIC") prohibits Sexual Misconduct that occurs within its Education Programs and Activities (as defined herein).

As further defined herein, Sexual Misconduct includes Quid Pro Quo Sexual Harassment, Hostile Environment Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, and Stalking.

SAIC also prohibits Retaliation (as defined herein) against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing.

False accusations, made with knowledge that they are false, are prohibited and will be treated as violations of this Policy. An individual who, in good faith, makes a report or complaint that later is not substantiated is not considered to have made a false accusation and, therefore, is not in violation of this Policy. Further, charging an individual with a violation for making a materially false statement in bad faith during a grievance proceeding under this Policy does not constitute retaliation. A determination regarding responsibility, alone, is insufficient to conclude that any party made a materially false statement in bad faith.

II. Scope of Policy

This Policy applies to Sexual Misconduct that occurs within SAIC's Education Programs and Activities, as that term is defined below, and that is committed by an administrator, faculty member, staff, student, contractor, guest, or other member of the SAIC community.

This policy does not apply to Sexual Misconduct that occurs off-campus, in a private setting, and outside the scope of the SAIC's Education Programs and Activities; such Sexual Misconduct may be prohibited by the Rules of Conduct in the Student Handbook, SAIC's Policies Prohibiting Discrimination, Harassment, and Retaliation and other SAIC policies and standards, as applicable.

Consistent with the U.S. Department of Education's implementing regulations for Title IX, this Policy does not apply to Sexual Misconduct that occurs outside the geographic boundaries of the United States, even if the Sexual Misconduct occurs in SAIC's Education Programs and Activities, such as a study abroad program. Sexual Misconduct that occurs outside the geographic boundaries of the United States is governed by the Rules of Conduct in the Student Handbook, SAIC's Policies Prohibiting Discrimination, Harassment, and Retaliation and other SAIC policies and standards, as applicable.

This Policy addresses conduct that is unwelcome and/or not based on consent. SAIC has an additional, separate policy that applies to consensual romantic or sexual relationships with students. That policy, called the Consensual Romantic or Sexual Relationship Policy is in the Student Handbook and Faculty Dashboard. SAIC also has separate policies that apply to discrimination, harassment, and retaliation. Please see the Discrimination, Harassment, and Retaliation policies in the Student Handbook, Faculty Dashboard, and Employee Guidelines.

III. Policy Definitions

A. Sexual Misconduct, under this Policy, includes the following definitions:

i. Sexual Harassment. Conduct on the basis of sex that satisfies one or more of the following:

- An employee conditioning educational benefits on participation in unwelcome sexual conduct (i.e., quid pro quo); or

- Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to SAIC's Education Programs and Activities.

ii. Sexual Assault consists of one or more of the following:

- Rape: Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate a lack of consent.
- Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is unable to give consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by Illinois law.
- Sexual intercourse with a person who is under the statutory age of Consent as defined by Illinois law.

iii. Affirmative Consent

Consent is a knowing, voluntary and mutual decision among all participants to engage in sexual activity, expressed in words or actions. For consent to be valid, there must be a clear expression in words or actions that the other individual consent to that specific conduct with that particular person or people.

Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity. If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.

Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse) Past consent does not imply future consent. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person. A person's manner of dress does not constitute consent.

The existence of consent is based on the totality of the circumstances, evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred. Silence or the absence or resistance alone is not consent. In Illinois, a minor (meaning a person under the age of 17 years) cannot consent to sexual activity except in limited circumstances dictated by law.

Consent can be withdrawn at any time during sexual activity through reasonable and clear communications through words or actions. When consent is withdrawn, sexual activity must stop.

iv. Incapacitation

Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing and informed consent (e.g. to understand the "who, what, when, where, why and how" of their sexual interaction. Incapacitation is determined through consideration of all relevant indicators of a person's state and is not synonymous with intoxication, impairment, or being under the influence of drugs or alcohol. This policy also covers a person whose incapacity results from temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs, or who are sleeping.

Under this policy, SAIC will consider whether a respondent knew or should have known the complainant to be incapacitated, based on an objective, reasonable person standard that assumes the reasonable person is both sober and exercising sound judgement. The fact that the respondent was unaware of the complainant's incapacity due to the respondent's own drug or alcohol use shall not be considered an excuse.

v. Domestic Violence

Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Illinois.

vi. Dating Violence

Violence committed by a person who is or has been in a relationship of romantic or intimate nature with the other person. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. The existence of such a relationship shall take into account the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

vii. Stalking

A course of conduct directed at a specific person that is unwelcome and would cause a reasonable person to fear for their safety (or the safety of a third party) or suffer emotional distress.

- Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

B. Other Policy Definitions

i. Retaliation. Intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX and its implementing regulations or because an individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy.

ii. Designated Officials. Designated Officials are those officials who have the authority to institute corrective action and are required to inform the Title IX Coordinator of reports of Sexual Misconduct. These individuals are the Vice President and Dean of Student of Affairs, Provost and Senior Vice President of Academic Affairs, Dean of Faculty, Chief Human Resources Officer, and President.

iii. Education Programs and Activities. All the operations of SAIC, including, but not limited to, in- person and online educational instruction, employment, research activities, extracurricular activities, residence life, dining services, performances, and community engagement and outreach programs. The term applies to all activity that occurs on campus or on other property owned or occupied by SAIC. It also includes off-campus locations, events, or circumstances over which SAIC exercises substantial control over the Respondent and the context in which the Sexual Misconduct occurs. This Policy does not apply to conduct that occurred in a private, off-campus location and is not a part of SAIC's Education Programs and Activities.

iv. Formal Complaint. A Formal Complaint is a document filed by the Complainant or signed by the Title IX Coordinator alleging Sexual Misconduct as defined under this Policy against Respondent(s) and requesting an investigation of the allegation of Sexual Misconduct under this Policy. Only a Complainant or the Title IX Coordinator may file a Formal Complaint.

v. Complainant. The person who is alleged to have experienced the conduct that could constitute Sexual Misconduct will be referred to as the "Complainant."

vi. Respondent. The person who is the subject of the Formal Complaint and alleged to have violated the Policy will

be referred to as the “Respondent.”

vii. Appeal Reviewer. An SAIC administrator responsible for reviewing and determining the outcome of appeal(s) filed by the Complainant or Respondent.

IV. Reporting Obligations

All SAIC staff (excluding Confidential Resources), SAIC student Teaching Assistants and Resident Advisors, and volunteers are required to report incidents or allegations of Sexual Misconduct to the Title IX Coordinator. This allows SAIC to provide resources, options, and rights to those who have reported they have experienced Sexual Misconduct and those who are the subject of the report. This allows for SAIC to take consistent action to respond to reports of such conduct. In these circumstances, SAIC is committed to maintaining privacy. SAIC does not publicize the name of crime victims nor does it include identifiable information in Campus Security’s Daily Crime Log. Please see Annual Security Report at https://www.saic.edu/sites/default/files/legacy/Annual_Security_and_Fire_Safety_Report.pdf

V. Confidentiality vs. Privacy

When making a choice about how to get help, it is important to understand the difference between seeking confidential assistance through Confidential Resources and making a report to SAIC. Making a report to SAIC means that the report, while handled with privacy, will be shared with other administrators, and will lead to further actions to respond appropriately as outlined in this Policy.

Different employees on campus have different abilities to maintain confidentiality. Most SAIC community members, including faculty and staff members, cannot maintain confidentiality because of reporting obligations. In these circumstances, SAIC is committed to maintain the privacy of the information shared. The terms “confidentiality” and “privacy” are defined below.

Confidentiality, as used in this Policy, refers to a legal obligation not to disclose information without the express written permission of the individual who provided the information, with certain exceptions, such as if there is a continuing threat of serious harm to self or others or another legal obligation to reveal such information (e.g., where there is suspected sexual abuse or neglect of a minor). Only the professional counselors in SAIC’s Counseling Services, the nurses in Health Services, and the Confidential Advisor (“Confidential Resources”) can maintain confidentiality. These Confidential Resources are available only to students. The Confidential Resources provide support to students who have experienced Sexual Misconduct. Confidential Resources (excluding the Confidential Advisor) also provide support to students who are the subject of a report alleging Sexual Misconduct. Confidential Resources are not required to report information to the Title IX Coordinator. The Confidential Resources will not report to the Title IX Coordinator any personally identifiable information about a student; however, they will provide aggregate data about incidents of Sexual Misconduct to the Title IX Coordinator.

Various off-campus resources available to anyone, such as counselors, advocates, and health care providers, will also generally maintain confidentiality and not share information with SAIC unless the individual providing the information requests disclosure and signs a consent form. The Employee Assistance Program (800.311.4327), which is available to faculty and staff, is considered a confidential off-campus resource even though it is paid for by SAIC.

Privacy generally means that information related to a report will be shared only with those employees who “need to know” in order to assist in the review, investigation, or resolution of a report. While not bound by confidentiality, individuals who receive private information will be discreet and do their best to respect the privacy of all individuals involved in the process. If an investigation is required, the information may also be shared with the alleged offender or others as required to conduct a complete and fair investigation. Although SAIC manages private information with discretion, it is not possible to maintain confidentiality for any information other than information provided to the Confidential Resources as noted in the definition of Confidentiality provided above.

VI. Making a Report

Reports can be made in person to the individuals listed below under “Making a Report” or electronically. Electronic reports may be submitted anonymously at the reporters option below:

VII. Intake & Supportive Measures

Upon receiving a report of Sexual Misconduct, the Title IX Office will determine the identity of the alleged victim of the reported Sexual Misconduct (who may be the reporting party themselves) and provide that individual information about rights, options, and resources, which include supportive measures and the process for filing a Formal Complaint. If the Title IX Coordinator receives a report that lacks sufficient detail to determine if it falls within this Policy, the Title IX Coordinator may collect additional information about the report to assess what procedures will be utilized.

The Title IX Office will arrange for supportive measures if the individual requests them and they are reasonably available.

Supportive measures are designed to restore and preserve equal access to SAIC's Education Programs and Activities. Examples of supportive measures include: mutual no contact instructions, changes to academic or work schedules such as extension of deadlines or other course-related adjustments, leaves of absence, or housing, counseling services, campus escort services, and increased security and monitoring of certain areas of the campus. Although supportive measures are not punitive or disciplinary in nature, they may impose a burden, albeit a reasonable one, on a member or members of SAIC's community. SAIC will maintain as private any supportive measures provided to an individual, except as necessary to provide the supportive measure; for example, both individuals would be informed of a mutual no contact instruction. Supportive measures are available to both the individual making a report and the individual who is the subject of a report; and they are available before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. The Title IX Office also reassesses the availability and implementation of supportive measures on an ongoing basis.

VIII. Formal Complaint

1. Formal Complaint. A Formal Complaint is a document filed by the Complainant, who experienced the alleged Sexual Misconduct, or signed by the Title IX Coordinator alleging Sexual Misconduct (as defined herein) against Respondent(s), and requesting an investigation of the allegation of Sexual Misconduct under this Policy. Only a Complainant or the Title IX Coordinator may file a Formal Complaint.

A Complainant may file a Formal Complaint with the Title IX Coordinator in person, by mail, or by electronic mail, provided that the document or electronic submission contains the Complainant's physical or digital signature or otherwise indicates that the Complainant is the person filing the Formal Complaint. At the time of filing, a Complainant must be participating in or attempting to participate in SAIC's Education Programs and Activities with which the Formal Complaint is filed.

The Title IX Coordinator has discretion to initiate a Formal Complaint when the Title IX Coordinator believes that, with or without a Complainant's participation, an investigation is required. The Title IX Coordinator, in deciding whether to sign a Formal Complaint, may consider a variety of factors, including a pattern of alleged misconduct by a Respondent, violence involved, use of weapons, minor involved, or similar factors. The Title IX Coordinator's decision to sign a Formal Complaint includes taking into account the wishes of the person who reported experiencing Sexual Misconduct regarding how SAIC should respond to their report; to this end, the Title IX Coordinator will seek to contact that person to discuss the availability of supportive measures, the consider that person's wishes with respect to supportive measures, and explain the process for filing a Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or otherwise a party.

The Title IX Coordinator has discretion to consolidate Formal Complaints in situations that arise out of the same facts or circumstances and involve more than one Complainant, more than one Respondent, or allegations between the Complainant and Respondent.

2. Notice of Formal Complaint. Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice to the Complainant(s) and the Respondent(s) that includes:

- A. Notice of the allegations of Sexual Misconduct under Title IX, as defined above, including the conduct allegedly constituting Sexual Misconduct under Title IX, the identity of the individuals involved in the incident, if known, and the date and location of the incident, if known.
- B. Notice of SAIC's grievance process, including any informal resolution process.
- C. A statement that the Respondent(s) is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.
- D. Information regarding the role of advisors in the grievance process.
- E. Information regarding the prohibition on knowingly making false statements.

If, in the course of an investigation, the Title IX Coordinator determines that additional allegations that were not in the Notice will be investigated, the Title IX Coordinator will provide a supplemental notice of those allegations to all known Complainant(s) and Respondent(s).

3. Assessment of Formal Complaint. The Title IX Coordinator, upon receipt of a Formal Complaint and throughout the investigation, will assess the information presented to determine whether:

- a. the Complainant in a Formal Complaint (i) experienced the conduct reported while in the United States and (ii) is participating or attempting to participate in a program or activity of SAIC at the time the Formal Complaint was made; and
- b. the alleged conduct occurred in SAIC's Education Programs and Activities.

If, at any point, the Title IX Coordinator determines that these requirements are not met, the Title IX Coordinator will proceed with a Dismissal of Formal Complaint, as set forth below.

In addition, if the Title IX Coordinator determines that the conduct alleged, even if substantiated, would not constitute Sexual Misconduct under Title IX (see "III. Policy Definitions"), then the Title IX Coordinator will proceed with a Dismissal of Formal Complaint, as set forth below.

4. Dismissal of Formal Complaint

(1) Mandatory Dismissal: If the conduct alleged in the Formal Complaint, even if substantiated, would not constitute Sexual Misconduct, did not occur in SAIC's education program or activity, or did not occur against a person in the United States, then the Title IX Coordinator will dismiss the Formal Complaint with regard to that conduct for purposes of Sexual Misconduct under Title IX. This dismissal does not preclude action under another SAIC policy.

(2) Discretionary Dismissal: The Title IX Coordinator may dismiss a Formal Complaint or any allegations in the Formal Complaint, if at any time during the investigation or hearing, a Complainant notifies the Title IX Coordinator, in writing, that the Complainant would like to withdraw the Formal Complaint or any allegations in the Formal Complaint; the Respondent is no longer enrolled or employed by SAIC; or specific circumstances prevent gathering information sufficient to reach a determination as to the Formal Complaint or allegations in the Formal Complaint.

Upon a mandatory or discretionary dismissal, the Title IX Coordinator will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the Complainant and Respondent. In addition, in the written notice of a dismissal or a subsequent written notice, the Title IX Coordinator will inform the Complainant and the Respondent if the conduct will be reviewed under another SAIC policy.

5. Dismissal Appeal. Both parties may appeal a dismissal within five (5) business days after receiving notice of the dismissal. An appeal must be made in writing, must be submitted to the Appeal Reviewer, and must state the basis for appeal. The appeal procedures and bases for appeal are outlined in "28. Appeal" and "29. Notice of Appeal" below.

6. Notice of Meetings. The Title IX Office will provide written notice to Complainant(s) and/or Respondent(s) of any meeting where their participation is invited or expected, including the date, time, location, purpose, and participants in the meeting, including investigative interviews, hearings, or other meetings.

7. Emergency Removal & Administrative Leave

(a) Students. Students may be removed on a temporary basis only if: (1) an individualized safety and risk analysis conducted by SAIC administrators determines that an immediate threat to physical health or safety of any student or other individual arising from the alleged Sexual Misconduct justifies removal, and (2) the student is given immediate written notice by the Title IX Office and opportunity to contest the removal. The student may contest the removal by providing written notice to the Title IX Coordinator outlining the basis for contesting the temporary removal within five (5) business days of receiving written notice of temporary removal.

(b) Faculty and staff. Faculty and staff may be placed on administrative leave or suspension pending an investigation and/or resolution of a Formal Complaint or informal resolution.

(c) For all other Respondents. SAIC retains broad discretion to prohibit individuals (including contractors, guests, and visitors) from entering onto its campus and other properties at any time, and for any reason, whether after receiving a report of Sexual Misconduct or otherwise.

(d) Other policies and standards implicated. Where the conduct referenced in a Formal Complaint could constitute a violation of some other applicable institutional policy or standard, irrespective of whether it constitutes Sexual Misconduct under this policy, SAIC retains full discretion to take interim measures under other applicable policies or standards.

8. Conflict of Interest

- a. The Title IX Coordinator, investigator, decision maker(s), or any person designated by SAIC to facilitate a resolution process, must not have a conflict of interest or bias for or against complainants or respondents generally or an individual Complainant or Respondent. The Complainant and Respondent will be given simultaneous, prior notice of the individual(s) who will investigate a Formal Complaint, who will be the decision maker(s), and, if the Complainant and Respondent voluntarily seek to engage in informal resolution, the facilitator of such informal resolution. Within twenty-four (24) hours of receiving notice of such individual(s), the Complainant and/or the Respondent shall notify the Title IX Coordinator or designee if they believe that any of those individuals has a conflict of interest. The notification shall include the basis of the alleged conflict. The Title IX Coordinator or designee shall review the alleged conflict, and determine whether the alleged conflict disqualifies that individual. If an individual is disqualified, the Title IX Coordinator or designee will select a substitute and the process for identifying conflicts set forth above shall be followed for any such additional individuals.
- b. An individual will be considered to have a conflict of interest in the event of a circumstance that would prevent them from being impartial in their review of the Formal Complaint. Factors that may be relevant, include if their actions are the subject of the Formal Complaint or if they have relevant information regarding the factual allegations in the Formal Complaint. In addition, if an individual has a potential conflict of interest with the Complainant(s) or the Respondent(s) (e.g., because of familial, intimate, financial, business or other relationship), they should not serve as the Title IX Coordinator, investigator, decision maker(s), or any person designated by SAIC to facilitate a resolution process. Whether bias exists requires an examination of the particular facts and circumstances of a situation and does not rest on generalizations.

9. Presumption of Not Responsible. A Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

10. Time Frame. SAIC will endeavor to complete an informal resolution or investigation and resolution of a Formal Complaint of Sexual Misconduct as promptly as possible. As a general matter, SAIC strives to complete its investigation, resolution, and appeal within ninety (90) calendar days. However, the time frame for any Formal Complaint may be extended for good cause such as: absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. The Title IX Coordinator will provide simultaneous written notice to the Complainant and the Respondent of any extensions.

11. Advisor. During any investigation of a Formal Complaint, the Complainant and Respondent have a right to be accompanied by an advisor of their choice to any related meeting or grievance process. Any person who serves as an advisor should plan to make themselves available for meetings throughout the process. The advisor's role can include helping the Complainant(s) or Respondent(s) prepare their statements (whether written or oral), advising on the procedural aspects of the matter, and being a nonparticipating supporter at any meeting which may occur. Complainant(s) and Respondent(s) must speak for themselves and present their own cases; while the party may consult with the advisor, the advisor may not present information or make statements or arguments during any meetings which may occur, with the sole exception of conducting cross-examination at the hearing. Only the advisor for a Complainant or a Respondent may conduct cross-examination in the hearing. Finally, the advisor may only be present when the person that they are advising is also present. If either the Complainant or the Respondent intends to bring an advisor to any meeting, then, in advance of the meeting, the party must notify the Title IX Coordinator in writing of the advisor's name, occupation, relationship to the party, and relationship to SAIC, if any.

12. Investigation of Formal Complaint. The Title IX Coordinator will designate an investigator ("Investigator"), generally a member of their staff, to investigate the Formal Complaint. The Investigator is responsible for ensuring that the investigation is prompt, thorough, and fair.

- A. Gathering Information. SAIC is responsible for performing the investigation and gathering relevant information. During the investigation, the Investigator will offer both the Complainant and the Respondent an

equal opportunity to identify individuals who may have relevant information, including fact and expert witnesses, and other information that they believe is relevant to show responsibility or that exculpates the Respondent from responsibility. The Investigator may also meet with and/or gather information from other individuals who may have relevant information. All relevant information gathered during the course of the investigation will be included in an investigative report.

- B. Right to Review & Inspect Information Gathered in Investigation. The Investigator will provide both the Complainant(s) and the Respondent(s) with an equal opportunity to inspect and review any information obtained by the Investigator as part of the investigation that is directly related to the allegations raised in the Formal Complaint. This includes both information that SAIC does not intend to rely on in reaching its decision as well as information relevant to show responsibility or that exculpates the Respondent from responsibility. Prior to completion of the investigative report, the Investigator will send to the Complainant(s) and the Respondent(s) and their respective advisors, if any, the information subject to inspection and review in an electronic format or a hard copy. The parties and their respective advisors will maintain the confidentiality of the investigative report. The Complainant(s) and the Respondent(s) will be given ten (10) calendar days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- C. Right to Review Investigative Report. At least ten (10) calendar days prior to a hearing, the Investigator will send the investigative report to the Complainant(s) and the Respondent(s) and their respective advisors, if any, in an electronic format or a hard copy, for their review and written response. Any written response to the final investigative report must be submitted at least three (3) calendar days prior to the hearing. Written responses to the final investigative report will be shared simultaneously with the parties and their respective advisors.
- D. Investigation Information Available at Hearing. The Investigator will make such information available to the Complainant(s) and the Respondent(s) and their respective advisors for inspection and review at any hearing to give each an equal opportunity to refer to such information during the hearing, including for purposes of cross-examination.

13. Educational Rather Than Judicial Setting. A Formal Complaint sets in motion a process that will occur in an educational rather than a judicial setting. The hearing shall be private and will not require application of legal rules, such as rules of evidence, that govern a civil or criminal case or other judicial or quasi-judicial proceedings. In addition, as this is an educational process, not a judicial one, neither the Complainant(s) nor the Respondent(s) can depose parties or witnesses or invoke a court system's subpoena powers to compel parties or witnesses to appear at hearings, which are common features of procedural rules governing litigation and criminal proceedings.

14. Hearing. Once the investigation is complete, the Title IX Office will convene a hearing with all parties (Complainant, Respondent, witnesses, and other participants such as advisors and decision maker(s)). The hearing will be arranged to have everyone physically present in the same geographic location or present virtually with technology enabling participants simultaneously to see and hear each other in real time.

- A. Hearing. The decision maker(s) in, and format of, the hearing may depend on whether the Respondent(s) are student(s), faculty, or staff.
 - i. If the Respondent is a student, the Vice President and Dean of Student Affairs (VPSA), or designee, will serve as the decision maker. A Student Conduct Board, as described in the Student Conduct Procedures in the Student Handbook, will be convened. The Student Conduct Board consists of representatives from SAIC's administration, faculty, and student body. As the Chair and member of the Student Conduct Board, the VPSA may determine, in their reasonable discretion, that the Student Conduct Board Meeting shall proceed in the absence of a representative from one of those three groups. The Student Conduct Board shall make a recommendation, including any proposed sanctions, and the reasons therefore, to the VPSA. The VPSA shall have final discretion as to the disposition of the case and any sanctions.
 - ii. If the Respondent is a faculty member, Dean of Faculty and Vice President for Academic Affairs, or designee, will serve as the decision maker.
 - iii. If the Respondent is a staff member, the Chief Human Resources Officer, or designee, will serve as the decision maker.

- B. Pre-Hearing Review of Investigative Report and Information. Prior to commencement of the hearing, the decision maker(s) will review the investigative report and a copy of all information transmitted to the parties by the Investigator. This review of materials is provisional and intended to provide background and orientation to the decision maker(s) in planning and conducting the hearing.

Convening of Hearing. The Title IX Coordinator, designee, will convene the hearing and clearly state for the record the date, time, and location of the hearing; the names of the Complainant and Respondent; the parties present at the hearing; any accommodations that have been provided at the request of a party or in SAIC's discretion; whether all or a portion of the hearing is being conducted virtually; and any other

- C. Introductory matters that the decision maker deems appropriate.
- D. Recording of Hearing. The Title IX Coordinator, or designee, will make an audio or audiovisual recording, or transcript, of the hearing available to the parties for inspection and review after the hearing has concluded.

15. Statements of the Parties. After convening the hearing, the decision maker(s) will invite the Complainant to provide a statement to the decision maker(s) regarding the events in question and identify and comment on any non-testimonial information the Complainant believes is relevant. After the Complainant has made a statement, or waived the right to make a statement, the Complainant will be subject to questioning by the decision maker(s), followed by questioning from the advisor for the Respondent. After questioning of the Complainant is complete, the decision maker(s) will invite the Respondent to provide a statement to the decision maker(s) regarding the events in question and to identify and comment on any non-testimonial information the Respondent believes is relevant. After the Respondent has made a statement, or waived the right to make a statement, the Respondent will be subject to questioning by the decision maker(s), followed by questioning from the advisor for the Complainant.

16. Testimony of Witnesses. After questioning of the parties is complete, witnesses will be called to testify in the order determined by the decision maker(s). Unlike the parties, witnesses will not be invited to make a statement but, instead, will be subject to questioning from the decision maker(s) followed by questioning from each party's advisor commencing first with questioning from the advisor for the Complainant followed by questioning from the advisor for the Respondent.

17. Cross Examination. Cross-examination at the hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally. Any cross examination is subject to the following rules of decorum and enforced within the discretion of the decision maker(s): (1) cross examination must be conducted in a respectful manner; and (2) engaging in abusive and intimidating behavior such as yelling or badgering is strictly prohibited and is subject to immediate removal from hearing. Further, all parties, advisors, and other persons present at a hearing are required to act professionally, maintain decorum, and abide by the Policy, these procedures, and any other rules specified by the decision maker(s). Any party, advisor, or other person who materially disrupts the proceeding or violates applicable policies, procedures, and rules, may be barred from further participation and/or have their participation limited, as the case may be, by the decision maker(s).

18. Relevancy. Before the Complainant, Respondent, or witness answers a cross-examination or other question, the decision maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. In addition to ruling on questions of relevancy, the decision maker(s) may limit cumulative and redundant questioning. The decision maker(s) will make these relevancy determinations by applying logic and common sense and not against a backdrop of legal expertise. Among other things, rules of evidence do not apply to these proceedings.

19. Advisor During a Hearing. During a hearing, advisors to the parties must play a passive role in the hearing with the sole exception that advisors are permitted to question parties and witnesses. Advisors are not permitted to speak for their advisee, make objections, present arguments, or engage in any other active role. If the Complainant or Respondent does not have an advisor present at the hearing, SAIC will provide an advisor of their choice, without fee or charge to the Complainant or Respondent, as applicable, to conduct cross-examination on their behalf. As this is an educational process, not a judicial one, there is no requirement that the advisor be an attorney.

20. Prior Sexual Behavior. Questions and information about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and information about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and information concern specific incidents of the Complainant's prior sexual behavior with respect to

the Respondent and are offered to prove consent.

21. Privilege. Questions and information that constitute, or seek disclosure or, information protected under a legally recognized privilege, such as medical records, unless the person holding such privilege has waived the privilege.

22. Investigation Materials. After the questioning of witnesses is complete, the decision maker(s) will identify any portion of the information developed during the investigation that the decision maker(s) has determined should be excluded from the hearing record based on rulings made at the pre-hearing conference, during the hearing itself, due to the refusal of a party or witness to submit to questioning by a party advisor, or for any other reason. The decision maker(s) will then provide the parties a final opportunity to raise any additional objections to inclusion of any other portions of the investigation record into evidence and resolve any such objections. All information from the investigation and hearing not specifically excluded by the decision maker(s) shall be deemed admitted into the hearing record and may be considered by the decision maker(s) as part of the deliberation.

23. Access to and Use of Investigation Information. During the hearing, the parties and their advisors shall have access to the investigative report and a copy of all information transmitted to the parties by the Investigator. Such information may be utilized in the questioning of witnesses where relevant. Non-testimonial information utilized during the hearing shall be marked and referred to in such a manner as to make it clearly identifiable by audio (i.e., such as sequential marking of "Records")

24. Closing Statement. After the questioning of the witnesses is complete, the decision maker(s) will invite the Complainant to make a closing statement. After the Complainant has made a closing statement, or waived the right to make a closing statement, the hearing officer will invite the Respondent to make a closing statement.

25. Deliberation and Determination. After closing statements are complete, the decision maker(s) will conclude the hearing and deliberate and render a determination. The decision maker(s)'s determination shall be made on the basis of whether it is more likely than not that the Respondent violated the Policy. The decision maker(s) must provide a written determination to both the Complainant(s) and the Respondent(s) simultaneously. The determination becomes final on either the date that SAIC provides the parties with the result of the appeal, if any, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. The determination will include the following:

- a. Identification of the allegation(s) of Sexual Misconduct;
- b. Description of the procedural steps taken from the filing of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, methods used to gather other information, and hearings held;
- c. Findings of fact supporting the determination;
- d. Conclusions regarding the application of the Sexual Misconduct definitions to the facts;
- e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and whether remedies designed to restore or preserve equal access to SAIC's Programs and Activities will be provided to the Complainant; and
- f. Appeal bases.

26. Timing and Extensions. The decision maker(s) will have discretion to set the overall length of the hearing and may set time limits for statements of the parties, questioning of parties and witnesses, and closing statements. A hearing will not exceed three (3) hours in length absent extraordinary circumstances. Once a hearing is commenced, it will be extended only for good cause as determined by the decision maker(s).

27. Sanctions. The decision maker(s) will be responsible for assigning any sanctions if a determination of responsibility is made.

- a. If the Respondent is a student, potential sanctions are set forth in the Student Conduct Procedures section of the Student Handbook under Sanctions.
- b. If the Respondent is a faculty member, potential sanctions may include corrective action ranging from a

notation in the Respondent's file, up to and including termination. In cases where the Dean of Faculty and Vice President for Academic Affairs, or designee, determines that termination is the appropriate sanction, they must first advise the President of SAIC. If the President agrees, the faculty member will be terminated immediately, except that faculty members with tenure or whose term appointment has not expired. For those faculty, the matter will proceed in accordance with Section 9.C., AAUP Statements on Academic Due Process Procedures, the Faculty Handbook Supplement. If the President disagrees with the Dean of Faculty's determination that the Respondent should be terminated, the Dean of Faculty will determine an appropriate alternative sanction.

- c. If the Respondent is a staff member, potential sanctions may include corrective action ranging from a notation in the Respondent's file, up to and including termination.

28. Appeal. Either the Complainant or the Respondent may appeal the determination of the decision maker(s) within five (5) business days after receiving notice of the determination. An appeal must be made in writing, must be submitted to the Appeal Reviewer, and must state the basis for appeal. The following are the bases for an appeal:

- a. Procedural irregularity that affected the outcome of the matter;
- b. New information that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that affected the outcome of the matter;
- d. and/or One or more reasons why the sanction is disproportionate with the violation.

29. Notice of Appeal. If an appeal is made, the Appeal Reviewer, or designee, will notify, in writing, the non-appealing party of the appeal. Both parties have an equal opportunity to submit a written statement in support of, or challenging, the determination or dismissal within three (3) business days after receiving notice of the appeal. The Appeal Reviewer, or designee, will provide simultaneous written notice of the outcome of the appeal(s), including the rationale, to both parties. The Appeal Reviewer, or designee, may undertake any inquiries that they deem appropriate, including but not limited to requesting the Title IX Coordinator's office to conduct additional investigation. Following their examination of the matter, the Appeal Reviewer, or designee, may grant or deny the appeal or take any action that they deem appropriate. The Appeal Reviewer, or designee, will notify the Complainant and the Respondent simultaneously, in writing, of the decision on the appeal and rationale, any changes to the result, and that the determination is final.

30. Discretion in Application. SAIC retains discretion to interpret and apply these procedures in a manner that is not clearly unreasonable, even if SAIC's interpretation or application differs from the interpretation of the parties. Despite SAIC's reasonable efforts to anticipate all eventualities in these procedures, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably be addressed by the express language of these procedures, in which case SAIC retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

IX. Informal Resolution

In a diverse community, disagreements and conflicts of various degrees of seriousness are inevitable. In many instances, an informal approach can be useful in resolving instances of inappropriate conduct. Problems are sometimes easier to resolve in an informal atmosphere that encourages people to identify the difficulty, talk it out, and agree how to deal with it.

At any time after the Complainant(s) and Respondent(s) are provided written notice of the Formal Complaint, and before the completion of any appeal specified in "28. Appeal" and "29. Notice of Appeal," the Complainant(s) and Respondent(s) may voluntarily consent, with the Title IX Coordinator's approval, to participate in an informal resolution process, the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the Complainant(s) and Respondent(s).

An informal resolution is a flexible approach to resolving disagreements. As a result, there is no fixed format. It can

involve a meeting between the two parties to facilitate an informal discussion, arranging to channel communications through a third party if the parties do not want to meet, or some other approach suitable to the circumstances. Informal resolutions may include facilitated mediations.

The specific manner of any informal resolution process will be determined by the parties and the Title IX Coordinator, in consultation together. Prior to commencing the informal resolution process agreed upon, the Title IX Coordinator will transmit a written notice to the parties that: (1) describes the parameters and requirements of the informal resolution process to be utilized, (2) identifies the individual responsible for facilitating the informal resolution (who may be the Title IX Coordinator, another SAIC administrator, or a suitable third-party), (3) explains the effect of participating in informal resolution and/or reaching a final resolution will have on a party's ability to resume the investigation and adjudication of the allegations at issue in the Formal Complaint, and (4) explains any other consequence resulting from participation in the informal resolution process, including a description of records that will be generated, maintained, and/or shared.

After receiving the written notice specified in this paragraph, each party must voluntarily provide written consent to the Title IX Coordinator, before the informal resolution may commence.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended.

If the parties reach a resolution through the informal resolution process, and the Title IX Coordinator agrees that the resolution is not clearly unreasonable, the Title IX Coordinator will document the agreed resolution and present the resolution to the parties for their written signature. Once both parties and the Title IX Coordinator sign the resolution, the resolution is final, and the allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by SAIC, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or where required to avoid a manifest injustice to either party or to SAIC. Informal resolution is not subject to appeal.

A party may withdraw their consent to participate in informal resolution at any time before a resolution has been finalized.

Absent extension by the Title IX Coordinator, any informal resolution process must be completed within twenty-one (21) calendar days.

If an informal resolution process does not result in a resolution within twenty-one (21) calendar days, and absent an extension, abeyance, or other contrary ruling by the Title IX Coordinator, the informal resolution process will be deemed terminated, and the Formal Complaint will be resolved pursuant to the investigation and adjudication procedures. The Title IX Coordinator may adjust any time periods or deadlines in the investigation and/or adjudication process that were suspended due to the informal resolution.

Other language in this section, notwithstanding, an informal resolution will not be permitted in any form if the Respondent is a non-student employee accused of committing Sexual Misconduct against a student.

X. Resources

SAIC is committed to providing support and resources that are broadly accessible to all SAIC community members. Anyone who has experienced Sexual Misconduct is urged to immediately seek help. Help includes seeking medical assistance, seeking confidential counseling or crisis response, filing a report with law enforcement, and/or making a report to SAIC. The Title IX Office will help any individual who has experienced Sexual Misconduct, including providing transportation to the hospital, assisting with contacts to law enforcement, and offering information about resources. Although SAIC encourages all members of its community to report any incidents of Sexual Misconduct to the police, the individual who experienced Sexual Misconduct may choose not to make a report to the police.

23. Discrimination, Harassment, and Retaliation Policy

The Art Institute of Chicago (“AIC”), including the School (“SAIC”), the Museum and Central Administration is committed to maintaining an educational and working environment that is free from any form of prohibited discrimination. SAIC prohibits discrimination or harassment based on race, color, gender, religion, national origin, disability, age, actual or perceived sexual orientation, gender-related identity, marital status, parental status, military or former military status, or any other basis protected by federal, state, or local law. AIC also prohibits retaliation against anyone reporting or participating, or thought to have reported or participated in, an allegation, an investigation, or proceeding regarding discrimination or harassment, regardless of whether any discrimination or harassment is substantiated. For purposes of this Policy, the term “AIC” includes all trustees, officers, governors, faculty, staff, and volunteers.

Members of the AIC community are expected to provide truthful information in any report, meeting, or proceeding under this policy.

Relationship with Other Policies

Consensual Romantic or Sexual Relationship Policy. The Faculty Policy Prohibiting Discrimination, Harassment, and Retaliation addresses conduct that is unwelcome and not conduct based on consent. AIC has an additional, separate policy that applies to consensual romantic or sexual relationships with students. See Consensual Romantic or Sexual Relationship https://www.saic.edu/sites/default/files/SAIC_CRSR_Policy.pdf.

Title IX Policy Prohibiting Sex Discrimination. The Title IX Policy Prohibiting Sex Discrimination uses the definitions of discrimination on the basis of sex, and sex-based harassment, including sexual harassment, required under the Title IX regulations. Those definitions differ from the definitions provided in this Policy. Allegations of discrimination on the basis of sex and sex-based harassment that (i) arise in the context of an SAIC educational program or activity occurring within the United States and (ii) will be governed by the Title IX Policy Prohibiting Sex Discrimination. All other allegations of sex-based discrimination, sex-based harassment and sexual harassment will be governed by this Policy.

Except as noted above, where an allegation of misconduct implicates more than one policy, AIC reserves the right to determine the specific resolution process that will be followed.

Definitions

Discrimination is defined as unequal, adverse treatment of an individual because of their protected legal status. This means that unequal, adverse treatment is prohibited if it is because of a person’s race, color, gender, religion, national origin, disability, age, actual or perceived sexual orientation, gender-related identity, marital status, parental status, military or former military status, or any other basis protected by federal, state, or local law.

Harassment is one form of discrimination and is defined as unwelcome, hostile, or inappropriate conduct directed toward an individual because of their status protected by law. The determination of what constitutes illegal harassment varies with the particular circumstances, but it must be so severe, or pervasive that it affects an

employee's ability to work or a student's ability to participate in or benefit from an educational program or activity, or it creates an intimidating, threatening or abusive educational or working environment. It must include something beyond mere expression of opinions, views, words, symbols, or thoughts that someone finds offensive.

Sexual harassment is a form of harassment prohibited by this Policy and it is illegal in the City of Chicago. Sexual harassment includes the following:

1. Any unwelcome sexual advances or unwelcome conduct of a sexual nature; or
2. requests for sexual favors or other verbal or physical conduct of a sexual nature when:
 - Submission to such conduct made either explicitly or implicitly a term or condition of employment or obtaining an education; or
 - Submission to or rejection of such conduct by an individual is used as a factor affecting that individual's employment or education; or
 - Such conduct has the purpose or effect of substantially interfering with an individual's employment or education, e.g., it is so severe, pervasive, or persistent that it creates an intimidating, threatening, offensive, or hostile living, educational, or employment environment under both an objective (a reasonable person's view) and subjective (the complainant's view) standard; or
3. Any behavior of a sexual nature that involves coercion, abuse of authority, or misuse of an individual's employment position.

Examples of sexual harassment include, but are not limited to, offering access to facilities, equipment, higher grades or promotion in exchange for sexual favors; making repeated comments of a lewd nature; and forwarding graphic images of a sexual nature.

An extreme form of sexual harassment includes sexual assault. If a report involves a student or an employee and includes allegations of sexual assault, then the policies and procedures set forth in the Policy Prohibiting Sexual Assault, Domestic Violence, Dating Violence, and Stalking will be followed in the assessment, investigation, and resolution of the report. In no event shall a report proceed simultaneously through more than one procedure.

Retaliation is defined as adverse or negative action (or threats of an adverse or negative action) against an individual because that individual (1) in good faith, reported discrimination, harassment, or retaliation; (2) participated as a party to or witness in an investigation or a proceeding relating to such allegations; or (3) is thought to have participated in a good-faith report of discrimination, harassment, or retaliation, or is thought to have participated as a party to or witness in an investigation or proceeding relating to such allegations.

Confidentiality, as used in this Policy, refers to a legal obligation not to disclose information without the express, written permission of the individual who provided the information, with certain exceptions, such as if there is a continuing threat of serious harm to self or others or another legal obligation to reveal such information (e.g., where there is suspected abuse or neglect of a minor). Various off-campus resources available to anyone, such as counselors, advocates, and health care providers, will also generally maintain confidentiality and not share information with SAIC unless the individual providing the information requests disclosure and signs a consent form. The Employee Assistance Program (800.311.4327), which is available to faculty and staff, is considered a confidential off-campus resource even though it is paid for by SAIC.

Privacy generally means that information related to a report will be shared only with those School employees who "need to know" in order to assist in the review, investigation, or resolution of the report. While not bound by confidentiality, these individuals who receive private information will be discreet and do their best to respect the privacy of all individuals involved in the process. If an investigation is required, the information may also be shared with the alleged offender(s) or others as required to conduct a complete and fair investigation. Although SAIC manages private information with discretion, it is not possible to maintain confidentiality for any information other than information provided to the Confidential Resources.

General Reporting Obligations

All AIC and SAIC staff (excluding Confidential Resources), SAIC student Teaching Assistants and Resident Advisors, and volunteers are required to report incidents or allegations of discrimination, harassment, and retaliation to SAIC's Director of Title IX, EEO, and Employee Relations. This requirement applies to all faculty members and is not limited to faculty members in management positions. Required reporting allows SAIC to provide resources and support to

those who have experienced discrimination, harassment, and retaliation and to take consistent action to respond to reports of such conduct.

Individual faculty members are not expected to be experts on issues such as discrimination and harassment. However, that is not a reason to fail to report behavior that appears to be (or is perceived by others to be) discriminatory or harassing. It is to everyone's benefit that behavior that is thought to be discriminatory or harassing is reported promptly.

Because of these legally-imposed reporting requirements, faculty members who learn of discrimination, harassment, and retaliation may commit to maintaining privacy for the information they receive but cannot commit to maintaining confidentiality. (See Section B above for the definitions of "privacy" and "confidentiality.")

Reporting for Faculty and Staff Claiming Discrimination, Harassment, or Retaliation

Faculty members who believe they were subjected to discrimination, harassment, or retaliation in violation of this Policy should promptly report the matter to the Director of Title IX, EEO, and Employee Relations. The Director of Title IX, EEO, and Employee Relations will notify the Department Chair or Department Head if appropriate. The Director of Title IX, EEO, and Employee Relations may also notify the Faculty Liaison if appropriate. The Faculty Liaison may be particularly important in facilitating informal resolutions, providing an understanding of the Faculty Handbook and serving as an Advisor of choice for faculty members.

If a faculty member alleges that the Director of Title IX, EEO, and Employee Relations is responsible for a violation of this Policy, they should report that only to the Faculty Liaison, and the Faculty Liaison will inform the Chief Human Resources Officer.

Please note that in some cases, SAIC may determine that it has an obligation to investigate a report even if the faculty member who was allegedly subjected to the discrimination, harassment, or retaliation does not seek to do so themselves. The faculty member is encouraged to participate in the process in such cases, but the extent of the faculty member's participation, if any, is ultimately up to the faculty member.

Any employee who wishes to report words or conduct by staff members, managers, faculty, students, contractors, or other third parties that may constitute Prohibited Conduct should do so as soon as possible to any one of the following:

- Their manager
- Their Department Head
- The Director of Title IX, EEO, and Employee Relations; or
- Chief Human Resources Officer

Each of the individuals listed above is committed to maintaining the privacy of the information they receive but cannot commit to maintaining confidentiality. (See Section B above for the definitions of "privacy" and "confidentiality.")

An employee may also submit a report of sexual harassment anonymously by visiting the Stop Sexual Violence page at and following the prompts. That page also includes a listing of legal, governmental or social services resources available to employees who may be experiencing sexual harassment.

Applicable Procedures and Responsible Administrators

After learning of a report of discrimination, harassment, or retaliation, the Director of Title IX, EEO, and Employee Relations will determine which procedures apply and who is responsible for implementing those procedures. The Director of Title IX, EEO, and Employee Relations will also oversee the process. This determination will be made based on the identity of the person alleged to have violated the Policy, who is referred to as the "Respondent." The person making the allegations will be referred to as the "Complainant."

- If the Respondent is a faculty member, the Dean of Faculty and Vice President for Academic Affairs will decide whether a Policy violation occurred and if so, the appropriate sanction. The investigation and resolution of

matters in which the Respondent is a faculty member are governed by Section G below, and anyone with a report that a faculty member engaged in discrimination, harassment, or retaliation should refer to those provisions.

- If the Respondent is a student, the Vice President and Dean of Student Affairs will decide whether a Policy violation occurred and if so, the appropriate sanction. The investigation and resolution of matters in which the Respondent is a student are governed by the Discrimination, Harassment, and Retaliation Policy found in the Student Handbook. Anyone with a report that a student engaged in discrimination, harassment, or retaliation should refer to that Policy. It may also be found at saic.edu/student-handbook.

- If the Respondent is a staff member, the Chief Human Resources Officer will decide whether a Policy violation occurred and if so, the appropriate sanction. The investigation and resolution of matters in which the Respondent is a staff member are governed by the Policy Prohibiting Discrimination, Harassment, and Retaliation found in the Employee Guidelines. Anyone with a report that a staff member engaged in discrimination, harassment, or retaliation should refer to that Policy.

- If the Respondent is a third party on AIC premises, or has dual status with AIC, such as student employee or a staff member who also teaches, the Director of Title IX, EEO, and Employee Relations will determine the appropriate process to be used, including who will conduct the investigation and who will decide the matter (including appeals). If there is a cross complaint, where the Respondent also alleges that the Complainant also violated an AIC Policy, the Director of Title IX, EEO, and Employee Relations may use one of the processes outlined above or may combine or coordinate processes as appropriate to the circumstances. The Director of Title IX, EEO, and Employee Relations will notify both the Complainant and the Respondent of the process to be used.

1. Initial Evaluation of Report that a Staff Member Engaged in Prohibited Conduct Upon reviewing the report and, if appropriate, conducting a preliminary inquiry, the Director of Title IX, EEO, and Employee Relations may suggest an informal resolution, described in Section 2 below. Alternatively, the Director of Title IX, EEO, and Employee Relations may determine that the matter requires a formal resolution, described in Section 3 below. Upon reviewing the report and, if appropriate, conducting a preliminary inquiry, the Director of Title IX, EEO, and Employee Relations will assess the allegations on their face, meaning that there is an assumption that all information in the report is true and would be supported by available evidence. If the Director of Title IX, EEO and Employee Relations determines that some of or all of the allegations on their face would not constitute a violation of the Policy, the Director of Title IX, EEO, and Employee Relations may close the matter or dismiss allegations that would not on their face constitute a violation of the Policy. The Director of Title IX, EEO, and Employee Relations may determine in certain cases that the report, even if substantiated, is insufficient to constitute a violation of the Policy and will notify the Complainant that the matter will be closed without a referral for either informal or formal resolution.

2. Informal Resolution In a diverse community, disagreements and conflicts of various degrees of seriousness are inevitable. In many instances, informal resolution can be useful in resolving various forms of conflict.

An informal resolution is a flexible approach to resolving disagreements. Consequently, there is no fixed format. It can involve a meeting between the two parties to facilitate an informal discussion, arranging to channel communications through a third party if the parties do not want to meet, or some other approach suitable to the circumstances.

If both parties are willing to pursue an informal process, the Director of Title IX, EEO, and Employee Relations or the Faculty Liaison will facilitate it. In some cases, both parties have to agree to the informal resolution process. For example, if an outcome of the informal resolution could result in an adverse employment action (such as a written reprimand), the Respondent must also agree to engage in the informal resolution process. Counseling or coaching a member of the AIC community on AIC's policies and expectations is not considered an adverse employment action.

If the parties engage in an informal process and the parties and the Director of Title IX, EEO, and Employee Relations are satisfied the issue has been resolved, no further action will be taken. If an informal process ends without a satisfactory resolution, then the Complainant may choose to pursue a formal resolution, described in Section 3 below.

An informal process is voluntary; a Complainant does not have to agree to an informal process and if they do pursue an informal resolution, either the Complainant, Respondent, or the facilitator may end it at any time.

3. **Formal Resolution for Faculty:** If an informal process is not used or fails to resolve the matter, the Director of Title IX, EEO, and Employee Relations will promptly initiate an investigation.

During the investigation, each party will be offered equitable opportunities to present information, including but not limited to the opportunity to participate in an interview and offer any additional information that they believe is relevant to the investigation.

Upon completion of the investigation, the Dean of Faculty shall be responsible for determining, based on the available information, whether a policy violation occurred. The determination shall be made on the basis of whether it is more likely than not that the Respondent violated this Policy. To assist in reaching a determination, the Dean of Faculty may, in their sole discretion, meet with the parties, and/or request additional investigative steps.

Violations of this Policy can lead to corrective action ranging from a written reprimand, up to and including termination. In cases where the Dean of Faculty determines that termination is the appropriate action, they must first advise the President of the School. If the President agrees, the faculty member will be terminated immediately, except those faculty members with tenure or whose term appointment has not expired. For those faculty, the matter will proceed in accordance with Section 9.C. AAUP Statements on Academic Due Process Procedures, in the Faculty Handbook Supplement. If the President disagrees with the Dean of Faculty's determination that the Respondent should be terminated, the Dean will determine an appropriate alternative sanction.

Once the Dean of Faculty has decided the sanction, both the Complainant and the Respondent will be notified, in writing, whether discrimination, harassment, or retaliation in violation of this Policy was found to have occurred. In a matter regarding an alleged violation of discrimination based on sex or sexual harassment, the Complainant will also be notified of any individual remedies offered or provided to the Complainant or any sanction that is imposed on the Respondent that directly relates to the Complainant, and other steps SAIC has taken to eliminate the hostile environment, if SAIC finds one to exist, and prevent recurrence.

4. **Formal Resolution for staff:** If an informal process is not used or fails to resolve the matter, the Director of Title IX, EEO, and Employee Relations will promptly initiate an investigation.

During the investigation, each party will be offered equitable opportunities to present information, including but not limited to the opportunity to participate in an interview and offer any additional information that they believe is relevant to the investigation.

Upon completion of the investigation, the Chief Human Resources Officer shall be responsible for determining, based on the available information, whether a policy violation occurred. The determination shall be made on the basis of whether it is more likely than not that the Respondent violated this Policy. To assist in reaching a determination, the Chief Human Resources Officer may, in their sole discretion, meet with the parties, and/or request additional investigative steps.

If the Chief Human Resources Officer finds that it is more likely than not that a Policy violation occurred, they will then determine the appropriate sanction. The Chief Human Resources Officer will take prompt and appropriate action to stop the Prohibited Conduct if a violation of this Policy is found and take action to ensure that the violation will not recur. Even where a violation is not found, it may be appropriate to counsel individuals regarding their behavior or make other non-disciplinary recommendations such as additional training. Violations of this Policy can lead to corrective action ranging from a written reprimand up to and including termination.

Once the Chief Human Resources Officer has decided the sanction, both the Complainant and the Respondent will be notified, in writing, whether Prohibited Conduct in violation of this Policy was found to have occurred.

Timeframe

SAIC strives to complete its investigation and resolution of reports of discrimination, harassment, or retaliation reasonably promptly, taking into consideration factors such as the complexity of the investigation, the severity and extent of the alleged conduct, the timing of school breaks, and the timely participation of people involved in the investigation. SAIC strives to complete the investigation and resolution (excluding any appeal) within ninety (90) calendar days, though that timeframe may be extended based on factors such as those just noted. In cases where the investigation may be lengthy, SAIC endeavors to give the Complainant and the Respondent periodic updates on the anticipated time frame for resolution.

Appeals of Formal Resolutions Decisions for Faculty

Either the Complainant or the Respondent may appeal the decision of the Dean of Faculty within five (5) business days after receiving notice of the decision. The Dean of Faculty has the discretion to decide whether any sanction that may have been imposed will be carried out, revised, or held in abeyance during this five (5) day period and also while an appeal is being considered and decided.

An appeal must be made in writing, must be submitted to the Dean of Faculty, and must state the basis for appeal. Upon receiving an appeal, the Dean of Faculty will promptly notify the Director of Title IX, EEO and Employee Relations. Appeals are only permitted to proceed if the written notice of appeal identifies new information that was not available at the time of the investigation and resolution, and the new information would substantially change the outcome. If the notice indicates that there is such new information, the Dean of Faculty will notify the Complainant and the Respondent of the need to follow up on the new information. The Dean of Faculty may undertake any inquiries that they deem appropriate, including but not limited to requesting the Director of Title IX's office to conduct additional investigation.

Following their examination of the matter, the Dean of Faculty may grant or deny the appeal or take any action that they deem appropriate. The Dean of Faculty will provide written notification of their final decision to the Complainant and the Respondent.

Appeals for Staff Members

Either the Complainant or the Respondent may appeal the decision within five (5) business days after receiving notice of the decision. The Chief Human Resources Officer has the discretion to decide whether any sanction that has been imposed will be carried out, revised, or held in abeyance during this five (5) day period and also while an appeal is being considered and decided.

An appeal must be made in writing, must be submitted to the Chief Human Resources Officer, and must state the basis for appeal. Appeals are only permitted to proceed if the written notice of appeal indicates that the appeal is based on new information that was not available at the time of the investigation and resolution that would substantially change the outcome. If the notice indicates that there is such new information, the Chief Human Resources Officer will notify the Complainant and the Respondent of the need to follow up on the new information. The Chief Human Resources Officer may undertake any inquiries that they deem appropriate, including but not limited to requesting the Human Resources Employee Relations office to conduct additional investigation. Following their examination of the matter, the Chief Human Resources Officer may grant or deny the appeal or take any action that they deem appropriate. The Chief Human Resources Officer will provide written notification of their final decision to the Complainant and the Respondent.

24. Student Conduct Procedures

As members of the SAIC community, all students and recognized student groups and organizations are expected to follow SAIC's Rules of Conduct. Student behavior that is alleged to have violated the Rules of Conduct is referred to in these procedures as "alleged misconduct." SAIC provides a range of resolution approaches for resolving alleged misconduct. The sections below describe these resolution options in detail. Procedures for resolving alleged misconduct by a faculty or staff member can be found in the Faculty Handbook and the SAIC Employee Guidelines.

SAIC is committed to providing a prompt, equitable, and impartial process for addressing reports of alleged misconduct. The Student Conduct Procedures are educational, rather than legal, procedures. The procedures do not require application of legal rules or formal/technical rules of evidence applicable to civil and criminal cases. Because these procedures are designed to further the goals of the SAIC community, they can take place before, during, or after criminal and/or civil proceedings related to the same incident.

Students may not make an audio or video recording of meetings related to the Student Conduct Procedures.

Reporting

SAIC faculty, staff, students, and others may report alleged misconduct. Prompt reporting is strongly encouraged as it is often difficult to trace the facts of the incident(s) long after it has occurred. Any report should be made to the following offices:

- Office of Student Affairs
- Campus Security
- Title IX Office

Accommodations

Students with disabilities may request a reasonable accommodation to facilitate their participation in any of the resolution processes outlined below. To request an accommodation, the student should submit a request to the Disability and Learning Resource Center (DLRC), which can be reached at 312.499.4278 as soon in the process as possible. Before, or simultaneously with, initiating the process of requesting an accommodation from the DLRC, the student should notify their point of contact in the Office of Student Affairs that they intend to pursue an accommodation; this will allow their point of contact to consider this when implementing the resolution process, including, for example, scheduling meetings. To support the request for accommodation, the student will need to provide appropriate documentation of the disability to the DLRC.

1. Definitions

The following terms are used throughout the Student Conduct Procedures.

Vice President and Dean of Student Affairs (VPSA)

The Vice President and Dean of Student Affairs is responsible for the Student Conduct Procedures. The Vice President and Dean of Student Affairs often designates individuals within the Office of Student Affairs, such as a Dean on Call or Residence Life Staff member, to review and resolve reports of alleged misconduct. The Vice President and Dean of Student Affairs or designee is referred to as VPSA for the remainder of this section.

Rules of Conduct

For the purposes of these procedures, the Rules of Conduct refers to all Rules of Conduct, Residence Hall Rules of Conduct, Additional Policies and Guidelines, and Resources and Procedures as found in this handbook.

Report

A report refers to information provided to SAIC regarding alleged misconduct by a student. For more information about how to report alleged misconduct, refer to the Reporting section above.

Respondent

The Respondent refers to the student reported to have engaged in alleged misconduct.

Complainant

The Complainant refers to an SAIC community member who was the subject of the alleged misconduct and who seeks to pursue a formal or voluntary resolution through the Student Conduct Procedures. The Complainant is typically a student, but may also be a faculty or staff member. The VPSA has the discretion to determine if the School will proceed without an individual Complainant. Circumstances when this may occur include, but are not limited to, when the alleged misconduct was not specific to an individual. When the School proceeds without an individual Complainant, references to a Complainant in the sections below will not apply to a particular individual.

Advisor

The Complainant and the Respondent may each have one advisor with them in any meetings related to the Student Conduct Procedures. The advisor may be a student, a member of the faculty or staff, or an individual from outside SAIC. The advisor should not be someone who has relevant information regarding the factual allegations of the report (e.g. somebody who could be interviewed as part of an investigation).

Complainants and Respondents may consult with their advisor throughout the resolution process, including before, during, and after any meeting. The Complainant and Respondent are always responsible for presenting information themselves in the resolution process. Therefore, the advisor may not present information or question staff members during any meeting.

The advisor may only be present during meetings when the person that they are advising is permitted to be present. If the advisor is unavailable for a meeting, SAIC may make reasonable attempts to reschedule a meeting. However, given the limited role of an advisor and the compelling interest of SAIC in concluding the matter expeditiously, meetings may proceed despite the unavailability of an advisor.

If the individual intends to bring an advisor, they must provide advance written notification to the staff member with whom they are meeting. This notification must include the advisor's occupation, contact information, their relationship to the individual requesting the advisor, and any relationship to the School. An advisor may not be permitted to attend a meeting if this notification is not provided at least one business day before the meeting.

Privacy/Confidentiality

Most SAIC employees, including faculty members, have legally-imposed reporting obligations and, as a result, cannot maintain confidentiality. In these circumstances, SAIC is committed to maintaining the privacy of the information shared.

Privacy means that information related to a report will be shared with those school employees who "need to know" in order to assist in the review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and will respect the privacy of all individuals involved in the process. If an investigation is required, the information may also be shared with the Respondent, Complainant, or others who have information regarding the report as required to conduct a complete and fair investigation. Although SAIC manages this information with discretion, it is not possible to maintain confidentiality for any information other than information provided to confidential resources.

Confidentiality, as used in this section, refers to a legal obligation not to disclose information without the express written permission of the individual who provided the information, with certain exceptions, such as if there is a continuing threat of serious harm to self or others or another legal obligation to reveal such information (e.g., where there is suspected abuse or neglect of a minor). On SAIC's campus, only the confidential advisor, the counselors in Counseling Services, and the nurses in Health Services have a legal obligation to maintain confidentiality.

Student Groups and Organizations

A student group/organization is a recognized community of students that has completed a registration process. Members and leaders of student groups/organizations are responsible for following SAIC's Rules of Conduct and all other SAIC policies, and applicable federal, state, and local laws. The VPSA has discretion to hold a student group/organization collectively responsible for a policy violation. Factors in making this determination include, but are not limited to:

- If a student acted in their capacity as a member of the group/organization;
- If a member received the consent or encouragement of the leaders;
- If the violation occurred at or in connection with an event sponsored or promoted by the group.

The VPSA may direct leaders to take appropriate action designed to prevent or end violations of SAIC policy. The student group/organization may also receive additional sanctions including revocation or denial of registration, as well as other appropriate sanctions. If a student group is being held collectively responsible for a policy violation, the process will follow the procedures described below and leaders of the group will be considered the Respondent.

2. Overview of Student Conduct Procedures

The following sections describe the resolution processes for alleged misconduct. However, the Discrimination, Harassment, and Retaliation Policy and the Sexual Assault, Domestic Violence, Dating Violence, and Stalking Policy have certain procedures that are different from those described below. **Refer to those specific policies in this handbook for more information.**

A. Initial Evaluation of a Report that a Student Engaged in Alleged Misconduct

Upon receiving a report of alleged misconduct, the VPSA will review the report to determine how to proceed. The extent of the review of the report is left to the discretion of the VPSA. The VPSA may determine, at any time in the process, that the information presented is insufficient to state a violation of the Rules of Conduct and the matter will be closed. Actions after reviewing the report include, but are not limited to;

- implementing an Interim Action (See Section 2.B.);
- initiating an investigation (See Section 2.C.) and/or;
- pursuing a resolution process (See Section 3).

B. Interim Action

At any time in the process, the VPSA may take action to protect the safety of member(s) of the SAIC community and/or preserve SAIC property. Such actions include, but are not limited to:

- No Contact Instruction—A restriction between members of the SAIC community that they may not contact each other.
- Campus Restrictions—This can take various forms, such as interim suspension or otherwise limiting a student's access to campus, to certain areas of campus, or to attend class(es).

When given a Campus Restriction, the VPSA will notify the student of the reasons for the Campus Restriction and the student will be given an opportunity to appeal. The student may appeal within five (5) days of their receipt of the decision by submitting a written statement to the VPSA stating the basis for the appeal. The VPSA has the discretion to leave the Campus Restriction in place during this five (5) day period and also while an appeal is being considered and decided. After considering the student's appeal, the VPSA may confirm, modify, or cancel the Campus Restriction.

C. Investigation

SAIC may conduct an investigation to gather more information regarding the report. SAIC has discretion regarding the scope of the investigation. The scope will vary depending on the particular facts and information available in each case, as well as the resolution process being pursued. This may include speaking with the Respondent, Complainant, or individuals who have information relevant to the report. It also may include, but is not limited to, reviewing documentation, materials available electronically, or requesting written statements from any individual with information regarding the incident. The Complainant and Respondent may provide information and/or suggest individuals to be interviewed with information directly relevant to the report. In general, investigations will not include character or expert witness statements.

Students who provide information as part of an investigation must provide truthful information. Providing information that is not truthful constitutes a violation of the Rules of Conduct.

The Complainant and/or Respondent may, if they wish, present letters of support from members of the community or others. These letters will not be part of the investigation, but the VPSA may, if appropriate, allow these materials to be presented to decision makers during a Student Conduct Meeting with an explanation of who provided the materials and that they are not part of the investigation.

3. Resolution Processes

SAIC offers different resolution options to address reports of alleged misconduct. The VPSA has discretion regarding which resolution option will be used to address the allegation. If appropriate, the VPSA may seek input from the Respondent and/or Complainant regarding which resolution option to pursue. The Respondent and/or Complainant may also make a request to the VPSA to pursue a certain resolution process. The VPSA may decide to end one resolution process and begin another at any point in the process. Generally, two resolution processes may not be pursued simultaneously and once a resolution process is complete, a different resolution option will not be pursued for the same report.

There are four different resolution options for reports of alleged misconduct. The appropriateness of each resolution option depends on the circumstances of the case including the severity, complexity, and location of the alleged violation.

Informal Resolution—an informal approach can be useful in resolving conflicts between students or reports that may not be sufficient to state a violation of policy. Informal Resolutions can take a variety of forms including facilitated discussions between students, agreements about contact, or some other approach suitable to the circumstances. For more information regarding Informal Resolution options, see Section 3.A. Informal Resolution below.

Voluntary Resolution—when SAIC receives a report, a Respondent may accept a finding of responsibility and an appropriate sanction for the behavior. In these cases, the VPSA may offer a Voluntary Resolution to the Complainant and Respondent as an option to provide them with an expedited resolution. For more information regarding Voluntary Resolutions, see Section 3.B. Voluntary Resolution below.

Formal Resolution—for most other reports of alleged misconduct, SAIC staff members will review the information available to them to make a determination regarding if the Respondent violated SAIC policy and, if so, what the sanctions will be. For more information regarding Formal Resolutions, See Section 3.C. Formal Resolution below.

Pre-Attendance Resolution—to address a report of alleged misconduct that occurred prior to a student first beginning classes at SAIC, the VPSA will have the discretion to follow either the Student Conduct Meeting Resolution procedures or the Pre-Attendance Resolution procedures. If a report of alleged misconduct comes to the attention of SAIC prior to the student's first day of class, then the process will be managed by the Vice President of Enrollment Management. For more information regarding Pre-Attendance Resolutions, see Section 3.D. Pre-Attendance Resolution below.

A. Informal Resolution

An Informal Resolution is a flexible approach to resolving conflicts between community members and may be used to address alleged misconduct when the involved parties do not wish to pursue a Formal Resolution process.

Informal Resolutions can involve either Conflict Coaching or Guided Conversation as described in the Conflict Resolution at SAIC section in this Student Handbook. SAIC also may implement other measures such as:

- An instruction for community members not to contact each other;
- Changes in academic, work, or living arrangements.

The VPSA will facilitate the informal process. In order for an informal process to be utilized, the Respondent and Complainant must agree in writing or by other means to participate. If either party does not agree to or abide by the terms of an information resolution, the VPSA may pursue a different resolution option instead. An informal resolution does not result in findings related to responsibility or in sanctions.

B. Voluntary Resolution

In some situations, after being notified of a report of alleged misconduct, a Respondent may choose to accept a finding of responsibility for the alleged misconduct. Under those circumstances, the VPSA may offer the possibility of a "Voluntary Resolution" to the Complainant and Respondent. If the Complainant and Respondent accept the use of a Voluntary Resolution, the VPSA will proceed by notifying the Complainant and the Respondent of the VPSA's potential finding and proposed sanction(s). The Complainant and Respondent will then have the opportunity to accept the finding and the sanction(s).

If both the Complainant and Respondent accept the finding and the sanction(s), the VPSA will send a notification to the Complainant and Respondent of the decision and sanctions, and the process will end.

If either the Complainant or Respondent reject both the finding and the sanction(s), the VPSA will end its consideration of a Voluntary Resolution and determine next steps. Possible next steps include, but are not limited to, pursuing further investigation and/or pursuing a Formal Resolution process (See Section C below).

If both the Complainant and Respondent accept the finding, but either rejects the sanction(s), a Student Conduct Meeting will be convened for the sole purpose of considering and recommending appropriate sanction(s), if any, to the VPSA. The VPSA will have final discretion with respect to the sanction(s). The Complainant and Respondent will be notified of the sanction(s) as well as of the process for appeal of the sanctions. See Section C below for more information about the Formal Resolution process and the Student Conduct Meeting.

C. Formal Resolution

The Formal Resolution process involves convening a Student Conduct Meeting where trained staff members make a determination of whether the Respondent violated SAIC policy. The Student Conduct Meeting is intended to be educational in nature and allows the Complainant and Respondent an opportunity to address the alleged misconduct. Student Conduct Meetings include Administrative Conduct Meetings and Conduct Board Meetings as explained below.

Student Conduct Meetings can be facilitated in several ways. Students may meet with one or two staff members designated by the VPSA (such as a Residence Life professional staff member, a Dean on Call, or the Dean of Student Life) referred to as an Administrative Conduct Meeting. Students may also meet with a board consisting of representatives from SAIC's administration, faculty, and student body referred to as a Conduct Board Meeting. As the Chair of the Student Conduct Board, the VPSA may determine, in their reasonable discretion, that the Student Conduct Board Meeting shall proceed in the absence of a representative from one of those three groups. The Complainant and Respondent will be notified of the format of the meeting in the Notice of Alleged Misconduct.

• Notice of Alleged Misconduct

In advance of the Student Conduct Meeting, the VPSA will send a written Notice of Alleged Misconduct (Notice) to the Complainant and the Respondent. The Notice shall identify the Rules of Conduct or other policies under review, and state the date, time, place, and format of the meeting to resolve the report. As a general matter, the VPSA will provide this Notice at least five business days before the scheduled date of the meeting. In extreme circumstances when the VPSA is unable to provide the Notice five days before the scheduled date of the meeting, the VPSA will provide as much notice as is reasonable under the circumstances.

• Student Response to Notice of Alleged Misconduct

The Complainant and Respondent have the opportunity to respond in writing to the Notice if either wishes to oppose the allegation and/or provide additional information. If the Complainant and/or Respondent choose to provide a response, they must provide that response to the VPSA on the date indicated in the Notice, typically at least forty-eight (48) hours in advance of the Student Conduct Meeting. No determination of responsibility or sanctions will be based solely on the absence of a response to the Notice.

• Attendance at the Student Conduct Meeting

A Student Conduct Meeting may be conducted in the absence of the Complainant and/or the Respondent, if either or both do not attend. No determination of responsibility or sanctions will be based solely upon their absence from the Student Conduct Meeting.

Admission of any person to the Student Conduct Meeting shall be at the discretion of the VPSA. In all matters, both the Complainant and Respondent are entitled to the same opportunities to have others present during the meeting and the VPSA shall exercise their discretion accordingly.

No individual other than that individual's advisor, if any, shall be present while any other individual is making a statement, or otherwise appearing in the Student Conduct Meeting.

- **Information Reviewed**

The alleged misconduct will be reviewed during the Student Conduct Meeting. Information at the Student Conduct Meeting shall be presented at the discretion of the VPSA. In all matters, both the Complainant and the Respondent are entitled to the same opportunities to present information during the meeting.

Determination of Responsibility

The determination of whether the Respondent is found responsible for any violation shall be made on the basis of whether it is more likely than not that the Respondent violated the policy in question. This standard is called the “preponderance of the evidence” standard.

- **Deliberations and Decision Making**

The Complainant, Respondent, and any advisors shall not be present during deliberations. In the case of an Administrative Conduct Meeting, the VPSA shall make the decision. In the case of a Student Conduct Board, the Student Conduct Board shall make a recommendation, including any proposed sanctions, and the reasons therefore, to the VPSA. The VPSA shall have final discretion as to the determination of responsibility and any sanctions.

At any time during the proceedings, including during the deliberations, the VPSA has the discretion to ask for additional information from any person, including persons who have previously appeared before the Student Conduct Board/staff member(s) and those who have not.

- **Outcome**

- The Respondent will be notified of the decision and sanctions (if any) resulting from the Student Conduct Meeting.
- The Complainant will be notified of the decision and, where permitted by law, any sanctions resulting from the Student Conduct Meeting that apply directly to them (for example, in a complaint of discrimination based on sex, including sexual harassment).
- In a matter regarding an alleged violation of sexual assault, domestic violence, dating violence and/or stalking, the VPSA will simultaneously notify the Complainant and the Respondent, in writing, of the decision; the sanction, if any; the rationale for the result and the sanction; and the appeal process. This notice will be provided within seven business (7) days of the decision.
- Upon written request, SAIC will disclose to the alleged victim of any crime of violence (including sexual violence), the decision and any sanction that is imposed on the Respondent (not just those that directly relate to the Complainant) or, if the alleged victim is deceased as a result of the crime, the next of kin of such victim may request such disclosure.

- **Appeal**

Either the Complainant or the Respondent may appeal the decision made by the VPSA within five business (5) days after receiving notice of the decision. The VPSA has the discretion to decide whether any sanction that has been imposed will be carried out, revised, or held in abeyance during this five (5) day period and also while an appeal is being considered and decided. An appeal must be made in writing, submitted to the VPSA, and must state the basis for the appeal. Appeals are only permitted to proceed if the written notice of the appeal indicates that there is new information that was not available at the time of the Student Conduct Meeting that would substantially change the outcome. If the notice indicates that there is such new information, the VPSA may undertake any inquiries that they deem appropriate. Following their examination of the matter, the VPSA shall have final discretion to determine the disposition of the appeal, including granting or denying the appeal or taking any action that they deem appropriate. The VPSA will provide written notification of their final decision to the Complainant and the Respondent.

D. Pre-Attendance Resolution

To resolve matters involving a report of alleged misconduct that occurred prior to a student first beginning classes at SAIC, the VPSA or the Vice President of Enrollment Management, as applicable, will have the discretion to apply the Formal Resolution procedures or the procedures outlined below.

The VPSA, the Vice President of Enrollment Management or the appointed designee will first notify the Respondent of the report and then seek to gather information relevant to the report, including but not limited to information from the Respondent. Once the investigation is complete, the VPSA, the Vice President of Enrollment Management or the appointed designee will review the allegation of misconduct and render a determination as to whether it is more likely than not that the Respondent violated the Rules of Conduct. If the Respondent is found responsible, the VPSA or the Vice President of Enrollment Management will determine the sanction, if any, to be imposed upon the student. The Respondent will be notified of the decision and sanction, if applicable.

4. Sanctions

SAIC may impose sanctions against a student who violates School standards, which include the Rules of Conduct, Residence Hall Policies, and other SAIC policies, rules, and regulations. Sanctions are intended to be educational in nature and prevent any further behavior that violates these standards. When considering the sanctions to be imposed, a range of factors may be considered, including the nature, context, and severity of an incident, level of accountability and responsibility taken by the student, and the disciplinary history of the student. These sanctions are defined as follows:

- **Letter of Warning:** A letter of formal warning regarding SAIC's policies. After receipt a Letter of Warning, any other violations of SAIC policy, rules, or regulations may result in probation from SAIC and/or the residence halls or further sanctions.
- **Residence Hall Probation:** A residential probationary status for a specified period of time, during which the student must demonstrate behavior acceptable to SAIC. Additional restrictions or conditions may be imposed. Violations of the terms of the probation, or any other violations of SAIC policy, rules, or regulations during the period of probation may result in suspension or expulsion from SAIC and/or the residence halls.
- **Probation (nonacademic):** A probationary status for a specified period of time, during which the student must demonstrate behavior acceptable to SAIC. Additional restrictions or conditions may be imposed. In general, students may not participate in an SAIC Study Abroad or Internship Program while they are on probation; however, exceptions may be granted in extenuating circumstances as determined by the VPSA. Violations of the terms of the probation, or any other violations of SAIC policy, rules, or regulations during the period of probation may result in suspension or expulsion from SAIC and/or the residence halls.
- **Loss of Privileges:** Denial of specified privileges (e.g. guest and visitation privileges in the residence hall or ability to participate in an SAIC study trip) for a designated period of time.
- **Restrictions:** Restrictions that limit a student's access to specific areas of campus or ability to communicate with certain community members.
- **Residence Hall Suspension:** Exclusion for a period of time from the residence halls. Students may be suspended from the residence halls without being suspended from classes. Students suspended from the residence halls may not be signed in as a guest.
- **Suspension:** Exclusion for a period of time from one or more classes, SAIC premises and/or other privileges or activities as set forth in the notice of suspension. Notice of a suspension may appear on the student's academic transcript for up to two years after the date on which the suspension was concluded.
- **Residence Hall Expulsion:** Permanent removal and loss of privileges associated with living on campus. Students may be expelled from the residence halls without being expelled from classes. Students expelled from the residence halls may not be signed in as a guest. An expulsion from the residence halls may be recorded on the student's transcript, depending on the circumstances.
- **Expulsion:** Permanent separation of the student from SAIC and termination of student status and exclusion from SAIC premises, privileges, and activities. An expulsion will be recorded on the student's permanent academic transcript.
- **Restitution or Discretionary Sanctions:** Reimbursement for services, loss, damage, or misappropriation of property. Discretionary sanctions may also take the form of appropriate service or repair, work assignments, service to SAIC, educational sanctions, or referral to drug or alcohol educational programs.
- **Revocation of Admission:** Admission to SAIC may be revoked for violations of the School's Rules of Conduct.
- **Revocation of Degree:** A degree awarded from SAIC may be revoked for violations committed by a student prior to graduation.

- **Withholding Degree:** SAIC may withhold awarding a degree otherwise earned until completion of the process set forth in the Student Conduct Procedures, including the completion of all sanctions imposed, if any.

SAIC may impose any one or more of these sanctions, or other sanctions, without prior admonishment or warning, depending on the type of misconduct. In general, if a student has already been subjected to a sanction, any subsequent sanction will be more severe.

25. Procedures for Disciplinary Action Involving Employees

Employees are advised of the Art Institute's Employee Guidelines at the point of hire. The Guidelines convey current policies and procedures that apply to all employees and establishes expectations regarding conduct in the workplace. Employees are also required to attend New Employee Orientation, where among other things, resources are shared aimed at promoting safety and security of person and property. The Guidelines are made available on the organization's Intranet page.

Employees who manage staff are required to attend additional training that identifies their responsibility for ensuring that the workplace is free of harassment, violence or any inappropriate behavior that threatens the safety and security of staff, students and visitors.

The Art Institute Employee Guidelines state that, "The AIC treats violations of the rules and regulations and any job performance problems that may arise in a fair and consistent manner. The main objective of this approach is to make the employee aware of any serious problems and to offer the employee the opportunity to correct these deficiencies. A violation of AIC's rules should be brought to the attention of the employee promptly, usually within 24 hours of the occurrence, unless work schedules require additional time or a longer notification period. Certain violations may be subject to immediate dismissal.

"The AIC reserves the right to impose appropriate disciplinary action for any conduct it considers to be disruptive or inappropriate. The circumstances of each situation may differ, and the level of disciplinary action may also vary depending upon factors such as the nature of the offense, whether it was repeated, the employee's work record and the impact of the conduct on the organization."

Sanctions:

As stated in the Employee Guidelines under the heading, 17.4 Disciplinary Measures, "Employees may be disciplined by:

- *Oral or Written Warning,*
- *Suspension With or Without Pay,*
- *Wage Freeze,*
- *Wage Reduction or Deduction,*
- *Demotion, or*
- *Dismissal.*

"Employees may be given notice of such discipline, including the effective date and time and the specific reason. Where appropriate, discipline will be administered in a progressive manner."

26. Location of Registered Sex Offender Information

It is the policy of the School of the Art Institute of Chicago that, in accordance with the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, Campus Security provides a link to the Illinois State Police database of all registered sex offenders in Illinois. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the State of Illinois, convicted sex offenders must register with the Sex Offender Database maintained by the Illinois State Police.

The Sex Offender Database is available via the Internet at <https://www.isp.state.il.us/sor/>. Once there, you can search by name, city, county, zip code, status and offender type. Our campus is in Cook County, the City of Chicago, and in zip codes 60601, 60602, 60603 and 60605. We also have non-campus property in zip code 60614.

27. Crime Statistics

It is the policy of the School of the Art Institute of Chicago that Campus Security records all reported incidents of criminal activity. The statistics are collected from Campus Security as well as from reports by Campus Security Authorities and local law enforcement. This information is disseminated to our community via email notification as well as being included in this Annual Security Report. Campus Security is responsible for collecting, collating, and publishing these crime statistics as required by the Clery Act.

The table under Section 31 – Campus Crime Statistics provides information about serious crimes and attempted crimes on campus that were reported to Campus Security for the time periods indicated. The table also indicates the number of arrests and referrals made on campus for violation of liquor laws, for drug offenses and for weapons offenses. An arrest is defined as the processing of a person by arrest, citation, or summons. A referral is defined as the referral of a person to any campus official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction. Many cases involving students who are found to be underage and in possession of alcohol were handled as referrals to the Offices of Residence Life or Student Affairs rather than to the criminal justice system.

28. Crime Log

Campus Security maintains a daily log, which records all crimes reported to Campus Security, except when disclosure of such information is prohibited by law or such disclosure would jeopardize the confidentiality of the victim. For example, information may be temporarily withheld if release of such information would: (a) jeopardize an ongoing criminal investigation or the safety of an individual; (b) cause a suspect to flee or evade detection; or (c) result in the destruction of evidence. SAIC does not include identifiable information about victims in the Crime Log. Standard notations on the log include the nature, date, time and general location of each crime, and the resolution of the complaint, if known. Logs are available for review at the Campus Security Office. Any portion of the log that is older than 60 days will be made available for public inspection within two business days of the receipt of a written request. The crime log is available for review at the Campus Security Desk at 37 S. Wabash, Monday through Friday, between 7:00am - 3:00pm.

30. Reporting Standards

a. Different Reporting Standard for Liquor, Drug, and Weapons Offenses

The Clery Act treats incidents involving “liquor law violations,” “drug law violations,” and “weapons law violations” differently from other crimes for which statistics must be reported. Incidents involving liquor, drug and weapons offenses must be reported for statistical purposes only where:

- arrests occurred, or
- one or more students were referred for campus disciplinary action.

For this category of offense alone the statistics published reflect the number of persons who were arrested or referred, not simply the number of incidents as is the case with the other Clery Act crimes.

b. “Head Count” for Alcohol, Drug, and Weapons Offense

These statistics reflect the number of people who were arrested or referred for disciplinary action. Example: If 10 people are arrested or referred for a single incident of underage drinking, the number reported will be 10, not one.

31. Geographic Locations

Crime statistics are categorized in four locations. Specific statutory definitions of these geographic areas are explained below:

It is the policy of the School of the Art Institute of Chicago that neither SAIC, its officers, its employees, nor its agents participating in any program under United States Code Title 20 (Education), Chapter 28 (Higher Education Resources and Student Assistance), Subchapter IV (Student Assistance), Part F (General Provisions Relating to Student Assistance Programs), and United States Code Title 42 (The Public Health and Welfare), Chapter 34 (Economic Opportunity Program), Subchapter I (Research and Demonstrations), Part C (Federal Work Study Programs) may retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of any provision of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

33. Drug Free Schools and Communities Act

It is the policy of the School of the Art Institute of Chicago that SAIC is a designated Drug Free Campus and Workplace. Because the possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws, violators are subject to criminal prosecution and SAIC disciplinary actions.

In accordance with the Drug-Free Schools and Communities Act Amendments of 1989 (PL 101-226), the School of the Art Institute of Chicago (SAIC) distributes a notice by October 1 each year to all students and employees detailing the laws, risks, and treatments associated with drug and alcohol abuse. Because this notice is only one means of communicating this information, we encourage students to contact any member of the Student Affairs staff for further information or counseling. We encourage employees to contact a representative of the Human Resources department for further information or counseling. You may obtain a copy of this notice by contacting the Campus Security office, or by accessing the following link:

https://www.saic.edu/sites/default/files/drug_free_schools_communities_act.pdf

As prescribed by the amendments, the following details the laws, risks, and treatment associated with drug and alcohol abuse.

Illinois Cannabis Control Act 720 ILCS 550/10 (from Ch. 56 1/2, par. 710)

(Text of Section before amendment by P.A. 100-3)

Sec. 10. (a) Whenever any person who has not previously been convicted of any felony offense under this Act or any law of the United States or of any State relating to cannabis, or controlled substances as defined in the Illinois Controlled Substances Act, pleads guilty to or is found guilty of violating Sections 4(a), 4(b), 4(c), 5(a), 5(b), 5(c) or 8 of this Act, the court may, without entering a judgment and with the consent of such person, sentence him to probation.

(b) When a person is placed on probation, the court shall enter an order specifying a period of probation of 24 months, and shall defer further proceedings in the case until the conclusion of the period or until the filing of a petition alleging violation of a term or condition of probation.

(c) The conditions of probation shall be that the person: (1) not violate any criminal statute of any jurisdiction; (2) refrain from possession of a firearm or other dangerous weapon; (3) submit to periodic drug testing at a time and in a manner as ordered by the court, but no less than 3 times during the period of the probation, with the cost of the testing to be paid by the probationer; and (4) perform no less than 30 hours of community service, provided community service is available in the jurisdiction and is funded and approved by the county board.

(d) The court may, in addition to other conditions, require that the person:

(1) make a report to and appear in person before or participate with the court or such courts, person, or social service agency as directed by the court in the order of probation;

(2) pay a fine and costs;

(3) work or pursue a course of study or vocational training;

(5) attend or reside in a facility established for the instruction or residence of defendants on probation;

(6) support his dependents;

(7) refrain from possessing a firearm or other dangerous weapon;

(7-5) refrain from having in his or her body the presence of any illicit drug prohibited by the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, unless prescribed by a physician, and submit samples of his or her blood or urine or both for tests to determine the presence of any illicit drug;

(8) and in addition, if a minor:

(ii) attend school;

(iii) attend a non-residential program for youth;

(f) Upon fulfillment of the terms and conditions of probation, the court shall discharge such person and dismiss the proceedings against him.

(g) A disposition of probation is considered to be a conviction for the purposes of imposing the conditions of probation and for appeal, however, discharge and dismissal under this Section is not a conviction for purposes of disqualification or disabilities imposed by law upon conviction of a crime (including the additional penalty imposed for subsequent offenses under Section 4(c), 4(d), 5(c) or 5(d) of this Act).

(h) A person may not have more than one discharge and dismissal under this Section within a 4-year period.

(j) Notwithstanding subsection (a), before a person is sentenced to probation under this Section, the court may refer the person to the drug court established in that judicial circuit pursuant to Section 15 of the Drug Court Treatment Act. The drug court team shall evaluate the person's likelihood of successfully completing a sentence of probation under this Section and shall report the results of its evaluation to the court. If the drug court team finds that the person suffers from a substance abuse problem that makes him or her substantially unlikely to successfully complete a sentence of probation under this Section, then the drug court shall set forth its findings in the form of a written order, and the person shall not be sentenced to probation under this Section, but shall be considered for the drug court program.

Illinois Cannabis Control Act 720 ILCS 550/10.1 (from Ch. 56 1/2, par. 710.1)

Sec. 10.1. (a) Whenever any person pleads guilty to, is found guilty of or is placed on supervision for an offense under this Act, a fine may be levied in addition to any other penalty imposed by the court.

(b) In determining whether to impose a fine under this Section and the amount, time for payment and method of payment of any fine so imposed, the court shall

(1) consider the defendant's income, regardless of source, the defendant's earning capacity and the defendant's financial resources, as well as the nature of the burden the fine will impose on the defendant and any person legally or financially dependent upon the defendant;

(2) consider the proof received at trial, or as a result of a plea of guilty, concerning the full street value of the cannabis seized and any profits or other proceeds derived by the defendant from the violation of this Act;

(3) take into account any other pertinent equitable considerations; and

(4) give primary consideration to the need to deprive the defendant of illegally obtained profits or other proceeds from the offense.

For the purpose of paragraph (2) of this subsection, "street value" shall be determined by the court on the basis of

testimony of law enforcement personnel and the defendant as to the amount seized and such testimony as may be required by the court as to the current street value of the cannabis seized.

(c) As a condition of a fine, the court may require that payment be made in specified installments or within a specified period of time, but such period shall not be greater than the maximum applicable term of probation or imprisonment, whichever is greater. Unless otherwise specified, payment of a fine shall be due immediately.

(d) If a fine for a violation of this Act is imposed on an organization, it is the duty of each individual authorized to make disbursements of the assets of the organization to pay the fine from assets of the organization.

(e) (1) A defendant who has been sentenced to pay a fine, and who has paid part but not all of such fine, may petition the court for an extension of the time for payment or modification of the method of payment.

(2) The court may grant a petition made pursuant to this subsection if it finds that

(i) the circumstances that warranted payment by the time or method specified no longer exist; or

(ii) it is otherwise unjust to require payment of the fine by the time or method specified.

Alcohol's Effects on the Body

Drinking too much – on a single occasion or over time – can take a serious toll on your health. Here's how alcohol can affect your body:

Brain:

Alcohol interferes with the brain's communication pathways, and can affect the way the brain looks and works. These disruptions can change mood and behavior, and make it harder to think clearly and move with coordination.

Heart:

Drinking a lot over a long time or too much on a single occasion can damage the heart, causing problems including:

- Cardiomyopathy – Stretching and drooping of heart muscle
- Arrhythmias – Irregular heart beat
- Stroke
- High blood pressure

Liver:

Heavy drinking takes a toll on the liver, and can lead to a variety of problems and liver inflammations including:

- Steatosis, or fatty liver
- Alcoholic hepatitis
- Fibrosis
- Cirrhosis

Pancreas:

Alcohol causes the pancreas to produce toxic substances that can eventually lead to pancreatitis, a dangerous inflammation and swelling of the blood vessels in the pancreas that prevents proper digestion.

Cancer:

Source: National Cancer Institute -- see

<https://www.cancer.gov/about-cancer/causes-prevention/risk/alcohol/alcohol-fact-sheet>:

Based on extensive reviews of research studies, there is a strong scientific consensus of an association between

alcohol drinking and several types of cancer. In its Report on Carcinogens, the National Toxicology Program of the US Department of Health and Human Services lists consumption of alcoholic beverages as a known human carcinogen. The research evidence indicates that the more alcohol a person drinks—particularly the more alcohol a person drinks regularly over time—the higher his or her risk of developing an alcohol-associated cancer. Based on data from 2009, an estimated 3.5 percent of all cancer deaths in the United States (about 19,500 deaths) were alcohol related.

Clear patterns have emerged between alcohol consumption and the development of the following types of cancer:

- **Head and neck cancer:** Alcohol consumption is a major risk factor for certain head and neck cancers, particularly cancers of the oral cavity (excluding the lips), pharynx (throat), and larynx (voice box). People who consume 50 or more grams of alcohol per day (approximately 3.5 or more drinks per day) have at least a two to three times greater risk of developing these cancers than nondrinkers. Moreover, the risks of these cancers are substantially higher among persons who consume this amount of alcohol and also use tobacco.
- **Esophageal cancer:** Alcohol consumption is a major risk factor for a particular type of esophageal cancer called esophageal squamous cell carcinoma. In addition, people who inherit a deficiency in an enzyme that metabolizes alcohol have been found to have substantially increased risks of alcohol-related esophageal squamous cell carcinoma.
- **Liver cancer:** Alcohol consumption is an independent risk factor for, and a primary cause of, liver cancer (hepatocellular carcinoma). (Chronic infection with hepatitis B virus and hepatitis C virus are the other major causes of liver cancer.)
- **Breast cancer:** More than 100 epidemiologic studies have looked at the association between alcohol consumption and the risk of breast cancer in women. These studies have consistently found an increased risk of breast cancer associated with increasing alcohol intake. A meta-analysis of 53 of these studies (which included a total of 58,000 women with breast cancer) showed that women who drank more than 45 grams of alcohol per day (approximately three drinks) had 1.5 times the risk of developing breast cancer as nondrinkers (a modestly increased risk). The risk of breast cancer was higher across all levels of alcohol intake: for every 10 grams of alcohol consumed per day (slightly less than one drink), researchers observed a small (7 percent) increase in the risk of breast cancer.

The Million Women Study in the United Kingdom (which included more than 28,000 women with breast cancer) provided a more recent, and slightly higher, estimate of breast cancer risk at low to moderate levels of alcohol consumption: every 10 grams of alcohol consumed per day was associated with a 12 percent increase in the risk of breast cancer.

- **Colorectal cancer:** Alcohol consumption is associated with a modestly increased risk of cancers of the colon and rectum. A meta-analysis of 57 cohort and case-control studies that examined the association between alcohol consumption and colorectal cancer risk showed that people who regularly drank 50 or more grams of alcohol per day (approximately 3.5 drinks) had 1.5 times the risk of developing colorectal cancer as nondrinkers or occasional drinkers. For every 10 grams of alcohol consumed per day, there was a small (7 percent) increase in the risk of colorectal cancer.

Immune System:

Drinking too much can weaken your immune system, making your body a much easier target for disease. Chronic drinkers are more liable to contract diseases like pneumonia and tuberculosis than people who do not drink too much. Drinking a lot on a single occasion slows your body's ability to ward off infections – even up to 24 hours after getting drunk.

B. Number of Regular Mandatory Supervised Fire Drills:

There were two mandatory supervised fire drills conducted in each SAIC owned/operated campus building last year (1 drill per academic semester).

C. Policies on Portable Electrical Appliances, Smoking and Open Flames:

Residence Life conducts residence hall health and safety inspections periodically throughout the year. The health and safety inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Student Handbook-Additional Residence Hall Policies, which includes the health, safety and other rules and regulations for residential buildings. The Student Handbook also includes the rules of conduct for all SAIC students and the range of sanctions that might be imposed for conduct violations.

The Additional Residence Hall Policies section of the Student Handbook states the following:

Many SAIC students take advantage of the community living environment provided by SAIC's residence halls. As a resident, students can immerse themselves in a community of fellow artists, live right in the heart of Chicago's Loop, and enjoy conveniences not found in most student apartments.

In addition to adhering to the Rules of Conduct described above, all residents and their guests/visitors are expected to adhere to the Residence Hall Rules of Conduct. Committing one or more of the following acts of misconduct may subject the student to SAIC's Student Conduct Procedures.

Additional guidelines for some Residence Hall Rules of Conduct can be found in the Residence Hall Specific Policies.

- **Improper Studio Use.** Improperly using the residence hall studio space or using hazardous materials in the Residence Halls. Additional guidelines are set forth in the Studio Use Policy found in the Residence Hall Specific Policies section of the Student Handbook.
- **Power Tool Use.** Using power tools (such as power saws, drills, etc.) in a resident's room or areas except the approved area on the 17th floor studio in the 162 North State Street Residences.

- **Unattended Cooking.** Leaving food cooking unattended at any time or leaving any appliance unattended during use with the exception of slow cookers as defined by the Fire Safety Policy found in the Specific Policies section of the Student Handbook.

The Student Handbook Rules of Conduct states the following:

The Rules of Conduct have been established to create an environment that is conducive to artistic and personal growth and development. Committing one or more of the following acts of misconduct may subject the student to SAIC's Student Conduct Procedures.

More information about some of the Rules of Conduct can be found in the Specific Policies section of the Student Handbook.

- **Fire Safety.** Behaviors that cause a fire or fire hazard. Additional guidelines are set forth in the Fire Safety Policy found in the Specific Policies section of the Student Handbook.
- **Smoking.** Smoking cigarettes, electronic cigarettes such as vaporizers/atomizer (vapes), pipes, or any other smoking device (either purchased or created) in all SAIC buildings, including residence halls and academic buildings, or within 15 feet of the entrance to all SAIC buildings.

The Fire Safety section of the Student Handbook states the following:

Students must not engage in activities that create or maintain a fire or fire hazard. Specific rules pertaining to fire safety include the following:

- **Fire Safety Equipment**—Students may not tamper with or hang anything from fire safety equipment such as sprinklers, pull stations, fire extinguishers, smoke alarms, fire curtains, or any other equipment for fire prevention, detection, or response. This includes, but is not limited to, installing, decorating, hanging, or otherwise placing an item (including artwork) in a manner that may conceal exits or exit signs, sprinkler heads, and fire safety devices, or impede exit in any way.
- **Open Flames and Gas Containers**—In general, with the exception of portable lighters, open flames and devices that produce open flames including, but not limited to, butane torches and grills, are prohibited on campus. Flammable fuels such as kerosene, propane, butane, and gasoline are prohibited on campus. To request permission to use these items for art making, students must contact Art School Considerations at asc_saic@saic.edu.
- **Candles**—Candles may not be lit on campus. Candles are not allowed on campus unless the candle has never been burned. Candle warmers are not permitted on campus.
- **Incense**—Incense or incense paraphernalia (including sticks and powder) may not be lit on campus. Incense and incense paraphernalia are not allowed on campus unless never lit.
- **Appliances**—Students may not overload the electrical circuits as this can present fire hazards. The following appliances are not allowed on campus:
 - Open element appliances, such as space heaters, broilers, and heat guns
 - Sun lamps
 - Hot plates
 - Instant pots and pressure cookers
 - Slow cookers (Crock-Pots) are only permitted if they have an automatic shut off. Slow cookers are only permitted for food preparation and may not be used for art making (e.g. wax melting).
 - Halogen lamps/tungsten lights are only permitted on campus if they are checked out from the Media Center and used in a safe manner. Students may not hang clothing, towels, curtains, scarves or any fabrics over a halogen/tungsten lamp. Students must turn them off when not in use and keep them away from combustible materials and fabrics such as bedding, drapes, bookcases, and furniture.
- **Electrical Decorations and Extension Cords:** Electrical decorations and extension cords must have the UL or FM label intact and be identified for indoor use. Extension cords and surge protectors may not be plugged directly into each other in order to extend their length (“daisy-chaining”). Students must inspect any of their electrical decorations, extension cords, and surge protectors for cracked sockets, bare wires, and loose connections before use. Students must use an appropriate amount of electrical decorations and extension cords for the size of the

space (e.g. no more than three light sets should be used in a residence hall room), and they should not run under carpet or through doorways, aisles, or corridors. Students should remember that lights are a heat source and should be placed consciously, and decorative lights should be turned off when the space is unattended.

- Evacuation—In accordance with Chicago law, students are required to evacuate the building during a fire alarm in a timely manner.

Any items found on campus in violation of this policy may be confiscated.

Procedures for Student Housing Evacuation:

An evacuation is implemented under conditions when it is no longer safe to remain in a building or a specific area in a building. This requires occupants to move out and away from a building to an area of refuge or out and away from a specific area within a building. This procedure is most commonly used when there is a suspected fire, hazardous material spill, flooding, gas leak, or bomb or other threat in a building.

If you identify a fire, follow these procedures:

- Notify occupants and help those needing assistance in the immediate area
- Activate the nearest fire alarm pull station
- Confine the fire by closing doors as you exit
- Evacuate the building at the nearest exit and call 911 and Campus Security (**312.899.1230** or push the EMERGENCY button on any in-house phone)
- **DO NOT**, under any circumstances, enter the building until authorized to do so by emergency personnel

If you hear a fire alarm, follow these procedures:

- Use the stairs to exit the building at the closest exit (if clear of danger). Do not use the elevator.
- Close the doors as you exit.
- Remain calm, do not panic, and proceed calmly to the exterior, assisting others whenever possible.
- Proceed to the assembly area or area of rescue assistance
- Follow directions from Campus Security and other emergency responders and inform them of any known missing or injured persons
- Do not re-enter the building until the "All Clear" signal is issued when it is safe to enter the building.
- Evacuation maps showing routes and exits are posted in each elevator lobby.
- Faculty, staff and students should know at least two evacuation routes.

If a building must be evacuated for other reasons, IRFM and Campus Security will coordinate the evacuations by giving directions about the emergency and next steps.

General Guidelines for Persons with Disabilities

Students—Each term, or as needed, students should meet with the Disability and Learning Resource Center to identify themselves and their disability (mobility, visual, hearing, speech, or multiple impairments), and discuss emergency evacuation plans.

Employees—Annually or as needed, employees with disabilities should meet with Human Resources, and their department supervisor to discuss their disability (mobility, visual, hearing, speech, or multiple impairments) and evacuation plans.

Human Resources and the department supervisor or Disability and Learning Resource Center representative should discuss and determine the following information with students or employees:

- How will they be notified in the event of an emergency (alarm, strobes and lights, etc.)
- Where the exit routes are
- Whether they can exit the building unassisted
- What kind of assistance they may need
- Identifying at least twice the number of volunteers who are willing and able to provide assistance. When students or employees talk to potential volunteers, they should discuss:
 - Guidance—explaining how and where the volunteers need to go, escorting to or through the exit path
 - Minor physical effort—Offering an arm to assist the person or opening a door

- o Major physical effort—Carrying a person down the stairs, carrying a wheelchair down the stairs, or operating a stair-descent device (if applicable)
- o Where volunteers will start providing assistance
- o When volunteers will provide assistance (always, only when asked, etc.)
- o How volunteers will be contacted (face to face, phone, email, etc.)
- o Waiting for first responders—An agreement should be reached regarding how long the volunteer is expected to wait for the first responders to arrive
- Human Resources, the department supervisors, or Disability and Learning Resource Center representatives should provide students and employees with written directions, maps or floor plans of evacuation routes. and discuss exit paths and alternative exits
- Human Resources and the Disability Learning Resource Center should provide the Executive Director for Campus Security with a list of persons that require evacuation assistance. The list shall include:
 - o Name of student/employee
 - o Class schedule or work location
 - o Type of disability
 - o If they have a volunteer to provide evacuation assistance.

Evacuation Procedures for Persons with Mobility Impairment

People who are able to go up and down stairs easily but have impairments of their hands or arms can be assisted by anyone. A viable plan to address this issue may be for the person with the impairment to be aware that he or she will need to ask someone for assistance with a particular door or device.

Other people with mobility impairments should seek multiple volunteers in advance to assist if an emergency develops.

- It is recommended that one volunteer remain with the individual, and another volunteer exit the building and inform emergency personnel that a person with a disability is waiting for rescue assistance on the specified floor.
- Volunteers should consider evacuating a non-ambulatory person only when the person is in immediate danger of harm if not evacuated. Proper lifting techniques (e.g., bending the knees, keeping the back straight, holding the person close before lifting, and using leg muscles to lift) should be used to avoid injury to the back.

Evacuation Procedures for Persons with Hearing/Speech Impairment

All buildings on campus are equipped with fire alarm strobe lights. Persons with hearing impairments may not hear audible emergency alarms and will need to be alerted of emergency situations.

- Get the attention of a person with a hearing disability
- Clearly state the problem. Gestures and pointing are helpful, but be prepared to write a brief statement if the person does not seem to understand
- Offer visual instructions to advise of safest route, direction toward exits, or evacuation maps

The only standard building egress system that is limited to voice communication is the emergency phone in the elevators. Should a person with a speech/hearing impairment need assistance in the elevator, press the emergency call button. A Campus Security officer will respond.

Evacuation Procedures for Persons with a Visual Impairment

Most people with a visual impairment will be familiar with their surroundings and frequently traveled routes. Since the emergency evacuation route is likely different from the commonly traveled route, persons who are visually impaired may need assistance in evacuating.

- Give verbal instructions to advise about safest routes, estimated distances, and direction
- DO NOT grasp a visually impaired person's arm. Ask if he or she would like to hold onto your arm as you exit, especially if there is debris or a crowd.

Calling Security for Help - If at any time you are unable to exit because of smoke, fire or physical barriers:

Please **immediately** report significant emergencies or dangerous situations that pose an immediate threat to the health and safety of the SAIC community to the Chicago Police Department and Campus Security. To report an emergency on campus you should:

- **Call 911** and then:
- Press the emergency button on those phones in SAIC buildings that have an orange sticker with the word “**EMERGENCY**” on it next to the button or call Campus Security at (312) 899-1230.
- If you can’t reach any phones pull a pull station located near the stairwells or fire escapes.
- Notify occupants and help those needing assistance in the immediate area.
- Evacuate the building at the nearest exit.
- Do not, under any circumstances, enter the building until authorized to do so by emergency personnel.

Campus Security maintains a list of students on campus who are physically disabled, which we receive from the Disability and Learning Resource Center. Anyone who anticipates that they will require assistance during an evacuation should notify the Disability and Learning Resource Center at (312) 499-4278 so that we can have the information for emergency responders. Employees can provide their information to Campus Security at (312) 899-1292.

Failure to evacuate the building in a timely manner during a fire alarm is against city ordinance and is considered a violation of SAIC policy. When you choose not to evacuate the building, you are putting your life and the lives of others in danger. Serious sanctions (up to, and including, expulsion from your SAIC residence hall and suspension from SAIC) may be assigned to any student who does not evacuate when the fire alarm sounds. In addition, the Chicago Fire Department and Police Department may decide to press charges against any student failing to evacuate.

Evacuation Drills

It is the policy of the School of the Art Institute of Chicago that, in accordance with state and federal laws, evacuation drills will be conducted several times throughout the year. All residents and guests/visitors occupying the building at the time of the drill are required to participate in the evacuation. Floor plans indicating the evacuation routes to the internal stairwell(s) and exterior fire escape are posted on each floor.

Policies Regarding Fire Safety Education/Training Programs:

Fire safety education programs for all resident advisors and resident directors living in on-campus student housing are held at the beginning of each academic year. These programs are designed to train these advisors and directors on the procedures to be followed in case there is a fire and disseminate information on fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are encouraged to meet with advisors in the Disability and Learning Resource Center to discuss evacuation protocols for students who have difficulty exiting the buildings in an evacuation.

Additionally, a campus wide email message will be distributed annually notifying the community that this information is available and where it can be accessed.
