

COURSE ENHANCEMENT GRANTS

The Office of Academic Affairs invites applications for Course Enhancement Grants to support faculty in enriching the content of existing courses through special events, invited guests, or other means to enhance the student experience in or outside of the classroom. Course Enhancement Grants will provide up to \$1,000 and may be combined with other funding sources.

Examples of Course Enhancement Grant proposals include: hosting visiting artists/designers/scholars/activists/practitioners for an in-class lecture/critique; creation of, or participation in, a public event on or off-campus provided that the course receives a defined benefit from the event; field trips; access to specific facilities or technologies.

Desired outcomes include:

- single-instance activities that significantly enrich the learning experience for our students
- an increase in the diversity of identities, concepts, or practices represented in the current curricular content and/or the field

Eligibility: Full-time faculty, full-time visiting artists, and part-time faculty teaching in the degree programs are eligible to apply. These grants are intended for pre-existing courses only. New courses that require funding resources must be requested via the [New Course Proposal](#) process.

SAIC faculty who are eligible to apply for a course enhancement grant must be in compliance with SAIC required trainings and have fulfilled credential documentation requirements.

The following restrictions apply to all Course Enhancement Grants:

- Grants are one-time support, not ongoing commitments
- A grant must benefit an entire class, not an individual student or subset of students
- The supported activity must take place during the regular semester that the course is offered
- Grants may not be used for entertainment or social events

APPLICATIONS ARE ACCEPTED ON A ROLLING BASIS
