17

00:03:15.300 --> 00:03:24.960

Kevin Brown - SFS: So you'll be receiving emails from this specific email address called saic SF s@saic.edu and students will be sent.

18

00:03:25.380 --> 00:03:32.640

Kevin Brown - SFS: very timely emails regarding things such as a financial aid notification once the students been awarded financial aid.

19

00:03:32.940 --> 00:03:40.650

Kevin Brown - SFS: If there's been any changes or updates to the financial aid for particular students will receive revised email notifications regarding that.

20

00:03:41.190 --> 00:03:49.290

Kevin Brown - SFS: will also be sending students are very important email when statements become available or invoices this when your bill becomes available.

21

00:03:49.710 --> 00:04:00.690

Kevin Brown - SFS: This will be specifically important in July, students, because it will be sending you an email in July and letting you know that your statement or invoices available for the fall semester.

22

00:04:01.020 --> 00:04:06.090

Kevin Brown - SFS: So again, you do need to make sure that you're watching that information when that becomes available.

23

00:04:06.810 --> 00:04:12.930

Kevin Brown - SFS: that's going to point you to be able to go on your self service a look at your financial aid and look at your bill at that time.

24

00:04:13.380 --> 00:04:22.890

Kevin Brown - SFS: it's also going to allow you to request additional if we're requesting additional documents from a student sometimes that is necessary if we're asking for additional documentation.

25

00:04:23.220 --> 00:04:35.670

Kevin Brown - SFS: That will be listed with students self service will also send reminders to submit financial aid applications, such as the fast food each year and specific applications associated with attending.

26

00:04:36.210 --> 00:04:43.110

Kevin Brown - SFS: classes in the summer or the winter terms in the future, and also just important reminders and updates.

27

00:04:44.010 --> 00:04:53.970

Kevin Brown - SFS: I know we're going to be asking we're going to have a lot of opportunity for students to ask questions, by the way, and we're

going to have an opportunity for students and families ask questions for about 20 minutes.

28

00:04:54.360 --> 00:04:57.600

Kevin Brown - SFS: After the webinar is over, with So if you do have some questions.

29

00:04:58.200 --> 00:05:11.070

Kevin Brown - SFS: It might be better to have your full attention during the webinar as we kind of go over some very important tasks and then of course we will have time to answer your questions, after the end of this webinar just want to make sure you mentioned that as well.

30

00:05:16.440 --> 00:05:22.050

Kevin Brown - SFS: We know that students and families have lots of things they need to take care of in order to stay on task.

31

00:05:22.530 --> 00:05:31.410

Kevin Brown - SFS: In order to be prepared for the fall semester in those cases we prepared something known as an EPA says checklist that student financial services checklist.

32

00:05:31.770 --> 00:05:39.600

Kevin Brown - SFS: This is going to be emailed those students that's also been available to students we've been mailing it to them it's also available on our website.

33

00:05:40.380 --> 00:05:46.470

Kevin Brown - SFS: If you're interested in finding the location of this, you can actually scan the qr code, we have in front of us.

34

00:05:47.010 --> 00:05:53.640

Kevin Brown - SFS: That will with your mobile device that will take you right to this checklist and you go ahead and you can always reference that.

35

00:05:53.910 --> 00:06:08.280

Kevin Brown - SFS: For the future it's also available on our website at the bottom, you can see that we have a website that's listed there you can visit that particular website where we keep the SF s checklist as well as the student financial services.

36

00:06:09.150 --> 00:06:18.450

Kevin Brown - SFS: Instructions guide for undergraduate students, as well as graduate students or any information you're looking at about how to apply for loans or anything you might have questions about.

37

00:06:19.050 --> 00:06:27.540

Kevin Brown - SFS: Looking at your bill applying for financial aid or, including those financial aid award guide so all those are located on the website on the screen below was.

38

00:06:28.530 --> 00:06:32.700

Kevin Brown - SFS: just want to point that out, and again on this checklist We have lots of important items.

39

00:06:33.030 --> 00:06:43.830

Kevin Brown - SFS: So on the top of the checklist we have things that all students need to make sure that we're paying attention to, obviously we always encourage students to look for outside scholarship continuously, whether in college.

40

00:06:44.340 --> 00:06:52.050

Kevin Brown - SFS: Those are scholarships that are not provided by saic or by the Department of Education, but maybe outside services or outside foundations.

41

00:06:52.320 --> 00:07:00.900

Kevin Brown - SFS: there's great information about that on our website will also be sending postcards to students to remind you about looking for outside scholarships, with some searches.

42

00:07:01.890 --> 00:07:05.670

Kevin Brown - SFS: engines listed in some helpful websites so keep an eye on for them.

43

00:07:06.210 --> 00:07:10.230

Kevin Brown - SFS: We also want to make sure that all students know you should be completing your finger concert worksheet.

44

00:07:10.560 --> 00:07:16.260

Kevin Brown - SFS: This is the tool that you use my students and families heard the term water costs are going to be after financial aid is applied.

45

00:07:16.950 --> 00:07:21.480

Kevin Brown - SFS: We also want to remind you that this is a good time to start requesting in.

46

00:07:22.380 --> 00:07:37.290

Kevin Brown - SFS: Payment request so, for example, if a student or family is using any type of 529 college savings plans we want to make sure that you request those from your provider in well enough time in order to meet any other payment deadlines which were you in a moment.

47

00:07:38.520 --> 00:07:51.780

Kevin Brown - SFS: and August it's always a great time for students to start looking at your statement of account make sure you're looking at your payment plans for going through your final addresses to addressing any imbalance that might be in the account for the upcoming fall semester.

48

00:07:53.310 --> 00:08:02.760

Kevin Brown - SFS: We also have some additional information on that checklist on the bottom, specifically for financial aid recipient, especially those who are receiving federal financial aid.

49

00:08:03.090 --> 00:08:06.240

Kevin Brown - SFS: Through the US Department of Education, because you forgot a fastball.

50

00:08:06.690 --> 00:08:15.480

Kevin Brown - SFS: Again we're going to remind students that again if you have any federal verification that means be completed we're going to ask you to submit documentation again.

51

00:08:15.660 --> 00:08:23.340

Kevin Brown - SFS: There are some students that still need to submit some documents to us if there are we'll have them listed in the students tasks in your self service.

52

00:08:24.030 --> 00:08:29.880

Kevin Brown - SFS: will also remind you that if you're going to be applying for any additional loans to help bridge the gap.

53

00:08:30.390 --> 00:08:40.140

Kevin Brown - SFS: Between cost of attendance and the financial aid you're where you're saving that you have to complete all of your loan steps, including the Stafford loan steps that are that students need to complete.

54

00:08:40.530 --> 00:08:51.510

Kevin Brown - SFS: And then also any credit based loans, like the federal direct parent plus loan and private loans will also remind students, that if you're looking to apply for any type of.

55

00:08:52.560 --> 00:08:59.970

Kevin Brown - SFS: Any other remaining steps that need to be completed, like waving or health insurance it's important that you waive your health insurance as a reminder.

56

00:09:00.270 --> 00:09:10.860

Kevin Brown - SFS: All full time students here in saic are charged health insurance automatically, but if you have your own health insurance, you can attempt to waive it by some mega health insurance waiver.

57

00:09:11.460 --> 00:09:20.010

Kevin Brown - SFS: This is another very, very important email that students are going to be receiving from the health services office probably within the next three weeks.

58

00:09:21.030 --> 00:09:24.540

Kevin Brown - SFS: And they will provide you with information about going to a specific website.

59

00:09:24.960 --> 00:09:31.710

Kevin Brown - SFS: Providing us information regarding your current health insurance, along with a photograph of your front and back of your health insurance card.

60

00:09:32.130 --> 00:09:37.140

Kevin Brown - SFS: you're going to submit that information to that specific website they're going to check for something called credible coverage.

61

00:09:37.530 --> 00:09:45.840

Kevin Brown - SFS: Basically, just proving you have health insurance and if we can prove that and we can waive your health insurance once again students you'll be receiving an email.

62

00:09:46.140 --> 00:09:54.150

Kevin Brown - SFS: to your saic gmail account, which are going to be reading on a very consistent basis between now and the start of school and throughout your college career.

63

00:09:54.540 --> 00:10:04.470

Kevin Brown - SFS: But you're going to receive a very important email within the next few weeks smelled services, which will give you a specific instructions on how and where to submit your health insurance waiver.

64

00:10:04.980 --> 00:10:15.090

Kevin Brown - SFS: If you're going to accept her health insurance, there is no additional action you need to take it will automatically be added to your account and your health insurance will become active at the beginning of the Semester.

65

00:10:19.830 --> 00:10:34.020

Kevin Brown - SFS: Another important reminder, I want to provide students is the for perform all students here at saic we try to protect your privacy as much as possible it's very serious that we want to make sure you protect your privacy at all costs.

66

00:10:34.890 --> 00:10:42.300

Kevin Brown - SFS: But, in some cases, there are some students who want to provide permission for people to be able to speak on their behalf, such as.

67

00:10:42.780 --> 00:10:54.990

Kevin Brown - SFS: Parents family members spouses may be friends in those cases, we will need the adult college student, to give us written permission before we can speak to any of those individuals.

68

00:10:55.440 --> 00:11:07.290

Kevin Brown - SFS: Those students wouldn't need to submit a first before the first perform was included in the blue envelope that we mailed all students if you're receiving federal financial aid it's also available on our website.

69

00:11:08.130 --> 00:11:17.850

Kevin Brown - SFS: If you need to find a copy of one but and once school starts at once a student actually isn't sitting in class, for the first day.

70

00:11:18.270 --> 00:11:24.840

Kevin Brown - SFS: We will not be able to speak to anyone else that they call or emails on their behalf, without that students written consent.

71

00:11:25.110 --> 00:11:40.830

Kevin Brown - SFS: So, once again, please make sure students are submitting this paper form directly to the registrar's office, they will be the office of record that will keep record of who you would like us to

get permission from that student, in order for us to speak to anyone else, on your behalf.

72

00:11:44.760 --> 00:11:50.190

Kevin Brown - SFS: I mentioned earlier that students will have access to your self service kind of also there's your Arctic account.

73

00:11:50.730 --> 00:12:00.090

Kevin Brown - SFS: In your self service you're going to have the ability to do lots of things students are going to have the ability to look at your financial account meaning your bills.

74

00:12:00.510 --> 00:12:08.910

Kevin Brown - SFS: you're going to be able to look at your financial aid that you're receiving that include your merit scholarships any other federal financial aid, you might be eligible for including loans.

75

00:12:09.330 --> 00:12:26.130

Kevin Brown - SFS: we're also going to include an opportunity for students to request a statement of account anytime So if you wanted to see what your bill is after we've done our tuition calculation, you can request a state of account right and that self service copy will be mailed to the student.

76

00:12:27.180 --> 00:12:38.340

Kevin Brown - SFS: Within about 45 seconds after you press that statement of account and we send right that students, as his email address as a PDF that will become available after we've post.

77

00:12:39.840 --> 00:12:44.460

Kevin Brown - SFS: tuition and charges for the upcoming fall semester, and there will probably be.

78

00:12:44.970 --> 00:12:50.460

Kevin Brown - SFS: Probably middle of July, just so you know but that's always a great opportunity for students, be able to request their own statement of account.

79

00:12:51.270 --> 00:13:01.230

Kevin Brown - SFS: Students will also have access to the transact payment system transact is the system that we use where students can go ahead and make payments.

80

00:13:01.920 --> 00:13:06.540

Kevin Brown - SFS: where you can also sign up for direct deposit so if a student is going to receive a type of.

81

00:13:06.810 --> 00:13:19.380

Kevin Brown - SFS: Financial aid refund that you were going to receive some type of some type of refund from alone sephora that you're going to be using help pay for books or supplies or a laptop computer or living on campus we do.

82

00:13:19.830 --> 00:13:26.280

Kevin Brown - SFS: requested students sign up for direct deposit This is where you provide us with a routing number and account number.

83

00:13:26.550 --> 00:13:37.050

Kevin Brown - SFS: For a checking or savings account where you'd like that refund to be submitted to again that's available right on that transaction system so students can sign up for that as well and transact.

84

00:13:37.410 --> 00:13:44.220

Kevin Brown - SFS: it's also where students and families can sign up for the payment plan we have payment plans available for the.

85

00:13:44.640 --> 00:13:56.550

Kevin Brown - SFS: Summer semesters the fall semester is in the spring semesters and that's also available on transact and again that's all available to transact payment system students will automatically have access to that system.

86

00:13:57.270 --> 00:14:09.660

Kevin Brown - SFS: you'll also be able to review your tasks in your self service, so, as I mentioned before, students, if we're asking for any additional documentation from you what this point, it would still be listed in your tasks, so if your self service.

87

00:14:10.230 --> 00:14:18.000

Kevin Brown - SFS: This is also where students will complete the work of employment, work authorizations if they secure employment here at saic.

88

00:14:18.300 --> 00:14:32.130

Kevin Brown - SFS: And it's also where students can receive their student employment earnings report to all this will be available in the students of service of students get logged in there poke around get familiar with it, so you know where things are.

89

00:14:33.330 --> 00:14:41.070

Kevin Brown - SFS: This is actually a screenshot of what a student's of service page looks like and see what we like to call tiles in front of us.

90

00:14:41.460 --> 00:14:49.470

Kevin Brown - SFS: And this is where students will be able to choose what actually would like to go, or what they would like to see, for example in the.

91

00:14:49.920 --> 00:14:56.400

Kevin Brown - SFS: In the top section I can see tasks, so if there's something we're asking the students to complete it would be included in the task section.

92

00:14:56.730 --> 00:15:08.400

Kevin Brown - SFS: underneath in the lower left hand corner, we have financial aid that's where you'd actually see the financial aid per academic year so students can choose to look at that particular option as well.

93

00:15:09.390 --> 00:15:17.280

Kevin Brown - SFS: You also have the opportunity to look for other services other services and non mobile are aware of students will complete there.

94

00:15:18.330 --> 00:15:20.730

Kevin Brown - SFS: Some additional tasks, especially for student employment.

95

00:15:21.120 --> 00:15:30.180

Kevin Brown - SFS: And then, lastly, over in financial account, I have cashed out there, that is actually the previous name of transact it used to be called cash them.

96

00:15:30.480 --> 00:15:47.190

Kevin Brown - SFS: But now it's called transact so, but if a student wants to choose that financial account that's where it will take them where they can request the statement of account after after July, if they want to request and statement account and also where you'll be able to access transact.

97

00:15:49.980 --> 00:16:03.060

Kevin Brown - SFS: So in transact again students automatically event access to transact why I know you're the adult college student, this is your your degree, this is your program so you automatically have access to transact.

98

00:16:03.570 --> 00:16:14.550

Kevin Brown - SFS: by visiting financial account and then clicking on transact as I just mentioned moments ago, this is where a student can submit online payments, where you can sign up for a semester payment plan.

99

00:16:15.000 --> 00:16:26.340

Kevin Brown - SFS: where you can sign up for auto debit for the payment plan so if you want to have money directly withdrawn from checking or savings account each month for that payment plan is an extra step but that's something you can also do.

100

00:16:27.060 --> 00:16:35.220

Kevin Brown - SFS: Students can also sign up for direct deposit, as I mentioned before, this is where refunds be deposited into our specific becky checking or savings account.

101

00:16:35.730 --> 00:16:42.810

Kevin Brown - SFS: This is where you can also view your online statements and it's also where students can download your download your.

102

00:16:43.770 --> 00:16:53.820

Kevin Brown - SFS: Those are tax documents and it's also, more importantly, anything else students that's where you can register authorized payers authorized payers.

103

00:16:54.180 --> 00:17:00.270

Kevin Brown - SFS: You remember students, you have access to your own account, but if you have anyone else that might be making payments, on your behalf.

104

00:17:00.630 --> 00:17:09.510

Kevin Brown - SFS: apparent a family member or a spouse or friend whatever might be making a payment on your behalf, you don't want to give them access to your self service.

105

00:17:09.690 --> 00:17:18.210

Kevin Brown - SFS: As you you don't want them proposes you pretend that they are you why, because then they get left out of some very important communications.

106

00:17:18.510 --> 00:17:29.100

Kevin Brown - SFS: We still would like to give them the option to be able to make payments, on your behalf, so what we're going to let you do is make them a payer in transact so students are going to log into transact.

107

00:17:29.520 --> 00:17:36.750

Kevin Brown - SFS: And you're going to see that you have an option to invite a payer when you invite a payer that could be again, as I mentioned before, parents.

108

00:17:37.140 --> 00:17:45.420

Kevin Brown - SFS: family members spouses friends, if you have anyone else that you'd like to be invited as a player, you can sign them up as a pair then they will be able to make payments.

109

00:17:45.720 --> 00:17:58.770

Kevin Brown - SFS: On your behalf, or through transact and that poses you again they still have the same options of being able to make a payment online on joining the payment plan, etc, but you want to make them a pair and transact.

110

00:18:00.180 --> 00:18:14.490

Kevin Brown - SFS: Students all, by the way, you're also getting lots of important emails I know one that you've gotten very recently, or if you haven't gotten you're going to get it next several days is the payment guide so we've actually sent you a copy of the.

111

00:18:16.860 --> 00:18:23.220

Kevin Brown - SFS: saic payment guide everything i'm talking about in this webinar is, including that payment guide as well.

112

00:18:23.580 --> 00:18:30.900

Kevin Brown - SFS: That payment guide is also available on our website and for students, if you haven't already signed up and become friends with us on Facebook i'm going to.

113

00:18:31.140 --> 00:18:39.540

Kevin Brown - SFS: invite you to do that we've also just posted on our Facebook page just today, so a good place for you to always look for some additional information, but again.

114

00:18:39.780 --> 00:18:53.910

Kevin Brown - SFS: Again, very important students you as the adult code student have access to transact make payments, on your behalf, but if you have any well to might be assisting you need to make them a pair and transact there's an extra step for them okay.

115

00:18:56.580 --> 00:18:57.420

Kevin Brown - SFS: Next slide.

116

00:18:58.920 --> 00:19:09.900

Kevin Brown - SFS: This is very important it's one or payments are due so payment info or payment arrangements of any balance not already covered by financial aid must be paid by these following dates.

117

00:19:10.290 --> 00:19:26.370

Kevin Brown - SFS: In order to avoid late fees, restrictions have access to campus prevention of mutual Romans and release of academic transcripts or diplomas, that means that any balances, must be addressed info I.

118

00:19:27.540 --> 00:19:36.420

Kevin Brown - SFS: For all for fall by August 15 so August 15 for this upcoming fall for the winter it's December, the 15th.

119

00:19:37.320 --> 00:19:52.020

Kevin Brown - SFS: In spring it's January the 15th and summer it's made 15 but the one we should really be kind of training on right now is for fall 2022 full payment arrangements are do no later than August 15 before the Semester begins.

120

00:19:53.160 --> 00:20:03.060

Kevin Brown - SFS: How can we address them a few different ways, you can always make a payment Now you can always send us a paper check if that's something you want to do we don't recommend it.

121

00:20:03.660 --> 00:20:12.720

Kevin Brown - SFS: But sometimes that is just the option that we are left with in those cases you're going to be sending paper checks directly to the boss's office.

122

00:20:13.260 --> 00:20:25.020

Kevin Brown - SFS: that's a 36 hour wabash avenue suite 245 in Chicago Illinois 60603 you always want to make sure in who the students name and ID number on any paper check the years I think the worst.

123

00:20:25.560 --> 00:20:36.930

Kevin Brown - SFS: Also, you have an option if you're sending us 529 or outside scholarship payment those checks are going to be sent us the office of student financial services, not the versus offers.

124

00:20:37.230 --> 00:20:41.970

Kevin Brown - SFS: And you're going to put those to the attention of the outside scholarship administrator or 529.

125

00:20:42.600 --> 00:20:50.430

Kevin Brown - SFS: plan administrator to this address 36 South wabash avenue suite 1200 Chicago Illinois 60603.

126

00:20:50.820 --> 00:20:58.500

Kevin Brown - SFS: And again, as always, please make sure you include the students name and ID number on all correspondence, including the memo sections of these checks.

127

00:20:59.070 --> 00:21:01.920

Kevin Brown - SFS: Again, if you are going to be sending a paper check.

128

00:21:02.460 --> 00:21:11.640

Kevin Brown - SFS: Please remember it takes some time for these to get through the US postal service, it also takes time for our our own personnel to process paper checks.

129

00:21:12.000 --> 00:21:20.160

Kevin Brown - SFS: So, again we asked you that if you're wanting to spending any type of payments, you want to get those submitted, well before the payment due date of August 15.

130

00:21:21.600 --> 00:21:29.010

Kevin Brown - SFS: If you are going to be making any type of payments and, if you want to make sure those payments get submitted quickly you want to make sure you submit those through transact.

131

00:21:29.790 --> 00:21:38.130

Kevin Brown - SFS: I mentioned previously, that there's 529 qualified educate educational plans do take some time to sometimes request.

132

00:21:38.580 --> 00:21:45.750

Kevin Brown - SFS: And so, in those cases again if a family or a student has a 529 plan account savings plan to you're going to draw some funds from.

133

00:21:46.110 --> 00:21:57.540

Kevin Brown - SFS: So for this upcoming fall, you want to request those no later than July, the 15th July, the 15th this where you are plenty of time for that provider to provide saic without payment.

134

00:21:57.900 --> 00:22:08.190

Kevin Brown - SFS: By the August 15 due date as a reminder, again, please make sure to include the students name and ID number on old correspondence and if your 529 plan is sending a check us.

135

00:22:08.460 --> 00:22:25.680

Kevin Brown - SFS: Please send it to us the office of student financial services NAFTA versus office you're going to send it to the office of student financial services attention 529 plan administrator 36 South salt water share videos sweet 1200 Chicago Illinois 606 of way.

136

00:22:30.390 --> 00:22:41.610

Kevin Brown - SFS: I mentioned before, again it's very important that students, if you have individuals who are going to be making payments on transact for them you're going to make them a pair students do not have.

137

00:22:42.840 --> 00:22:48.600

Kevin Brown - SFS: Students that you do have somebody that you would like to make a payment for you're going to make them a parent transact and.

138

00:22:49.200 --> 00:22:54.720

Kevin Brown - SFS: This way you and the payroll be able to make a payment on your behalf directly online.

139

00:22:55.290 --> 00:23:00.720

Kevin Brown - SFS: And you're going to have a couple different options to do that, one way is to use something called a ch.

140

00:23:01.200 --> 00:23:09.090

Kevin Brown - SFS: Also, known as electronic check this is where you provide us with a routing number and an account number for an American bank.

141

00:23:09.480 --> 00:23:13.590

Kevin Brown - SFS: American checking or savings account that you'd like that money drawn down from.

142

00:23:14.040 --> 00:23:27.450

Kevin Brown - SFS: If you do that through this electronic check again that money be drawn down without any additional fields again that's called a ch electronic check this is provide us with a ratty number in an account number of an American.

143

00:23:27.810 --> 00:23:34.770

Kevin Brown - SFS: Checking or savings account the other option that you have to make a payment and transact is using a credit card or a debit card.

144

00:23:35.280 --> 00:23:46.890

Kevin Brown - SFS: This is a remember anything it's plastic that has numbers on it that's another way you can make a payment we don't recommend it why because transact would charge you 2.75%.

145

00:23:47.460 --> 00:23:58.170

Kevin Brown - SFS: fee, based on the amount you put on the card for doing nothing more than pressing a button so again we don't recommend it if you want to make a payment electronically so it's quick.

146

00:23:58.470 --> 00:24:01.830

Kevin Brown - SFS: and secure again, the best way to do that is through a ch.

147

00:24:02.400 --> 00:24:12.960

Kevin Brown - SFS: electronic check there's no fees associated with that you can submit a payment using your credit card or debit card, but there will be that 2.75% fee, based on the amount and put on the card.

148

00:24:13.830 --> 00:24:23.070

Kevin Brown - SFS: So just remember that also arm transact a lot of our international population will be using wire transfer capabilities.

149

00:24:23.670 --> 00:24:35.760

Kevin Brown - SFS: from Western union in order to transfer money from their home country to the United States, again, that is done through transact all of this information is available directly on the transact payment portal.

150

00:24:36.180 --> 00:24:44.610

Kevin Brown - SFS: And it will also be available on our website and it's also the add on the payment guide that was emailed all students saic email accounts.

151

00:24:48.570 --> 00:24:57.330

Kevin Brown - SFS: We also have students and families who proudly served the United States in our armed forces and are eligible for veterans benefits.

152

00:24:57.660 --> 00:25:07.680

Kevin Brown - SFS: We want to thank you for your service, and we want to remind you that if you're going to be using any type of these benefits, whether that includes the Montgomery GI bill also knows chapter 30.

153

00:25:08.310 --> 00:25:18.810

Kevin Brown - SFS: If you're going to be using the vocational rehab if you'll be using selected reserve assistance or if you'll be using the post 911 GI bill or the yellow ribbon.

154

00:25:19.110 --> 00:25:27.990

Kevin Brown - SFS: Again saic does participate in these va benefits with the veterans administration, first we asked students and families, if you are.

155

00:25:28.470 --> 00:25:38.940

Kevin Brown - SFS: recipient or receiving this type of benefit, then you are determine your eligibility be reaching out directly to the veterans benefits or directly to the va website a GI bill.

156

00:25:39.780 --> 00:25:49.860

Kevin Brown - SFS: At va dot govt or giving them a call the number below and then, once you have started your eligibility with the va will be notified.

157

00:25:50.340 --> 00:26:02.910

Kevin Brown - SFS: directly with our office of record again that's the registrar's office and then we'll begin now awarding your your eligibility for any of your veterans benefits additional information is also available on our website.

158

00:26:08.820 --> 00:26:13.140

Kevin Brown - SFS: I was want to remind students that any time you are awarded a financial.

159

00:26:13.440 --> 00:26:23.070

Kevin Brown - SFS: Financial aid student will receive an award notification email from our office once we've awarded your financial aid, again, you should have already received this if you haven't already done so.

160

00:26:23.580 --> 00:26:28.410

Kevin Brown - SFS: Again this informs you that you have financial aid is available for you to review and your self service.

161

00:26:29.190 --> 00:26:34.380

Kevin Brown - SFS: will also include in this award notification some important information regarding the finger across worksheet.

162

00:26:34.740 --> 00:26:46.530

Kevin Brown - SFS: Once again that's the tool that you use to help students and families determine what your estimated cost of education saic will be in to ensure that you have secure the resources, you need in order.

163

00:26:47.250 --> 00:27:02.700

Kevin Brown - SFS: That you have full payment arrangements made by the due date, specifically in the one for July, which is August 15 we also include in that email, the financial aid award guide, which also included so again that's all, including the students saic email.

164

00:27:07.350 --> 00:27:09.780

Kevin Brown - SFS: I also want to remind students that I.

165

00:27:10.440 --> 00:27:20.010

Kevin Brown - SFS: That when we award students financial aid primary in the first round for fall and spring we award you financially based on what's called standard enrollment period Program.

166

00:27:20.280 --> 00:27:27.660

Kevin Brown - SFS: Now for new students, we do play some some careful attention to is to make sure they're ordering it based on what your.

167

00:27:29.010 --> 00:27:42.330

Kevin Brown - SFS: intended enrollment will be for the upcoming fall semester, but if a student, for whatever reason, decides to change their enrollment whether they're taking more credit hours or less credit hours when they initially were planning.

168

00:27:43.230 --> 00:27:45.720

Kevin Brown - SFS: Students need to make sure that you reach out to us.

169

00:27:46.020 --> 00:27:55.830

Kevin Brown - SFS: Because remember that your cost of attendance at as he is based directly and how many credit hours you take it saic because we charge tuition based on per credit hour.

170

00:27:56.100 --> 00:27:59.820

Kevin Brown - SFS: and your financial aid is also awarded to you, based on that particular enrollment.

171

00:28:00.150 --> 00:28:06.300

Kevin Brown - SFS: So, in order to make sure you have accurate bills and statements and invoices and helping planning, we want to make sure that.

172

00:28:06.630 --> 00:28:16.950

Kevin Brown - SFS: you're financially budget that we have your financially, based on the number of credit hours really does match your intention or intended enrollment for any particular semester.

173

00:28:17.820 --> 00:28:25.740

Kevin Brown - SFS: Now we do find sometimes students will come to us and say you know i'm you know Kevin i'm thinking about taking maybe nine credit hours.

174

00:28:26.100 --> 00:28:34.680

Kevin Brown - SFS: In spring of 2023 but I don't know if I want to do that yet totally see how it might affect my financial aid.

175

00:28:35.220 --> 00:28:46.590

Kevin Brown - SFS: or a student can submit a financial aid adjustment and sorry estimate request, where we won't officially change your financial aid will actually do is we'll provide you with an estimate.

176

00:28:46.980 --> 00:29:00.240

Kevin Brown - SFS: Of what your financial aid your cost would look like say for spring of 2023 based on nine credit hour, so you show your charges will show you to financially looks like before you make any decision to change your Roman.

177

00:29:01.320 --> 00:29:13.650

Kevin Brown - SFS: And then, this way if you decide at any time, do you want to change your Roman then we'll ask the students to submit that second bullet, we have they're submitting an adjustment request, this is just where a student says to us.

178

00:29:14.100 --> 00:29:24.090

Kevin Brown - SFS: hey Kevin or financial aid, I know that we're on the the thought being the office of student financial services and myself, that I was going to be taking the same 15 credit hours.

179

00:29:24.480 --> 00:29:35.070

Kevin Brown - SFS: In spring of 2023 but i've decided i'm going to take nine credit hours, this is where the students sends a very simple applications list, right here in the bottom of the screen.

180

00:29:35.400 --> 00:29:38.250

Kevin Brown - SFS: And they just let us know that they're going to be changing their enrollment.

181

00:29:38.910 --> 00:29:47.580

Kevin Brown - SFS: When they submit the adjustment request, we will officially a change or financially so won't be an estimate name or will officially change your financial aid.

182

00:29:47.970 --> 00:29:52.260

Kevin Brown - SFS: For that, given semester this way when you run a statement of account or her training to.

183

00:29:53.010 --> 00:29:59.790

Kevin Brown - SFS: planning for the upcoming semester we're going to be talking about what I like to call apples and apples not apples and oranges.

184

00:30:00.090 --> 00:30:08.640

Kevin Brown - SFS: we're going to make sure that your role than a certain number of credit hours in your financial aid is based on there so again it's one of the number one rules here at saic is that again.

185

00:30:08.910 --> 00:30:14.340

Kevin Brown - SFS: We charge tuition based on the exact number of credit hours a student ultimately enrolls in at any given semester.

186

00:30:15.120 --> 00:30:23.790

Kevin Brown - SFS: And Dooley, we have to make sure your financial aid is awarded to based on that specific intend to enrollment this way all of your bills your statements are correct.

187

00:30:24.240 --> 00:30:30.030

Kevin Brown - SFS: So I just want make sure to review that and let you know the mechanisms we have to help students determine what.

188

00:30:30.330 --> 00:30:36.510

Kevin Brown - SFS: You are what you might be planning, if you decide to enroll in something different again consider that an estimate request that's.

189

00:30:36.810 --> 00:30:40.860

Kevin Brown - SFS: Where we'll just provide you with an estimate what you're financially would look like in a different enrollment.

190

00:30:41.250 --> 00:30:53.130

Kevin Brown - SFS: And then it's again it's your responsibility to provide us with a financial aid adjustment request if you're officially a changing your financial aid and officially changing the Roman and you want us to adjust your financial aid.

191

00:30:57.690 --> 00:31:03.180

Kevin Brown - SFS: I was want to remind students and families that you know we push out a lot of information, the students.

192

00:31:03.450 --> 00:31:12.300

Kevin Brown - SFS: By our by email it's available on our website, we have hopeful webinars like we do here, but you know, sometimes students and families have questions.

193

00:31:12.600 --> 00:31:20.640

Kevin Brown - SFS: And if you do we want you to reach out to us, especially if you'd like to schedule a zoom meeting with us, and this is that only.

194

00:31:21.510 --> 00:31:29.760

Kevin Brown - SFS: to review your financial aid for your when you first come to se se but throw your whole time in SEC, so if you have questions or concerns.

195

00:31:30.150 --> 00:31:36.450

Kevin Brown - SFS: Students want to enroll through at saic you have access to a very important application called navigate.

196

00:31:36.900 --> 00:31:48.840

Kevin Brown - SFS: And navigate as an opportunity for you to be able to schedule an appointment, not only with our office, the office of student financial services, but also the office of academic advising if you're an undergraduate student.

197

00:31:49.320 --> 00:31:58.140

Kevin Brown - SFS: And this way you can go ahead and schedule a meeting with an individual in either the office of student financial services or academic advising in person.

198

00:31:58.560 --> 00:32:07.050

Kevin Brown - SFS: on the phone or via zoom I will tell you one of the best things that we've learned coming out of the pandemic is that.

199

00:32:07.800 --> 00:32:13.140

Kevin Brown - SFS: Having virtual meetings with our students and families is really, really great.

200

00:32:13.800 --> 00:32:21.540

Kevin Brown - SFS: Primarily because, if we have the student let's say the student is here in the fall and let's say they have a question.

201

00:32:21.900 --> 00:32:26.730

Kevin Brown - SFS: They don't have to come into our office they can actually schedule a zoom meeting with us, they can.

202

00:32:27.330 --> 00:32:33.750

Kevin Brown - SFS: You know, meet from their room or the residence hall or from their apartment off campus and maybe.

203

00:32:34.020 --> 00:32:39.120

Kevin Brown - SFS: They have a family member, they want to join us, maybe it's a parent or a family member or a spouse.

204

00:32:39.390 --> 00:32:49.200

Kevin Brown - SFS: And they're in a different city, they can invite them to the zoom meeting as well this way we're all virtually around the same table together and we can all ask questions, we can all.

205

00:32:49.710 --> 00:32:54.300

Kevin Brown - SFS: hear the same answers and plus what's also great about sharing these meetings by zoom.

206

00:32:54.540 --> 00:33:03.180

Kevin Brown - SFS: Is the financial aid advisor can share our screen, so this way if we're talking numbers, you know it's really difficult sometimes they talk numbers over the phone.

207

00:33:03.480 --> 00:33:09.930

Kevin Brown - SFS: So this way if we have the zoom opportunity we can share our screen bring up copies of bills statements financial aid.

208

00:33:10.230 --> 00:33:19.740

Kevin Brown - SFS: It really helps the understanding, not only for the student but also if the student wants to invite anyone else, like parents or guardians or spouses or anyone else may be assisting you.

209

00:33:20.100 --> 00:33:25.080

Kevin Brown - SFS: So, again we do encourage students to download that navigate APP again that's your responsibility.

210

00:33:25.350 --> 00:33:38.790

Kevin Brown - SFS: And you can go ahead and schedule those appointments with our office, the office of student financial services or academic advising or an undergraduate student, and this is how you can schedule these important meetings with us Okay, so I just want to make sure about that up.

211

00:33:43.170 --> 00:33:54.540

Kevin Brown - SFS: We also know that I, you know, money is a huge issue for a lot of our students saic is a very expensive institution to attend it's a big investment for a lot of students, a lot of families.

212

00:33:54.840 --> 00:34:01.140

Kevin Brown - SFS: And if there's ever a time to start taking your finances more seriously than ever before it's now.

213

00:34:01.440 --> 00:34:10.230

Kevin Brown - SFS: And we want to assist you in any way we possibly can, one of the ways we've done that is we've partnered with a really great financial literacy Program.

214

00:34:10.770 --> 00:34:21.930

Kevin Brown - SFS: called financial avenue and financially avenue is that free service that students can participate in and allows you to become money smart and provide students really quick.

215

00:34:22.620 --> 00:34:30.210

Kevin Brown - SFS: Lessons about how to prepare a budget, how to go ahead and save for college, how to look for outside scholarships, how to handle student loans.

216

00:34:31.110 --> 00:34:35.730

Kevin Brown - SFS: So many things I even how to handle your consumer debt credit cards and things like that.

217

00:34:36.330 --> 00:34:45.360

Kevin Brown - SFS: Your credit scores all of these things so again a student can go ahead and sign up for this very free financial aid avenue.

218

00:34:46.140 --> 00:34:55.800

Kevin Brown - SFS: financial literacy by going to financial avenue.org you're going to click login at the top of the page and then you're just going to click don't ever count, you want to sign up now.

219

00:34:56.100 --> 00:35:00.690

Kevin Brown - SFS: And you're going to use this code, the access code is saic go.

220

00:35:01.230 --> 00:35:11.310

Kevin Brown - SFS: And then click sign up you'll create an account, and then you populate the required fields and then you'll be off and running and again, this is a great free opportunity for students to be able to.

221

00:35:11.610 --> 00:35:24.990

Kevin Brown - SFS: Get becomes money smart and again, this is a fun college driven and way of finding about how to become a little bit more financially literate during your college years and beyond, I hope you take us up on that.

222

00:35:28.860 --> 00:35:46.470

Kevin Brown - SFS: I just want to bring up one more time, because this has been a very turbulent year for students and families over the past year year and a half, because of coven, if you remember, if there's anyone on this call, who has submitted a fastball free application for federal student aid for.

223

00:35:48.330 --> 00:35:55.620

Kevin Brown - SFS: Once again that's the application that US citizens and eligible non citizens submitted if you're going to be eligible from.

224

00:35:56.100 --> 00:36:01.560

Kevin Brown - SFS: want to be eligible for for need based aid from the US Government in those cases, though.

225

00:36:02.130 --> 00:36:12.780

Kevin Brown - SFS: The information that's provided on that fast, but for 2022 23 and ask for income information for the student, in some cases, the family from 2020.

226

00:36:13.590 --> 00:36:20.430

Kevin Brown - SFS: But again in a lot of cases, things are drastically changed for students and families, since 2020 if that's the case.

227

00:36:20.730 --> 00:36:26.820

Kevin Brown - SFS: If you feel like you're you're you've lost a job lost income or anything like that or some of your parents have.

228

00:36:27.210 --> 00:36:34.440

Kevin Brown - SFS: You can submit and they're listed on your fast one, by the way, if your parents listen your fastball you can you can reach out to our office.

229

00:36:34.710 --> 00:36:40.770

Kevin Brown - SFS: And maybe we can have you submit something called the professional judgment appeal, this is where a student or family comes to us and says.

230

00:36:41.130 --> 00:36:47.670

Kevin Brown - SFS: that the information that's currently on the fast wow doesn't really reflect what's currently happening in the family Academy.

231

00:36:48.030 --> 00:36:56.610

Kevin Brown - SFS: In those cases, sometimes a student can submit a financial aid appeal in order to address that we ask that if you believe that you might have.

232

00:36:56.940 --> 00:37:09.090

Kevin Brown - SFS: Something like this is a circumstance, please send us an email to si si si si si si.edu or give us a call at area code 312-629-6600.

233

00:37:09.360 --> 00:37:18.810

Kevin Brown - SFS: And we can discuss maybe the option of submitting a special circumstance, also known as professional judgment, it does require the student and family to provide us with.

234

00:37:20.010 --> 00:37:28.170

Kevin Brown - SFS: Some additional documentation to justify these changes, but again, if this is something that's affected your family, please reach out to us, we know.

235

00:37:32.520 --> 00:37:40.860

Kevin Brown - SFS: As I mentioned at the beginning of this webinar this webinar is being recorded and will be available in the SEC website within about 48 hours.

236

00:37:41.130 --> 00:37:48.180

Kevin Brown - SFS: It also be emailed anyone who registered for this webinar So even if you didn't attend it you're going to receive a copy of this webinar.

237

00:37:49.020 --> 00:37:55.800

Kevin Brown - SFS: We also want to let you know we are going to have some time now, but the next 20 minutes or so, so if you have any additional questions or concerns.

238

00:37:56.160 --> 00:38:11.130

Kevin Brown - SFS: about anything that i've covered in the webinar please feel free to reach out to us again, you can post those questions in the Q amp a box on the screen in front of us again, please pose all of your questions in the Q amp a box, not the chat box, please.

239

00:38:12.330 --> 00:38:22.230

Kevin Brown - SFS: And also, we have some interesting questions i'll make sure I jump back on and provide it verbally to everybody so we'll keep your microphone or keep your speakers on.

240

00:38:22.740 --> 00:38:32.610

Kevin Brown - SFS: You might have some important updates regarding questions that people might have so again, if you have additional questions, please post those in the Q amp a box and screen in front of us and they are the help.

241

00:38:33.330 --> 00:38:41.910

Kevin Brown - SFS: They will be answered by our helpful financial aid staff, I also want to let you know that we hope that again you do become friends with us on Facebook.

242

00:38:42.330 --> 00:38:57.030

Kevin Brown - SFS: Where we routinely post friendly reminders helpful resources outside scholarships have been made aware of also follow us on Twitter, where we also provide that same information so again become friends with us on Facebook and follow us on Twitter.

243

00:38:58.260 --> 00:39:06.540

Kevin Brown - SFS: Again, if you have any additional questions, we ask you to please post those in the Q amp a box on screen in front of us and make sure that we we reach out to you.

244

00:39:17.460 --> 00:39:33.600

Kevin Brown - SFS: I want to remind everybody if you have not received the payment guide it is also available on our website, you can go to www.saic.edu forward slash FA for financial aid or student finance.

245

00:39:34.560 --> 00:39:49.290

Kevin Brown - SFS: Student financial services available there is also going to be mailed to all students addresses as well, but again, that the payment guide will be mailed email to all students email addresses so your essays email.

246

00:39:53.130 --> 00:39:56.340

Kevin Brown - SFS: began a payment guide is available on our website.

247

00:40:02.280 --> 00:40:12.450

Kevin Brown - SFS: We also had an interesting question from someone who had questions about jobs on campus I mentioned before, that students can complete some of their if they secure a job on campus they can.

248

00:40:13.410 --> 00:40:22.170

Kevin Brown - SFS: Take a look at their some of their earning reports, etc, and self service, but if you're interested in looking for a job in the fall.

249

00:40:22.500 --> 00:40:28.650

Kevin Brown - SFS: Students, you should be very familiar with a very important website called handshake handshake.

250

00:40:29.100 --> 00:40:37.590

Kevin Brown - SFS: handshake is our job board and that's available for a very important Office here in campus called CAP X that's our career planning and placement office.

251

00:40:37.920 --> 00:40:42.990

Kevin Brown - SFS: CAP backs but handshake is our job board students, we usually recommend that you go to.

252

00:40:43.440 --> 00:40:50.970

Kevin Brown - SFS: Start visiting handshake about right now by June 1 and started looking about once a week as jobs do come and go.

253

00:40:51.240 --> 00:41:00.330

Kevin Brown - SFS: But if you find a job that you're interested, you can apply for that job right on handshake and once you apply for that job that office will reach out to you and we'll.

254

00:41:00.990 --> 00:41:09.780

Kevin Brown - SFS: set up an interview or whatever might be the process for interviewing for that particular position and then, if you secure that job again you'll be paid.

255

00:41:10.320 --> 00:41:19.440

Kevin Brown - SFS: Every two weeks into a direct deposit into a checking or savings account of your of your choice through your student employment a direct deposit.

256

00:41:22.920 --> 00:41:34.920

Kevin Brown - SFS: Again handshake you can find that raised her hand right or website saic EDU upper left hand corner is a search box you just type in the word handshake all one word it'll be listed right there for you.

257

00:42:00.360 --> 00:42:06.240

Kevin Brown - SFS: We also had some questions from some students and families about when students should be arriving.

258

00:42:06.660 --> 00:42:12.690

Kevin Brown - SFS: In the fall semester, I want to remind students are going to be getting lots of important information directly to the students.

259

00:42:13.320 --> 00:42:21.480

Kevin Brown - SFS: Regarding orientation for the fall and the start of fall Semester and there's also some additional information that's available on our website.

260

00:42:21.870 --> 00:42:30.150

Kevin Brown - SFS: Again students should be monitoring your email on a daily basis, make sure you're filtering what's being sent to you and make sure you provide.

261

00:42:30.660 --> 00:42:40.140

Kevin Brown - SFS: Any interesting information to anyone else that's in your life like family members parents, etc, make sure you share that information with them so they're in the loop.

262

00:42:45.360 --> 00:42:50.670

Kevin Brown - SFS: We also had another question about the statements that students receive basically your tuition bills.

263

00:42:51.690 --> 00:43:02.850

Kevin Brown - SFS: For books and supplies, etc, when you do receive your email students in July, letting you know that your your bill is available or your invoice available for fall semester.

264

00:43:03.150 --> 00:43:15.540

Kevin Brown - SFS: It will include all of your direct charges from saic and that will include your tuition your fees, such as health insurance of your accepting our insurance your tech fee your orientation fee.

265

00:43:16.140 --> 00:43:29.550

Kevin Brown - SFS: It might also include if you're living on campus your housing fees and your meal plan, it will not include your charges for books or supplies books or supplies are not charge from saic.

266

00:43:30.150 --> 00:43:38.250

Kevin Brown - SFS: books and supplies are the responsibility of the student to purchase themselves, they will be receiving once.

267

00:43:38.970 --> 00:43:50.970

Kevin Brown - SFS: Your closest school, they will be receiving notification from their academics regarding what will be required it and in regards to books and supplies, you can purchase those yourself for Amazon.

268

00:43:51.750 --> 00:43:55.080

Kevin Brown - SFS: We want to remind students, they have you have to purchase supplies.

269

00:43:55.620 --> 00:44:04.500

Kevin Brown - SFS: Such as art supplies you don't always have to buy those through blick I know that's the biggest national chain in the United States but there's also some great opportunities to buy.

270

00:44:04.920 --> 00:44:13.170

Kevin Brown - SFS: Some cheap and rigorous or other suppliers, such as michaels, which is a craft store throughout the United States that's a great place to look again just shop around.

271

00:44:13.890 --> 00:44:19.320

Kevin Brown - SFS: But again that's going to be some additional information for you there again we'll be sending students are very important email.

272

00:44:19.680 --> 00:44:25.980

Kevin Brown - SFS: In July, letting you know that your first invoice is available for you to view on your self service and through transact.

273

00:44:26.370 --> 00:44:34.320

Kevin Brown - SFS: Again students you're going to need to share that with her family, especially if you're going to have any family members might be assisting you in any type of payment arrangements.

274

00:44:39.990 --> 00:44:47.400

Kevin Brown - SFS: We also the other question i'm going to try to address parents are asking questions about residence halls I want to remind students.

275

00:44:47.790 --> 00:44:57.810

Kevin Brown - SFS: That, if you are going to be living on campus there is a housing deposit you need to submit, as well as an a Roman deposit once you submit your enrollment deposit and housing deposit.

276

00:44:58.260 --> 00:45:08.010

Kevin Brown - SFS: The office of residence life will reach out to the student with a housing contract, as well as a roommate questionnaire if you're going to be looking for other something other than a single.

277

00:45:08.640 --> 00:45:20.550

Kevin Brown - SFS: you're going to need to complete that housing contract and their roommate questionnaire and then over the next several weeks, the housing department will be working to assign rooms and roommates.

278

00:45:21.300 --> 00:45:27.090

Kevin Brown - SFS: They take some care in that just see you know so it's not something they do very quickly or Willy nilly.

279

00:45:27.810 --> 00:45:37.260

Kevin Brown - SFS: They put some great care into that trying to find a good match for roommates and making sure that the accommodations are.

280

00:45:37.740 --> 00:45:51.660

Kevin Brown - SFS: As fitting as possible, so again students keep monitoring your saic email you're going to get some information directly regarding your roommate and your housing collection through from residence life so keep an eye out for them.

281

00:46:26.940 --> 00:46:32.640

Kevin Brown - SFS: We had a specific question about someone who wants to know the details about tuition and fees and other costs.

282

00:46:33.270 --> 00:46:42.870

Kevin Brown - SFS: want to remind students that's available on our website@saic.edu along the top you're going to see financial aid you'll be able to click on.

283

00:46:43.200 --> 00:46:53.370

Kevin Brown - SFS: tuition and fees and costs that's one place, you can look, we also have that very important tool, known as a figure costs worksheet, which is also available on our website.

284

00:46:53.880 --> 00:47:25.980

Kevin Brown - SFS: which does provide students with the ability to use that tool to help determine what your costs are going to be at saic after any of your financial aid is applied again that's called the figure across worksheet that's available on our website@saic.edu.

285

00:47:42.630 --> 00:47:51.240

Kevin Brown - SFS: We had a question from someone about can they use our outside scholarships or grants throughout the school year, or is there a deadline to use them.

286

00:47:51.660 --> 00:47:57.900

Kevin Brown - SFS: With the only deadline we really have to remember folks is that we have an expectation that if you're attending saic and fall.

287

00:47:58.200 --> 00:48:08.400

Kevin Brown - SFS: That you have your full payment arrangements completed by August, the 15th So if you have any outside scholarship that you're going to have applied your account in the fall semester.

288

00:48:09.060 --> 00:48:21.510

Kevin Brown - SFS: You want to make sure that you notify us regarding what is what that scholarship is where it's coming from how much it's for and will be dispersed, you can send an email directly to our office.

289

00:48:22.620 --> 00:48:24.810

Kevin Brown - SFS: Getting the emails rating and screen in front of us.

290

00:48:25.200 --> 00:48:33.780

Kevin Brown - SFS: And then you also want to make sure that if you're receiving any type of checks for an outside scholarship a grant that you're sending it directly to our office, the office of student financial services.

291

00:48:34.170 --> 00:48:41.490

Kevin Brown - SFS: And then, make sure that include your name and your ID number in the memo check section, so we applied to the proper student account.

292

00:48:41.940 --> 00:48:51.540

Kevin Brown - SFS: And again make sure that that you're processing proper processing those on a timely basis again full payment arrangements are doing no later than August 15th.

293

00:48:54.570 --> 00:49:05.580

Kevin Brown - SFS: We had a question from someone who says, which is the best way to make a payment from abroad, I mentioned earlier in the webinar that students have the access to the payment system known as trans act.

294

00:49:06.030 --> 00:49:17.040

Kevin Brown - SFS: that's where students can make a payment online using an American checking or savings account it's also where our international population can make a while your payment using.

295

00:49:18.480 --> 00:49:25.920

Kevin Brown - SFS: Using Western Union so again that's where students will be making your payments if you're trying to make a payment internationally.

296

00:49:26.490 --> 00:49:36.090

Kevin Brown - SFS: trying to get money from a foreign country will be through the wire processing, I want to remind students, that we have sent you emails.

297

00:49:36.600 --> 00:49:54.150

Kevin Brown - SFS: Both are domestic students and international students your essays email with the payment guide if you did not receive a copy of one, it is also available on our website@saic.edu it's underneath the financial aid section under payments you'll be able to find the payment.

298

00:50:04.800 --> 00:50:18.870

Kevin Brown - SFS: We do have some students and families are wondering about the payment plan for the fall semester, saying that they don't say it's available that's because it's not available yet it will be available around July so again students.

299

00:50:19.440 --> 00:50:28.200

Kevin Brown - SFS: You will be receiving an email to your saic gmail account in mid July and letting you know that your payments can be viewable on self service.

300

00:50:28.590 --> 00:50:35.820

Kevin Brown - SFS: And it's also when we will open up the option for parents and students to sign up for the payment plan for the whole semester.

301

00:50:36.480 --> 00:50:44.340

Kevin Brown - SFS: And so there's not an opportunity for the payment plan for fall yet because we haven't switched it on again that will be switched on, in July.

302

00:50:44.880 --> 00:50:56.070

Kevin Brown - SFS: So again, students, please make sure you monitor your essays email on a very regular basis and make sure you're forgetting all those emails any important Members like family members or parents, so they are in the loop.

303

00:51:06.120 --> 00:51:19.440

Kevin Brown - SFS: We had a very interesting question about international students will they be required a bit some additional documentation like I-9s if they're going to be applying for jobs, yes, so if you have any student who secure student employment.

304

00:51:19.800 --> 00:51:23.550

Kevin Brown - SFS: Here at saic will have to complete some additional documentation.

305

00:51:24.210 --> 00:51:34.620

Kevin Brown - SFS: So if you do secure that information will be coming into our office, the office of student financial services in order to complete your I-9 in any other record documentation for your student employment.

306

00:51:35.040 --> 00:51:52.320

Kevin Brown - SFS: Again handshake is the job board that you can look to see what jobs are available, then you can again go to saic.edu upper right hand corner search box type in the word handshake all one word it will show you exactly where you can look for jobs.

307

00:52:00.570 --> 00:52:07.200

Kevin Brown - SFS: There was a question about where students access your essays email again that is through the self service portal.

308

00:52:07.860 --> 00:52:12.600

Kevin Brown - SFS: i'll tell you what i'm going to do, because this information is so important i'm going to go all the way to the front.

309

00:52:13.230 --> 00:52:27.600

Kevin Brown - SFS: of our very beginning of today's webinar and i'm going to bring that up one more time because there's probably nothing more important than this, and I want to make sure everybody gets an opportunity to see it and understand it.

310

00:52:29.160 --> 00:52:36.210

Kevin Brown - SFS: And so again here all the instructions, where you can log in and access your Arctic count.

311

00:52:37.380 --> 00:52:46.740

Kevin Brown - SFS: Again, this whole presentation will be emailed to everybody and over here, it talks about where students can access your essays email for Google Apps.

312

00:52:47.130 --> 00:52:59.130

Kevin Brown - SFS: And so again you'll access it through sec.edu for students to access your self service and you're going to access SEC email through Google X, hopefully, that is helpful.

313

00:53:29.280 --> 00:53:38.220

Kevin Brown - SFS: We had an initial question about parents who are applying specifically for something called the federal direct parent plus loan, this is for.

314

00:53:38.520 --> 00:53:43.710

Kevin Brown - SFS: Parents of dependent students who fill out a fastball free application for federal student aid.

315

00:53:44.250 --> 00:53:53.520

Kevin Brown - SFS: The federal direct parent plus loan is a loan through the US Department of Education that many students are there any student i'm sorry many families will consider.

316

00:53:54.270 --> 00:54:03.060

Kevin Brown - SFS: In order to bridge the gap between the cost of attendance and other financially that the student is already receiving, including their Stafford loans is getting raid array receiving.

317

00:54:03.780 --> 00:54:09.810

Kevin Brown - SFS: When a when a parent applies to those loans that is still a loan through the US Department of Education, like the Stafford loans.

318

00:54:10.170 --> 00:54:17.160

Kevin Brown - SFS: The differences is the federal direct parent plus loan is a credit based loan so just like if you're applying for credit card or a car loan.

319

00:54:17.610 --> 00:54:26.220

Kevin Brown - SFS: The parent would need to apply for the loan and be approved, once again, only the parent can apply for this one, not the student and again it's called a federal direct.

320

00:54:26.700 --> 00:54:34.080

Kevin Brown - SFS: parent plus on and the first step would be for the parent to go to the federal website all this information is included.

321

00:54:34.710 --> 00:54:46.950

Kevin Brown - SFS: In student emails we sent and our website, but parents would go to a specific website called student aid.gov student a.gov and that's where you'd first request the plus loan.

322

00:54:47.370 --> 00:54:54.300

Kevin Brown - SFS: On that's where you apply for the plus on that's where the credit check actually occurs and then, if you're approved that loan.

323

00:54:54.690 --> 00:55:00.240

Kevin Brown - SFS: Then you complete the second step, which is the master promissory note, also known as the mtn.

324

00:55:00.690 --> 00:55:05.670

Kevin Brown - SFS: Once the parent has been approved for that loan, and if you complete a master promissory note.

325

00:55:06.030 --> 00:55:13.290

Kevin Brown - SFS: saic will be notified by the Department of Education, that you have apply for the loan been approved actually the master promissory note.

326

00:55:13.740 --> 00:55:21.750

Kevin Brown - SFS: We will then add the that loan to the students account and reach out directly to the student let them know that that update has been made.

327

00:55:22.620 --> 00:55:33.240

Kevin Brown - SFS: If there's any graduate students who are on this webinar again graduate students you'll also have access to another plus loan program many of our graduate students.

328

00:55:33.630 --> 00:55:41.520

Kevin Brown - SFS: will consider taking out and additional alone outside the Stafford loans that they might be taking and that's called a federal correct.

329

00:55:41.880 --> 00:55:53.970

Kevin Brown - SFS: graduate plus loan, that is only available to students who are graduate students and much like the parent plus loan is a credit based loan and it has to be applied for by the graduate student themselves.

330

00:55:54.450 --> 00:56:01.830

Kevin Brown - SFS: Through that federal website, known as you need those and again they're going to complete the plus request that's where the credit check occurs.

331

00:56:02.250 --> 00:56:20.430

Kevin Brown - SFS: And they're also complete the master promissory note once again all this information is available on our website@saic.edu so please take a look at the website now so all the information we've been sending you throughout the year there's information regarding that plus application.

332

00:56:53.580 --> 00:56:55.500

Kevin Brown - SFS: I was going to provide some clarification.

333

00:56:55.920 --> 00:57:07.230

Kevin Brown - SFS: You know I mentioned the figure costs worksheet earlier and that that's the tool that's primarily used for the students and their family to determine basically How much is it going to cost me to come to saic next year.

334

00:57:07.680 --> 00:57:11.700

Kevin Brown - SFS: it's not a you need to submit to us, or anything like that we can obviously help you.

335

00:57:12.540 --> 00:57:20.250

Kevin Brown - SFS: If you're having any difficulties you know completing that particular form will be happy to come out the complete that but that's something you don't have to turn in.

336

00:57:20.850 --> 00:57:35.880

Kevin Brown - SFS: But if you're getting any type of like outside scholarship that you're receiving if the check has made out to you specifically your name you don't need a report saic but lots of outside scholarships need to be sent directly to the College university the student is.

337

00:57:36.990 --> 00:57:43.350

Kevin Brown - SFS: is going to why because those foundations and organizations have to report it for tax reasons so.

338

00:57:43.770 --> 00:57:51.870

Kevin Brown - SFS: Some organizations feel comfortable going ahead and sending those checks directly to the students i'm do not some of them happen to have sent directly to the school in those cases.

339

00:57:52.290 --> 00:58:03.120

Kevin Brown - SFS: Those correspondence be sent directly to us the office of student financial services and our checks should be sent directly to our office, the office of student financial services, not the nurse's office.

340

00:58:03.660 --> 00:58:08.430

Kevin Brown - SFS: Also, if you have any type of any other scholarships that you're receiving again.

341

00:58:08.820 --> 00:58:16.500

Kevin Brown - SFS: You should be notifying us if you already know that your student is receiving some type of scholarship we're going to let us know how much it is.

342

00:58:16.920 --> 00:58:23.760

Kevin Brown - SFS: When it's going to be dispersed what Semester and, specifically, who is going to be going to the students name and ID number.

343

00:58:24.510 --> 00:58:31.050

Kevin Brown - SFS: If you need any documentation from us regarding what costs are going to be again that will be available in July.

344

00:58:31.890 --> 00:58:45.780

Kevin Brown - SFS: we're getting will be sending students an email to their essays email account, which I know they're reading every morning letting them letting me know that we have their statement available for

them in July and you could provide that statement to those individuals that time as well.

345

00:58:46.890 --> 00:59:25.980

Kevin Brown - SFS: Do you have specific questions about that, though, please don't hesitate reach out to us directly again our email addresses saic.sf s@saic.edu.

346

00:59:43.980 --> 00:59:51.870

Kevin Brown - SFS: had an interesting question from someone who said that if a student does participate in student employment and if they have federal work, study.

347

00:59:52.260 --> 01:00:02.430

Kevin Brown - SFS: Typically, how many hours do students work it really kind of depends on the student and the position, but I think I can honestly say it's probably between eight and 10 hours a week.

348

01:00:03.000 --> 01:00:09.090

Kevin Brown - SFS: Of what students are putting in but that's an average again every student is different every position is different.

349

01:05:43.740 --> 01:05:55.080

Kevin Brown - SFS: we're another question from an individual asking if they can check the details for tuition and fees and other costs, I want to remind you that they are available on our website and saic that EDU.

350

01:05:55.830 --> 01:06:02.070

Kevin Brown - SFS: Along the top you click financial aid and will have cost right there for you see it's all listed on our website.

351

01:06:02.790 --> 01:06:09.660

Kevin Brown - SFS: So that's a great place to look, if you are not really sure, and once again we have that bigger across worksheet that's also available on our website.

352

01:06:10.080 --> 01:06:18.150

Kevin Brown - SFS: Which i'm students and families determine what your costs will be after any financially is applied, including your merit scholarship that's good place to look.

353

01:06:35.580 --> 01:06:40.110

Kevin Brown - SFS: We also had a question from someone asking when is the due date for the housing deposit.

354

01:06:40.380 --> 01:06:52.740

Kevin Brown - SFS: I do know that housing as first come, first serve, and I do know that the housing residents life office has been receiving numerous deposits already and housing contracts for fall.

355

01:06:53.220 --> 01:07:04.860

Kevin Brown - SFS: So if you're interested in trying to secure your preferred housing, we will recommend that you submit your housing deposit as soon as possible, again additional information is available on our website.

356

01:07:05.310 --> 01:07:12.510

Kevin Brown - SFS: underneath student life and underneath residents of life, all the information about housing is included there.

357

01:07:12.840 --> 01:07:19.890

Kevin Brown - SFS: Also, any updates regarding orientation will be included in the admission section of our website and in student life.

358

01:07:20.220 --> 01:07:30.090

Kevin Brown - SFS: And once again any additional updates we have regarding orientation or moving will be sent directly to the students to their essays email account students, please make sure your monitor your email, thank you.

359

01:07:50.490 --> 01:07:53.640

Kevin Brown - SFS: Okay i'm going to answer this one, why because it's always been an interesting question.

360

01:07:54.780 --> 01:08:06.510

Kevin Brown - SFS: I see I see email so saic email typically you have an SMS email address much like mine, where it begins with say K brown ten@saic.edu.

361

01:08:07.020 --> 01:08:17.070

Kevin Brown - SFS: But I also have an email address that says K brown ten@arctic.edu, why is that the reason is is because we have a.

362

01:08:17.850 --> 01:08:28.260

Kevin Brown - SFS: Very unique situation with the audience who Chicago and the school of art in Chicago we have were two separate institutions, but we have one parent institution.

363

01:08:28.650 --> 01:08:38.550

Kevin Brown - SFS: So when we are here at saic we receive both email addresses one will say saic.edu and the other one will say arctic.edu.

364

01:08:39.150 --> 01:08:44.130

Kevin Brown - SFS: If a student or if anyone sends an email from either one of those it was still get back to the student.

365

01:08:44.460 --> 01:08:58.560

Kevin Brown - SFS: No matter what, but we do ask that if you're providing your email address anyone, especially if you're a student please use the saic.edu primarily because it references the school itself and not the museum so.

366

01:08:59.310 --> 01:09:05.370

Kevin Brown - SFS: So the audience to Chicago so that's the reason so again there's no problem at all the art Institute of Chicago.

367

01:09:05.670 --> 01:09:16.260

Kevin Brown - SFS: And the school the art institute again using the saic email address or the Arctic email address doesn't matter, each one of them will reach the students, no matter what good question.

368

01:10:02.970 --> 01:10:11.220

Kevin Brown - SFS: We had another question from an individual who said their 529 should be sent by July 15 they're also saying get the bill in July so.

369

01:10:11.520 --> 01:10:21.240

Kevin Brown - SFS: Yes, primarily what we're saying is that, as soon as the bill becomes available in early July, we will send the student email, which I know they're going to read every morning.

370

01:10:21.750 --> 01:10:36.150

Kevin Brown - SFS: And when they get the email, it says their bills available they'll be able to log in their self service and see their bill at that point, you can then request the 529 amount from your 529 plan.

371

01:10:37.170 --> 01:10:45.660

Kevin Brown - SFS: In again the recommended date is around July 15 why primarily because we know what's going to take time for your 529 plan.

372

01:10:46.320 --> 01:10:54.180

Kevin Brown - SFS: to submit the paperwork and get the payment submitted and things like that we just want to make sure that we're giving everybody plenty of time for this to happen.

373

01:10:54.900 --> 01:11:03.210

Kevin Brown - SFS: We don't want you to submit your payment quest for your 529 plan you know, on August, the 14th when it's doing the 15th.

374

01:11:03.600 --> 01:11:15.030

Kevin Brown - SFS: So, again we're just trying to give you some some remarks and some dates think of what be aware of knowing that all this stuff doesn't happen on a dime sometime so that's all that and so again, we were just trying to.

375

01:11:15.720 --> 01:11:23.250

Kevin Brown - SFS: motivate you to get those done as soon as possible, knowing that those 529 plans to take a little bit of time to process.

376

01:11:49.950 --> 01:11:55.680

Kevin Brown - SFS: folks we had another interesting question about the required and laptop requirement at saic.

377

01:11:56.100 --> 01:12:04.110

Kevin Brown - SFS: saic does have a requirement that students come to campus with a laptop that means our minimum requirements, why is that.

378

01:12:04.410 --> 01:12:14.880

Kevin Brown - SFS: Is because, when a student comes saic we're going to provide them with a suite of software that they're going to run on their machine and we want to make sure that that software can be run on that particular machine.

379

01:12:15.510 --> 01:12:32.550

Kevin Brown - SFS: If you're not sure if your students or if your student on the call you're not sure if your machine needs memory requirements, you can actually go to this specific website saic.edu forward slash laptop, let me say that again saic.edu.

380

01:12:33.060 --> 01:12:40.830

Kevin Brown - SFS: Forward slash laptop that will give you the specification for the machine if you're not sure if your machine meets those minimum requirements.

381

01:12:41.220 --> 01:12:46.950

Kevin Brown - SFS: One of the things that does slow students down is if they come to campus they do not have a machine that's.

382

01:12:47.490 --> 01:12:54.030

Kevin Brown - SFS: built to that specification to run that software, then they show up and they start to fall behind from day one.

383

01:12:54.270 --> 01:13:01.980

Kevin Brown - SFS: Because they can't run the software so that's why it's really important again that students, make sure that they arrive on campus day one.

384

01:13:02.250 --> 01:13:15.630

Kevin Brown - SFS: With a laptop that meets those minimum requirements yours might already meet those requirements, you can double check by going to saic.edu forward slash laptop in will show you those laptop requirements.

385

01:13:16.410 --> 01:13:27.480

Kevin Brown - SFS: Again, if you need to buy a new machine, I believe the specifications of the specified laptop is usually an apple MacIntosh and they're running about 20 \$400 from the apple store to see you know.

386

01:18:26.250 --> 01:18:40.650

Kevin Brown - SFS: folks thanks for so many great questions this evening we've got about another five minutes or so, if you have any last minute questions, please post those in the Q amp a box, we will begin with the ending or whether, and this portion at 8pm.

387

01:18:41.430 --> 01:18:50.490

Kevin Brown - SFS: Central standard time approximately six minutes from now so again, if you have any additional questions, please post those in the Q amp a box and screen in front of you know, the chat box.

388

01:19:08.130 --> 01:19:15.630

Kevin Brown - SFS: folks are also getting, believe it or not, lots of questions for for our office of student financial services, about a gym on campus.

389

01:19:17.220 --> 01:19:20.340

Kevin Brown - SFS: I am definitely the last person, you want to ask about a gentleman campus but.

390

01:19:21.090 --> 01:19:34.530

Kevin Brown - SFS: I can say that my saic does not have a gym on campus and i'm not sure if there's any type of arrangements we have with a gymnasium off campus like a membership.

391

01:19:35.520 --> 01:19:43.980

Kevin Brown - SFS: But one of the things I would ask you to do is if you're interested is on our website saic.edu you're going to see student affairs up at the top.

392

01:19:44.550 --> 01:19:56.070

Kevin Brown - SFS: If you click on that you should be able to find it if there's any accommodations that we have to allow students to have some type of membership for a gym off campus i'm sorry I just not familiar with that answer.

393

01:19:56.550 --> 01:20:04.200

Kevin Brown - SFS: And so they just want to be truthful with you, but again, if there are any kind of accommodations that will be listed on our website.

394

01:20:04.800 --> 01:20:18.510

Kevin Brown - SFS: You can saic that he knew go to the student affairs section in the top or in the search box upper right hand corner I bet if you just type in gym or gymnasium I bet you would get some type of result, and so I just wanted to share that with you, thank you for your understanding.

395

01:21:24.600 --> 01:21:31.050

Kevin Brown - SFS: I also want to give one more advertisement if there's any folks on here, especially family members who.

396

01:21:31.680 --> 01:21:41.460

Kevin Brown - SFS: like Facebook again, you can definitely become friends with us on Facebook, we routinely post helpful resources friendly reminders and outside scholarships been made aware of.

397

01:21:41.850 --> 01:21:52.500

Kevin Brown - SFS: That particularly helpful for a lot of our parents out there, we also have a great Twitter opportunity to so go ahead and follow us on Twitter just want to make sure I mentioned that one more time.

398

01:22:52.890 --> 01:23:00.120

Kevin Brown - SFS: folks I want to bring this up, one more time this was just that financial aid checklist we have, if you want to go ahead and scan it with your phone or mobile device.

399

01:23:00.450 --> 01:23:08.640

Kevin Brown - SFS: will take you right to it, also on the bottom of the screen you're going to see a website that we have www.sec.edu forge last F.

400

01:23:09.690 --> 01:23:21.750

Kevin Brown - SFS: Sorry SF s that will take you directly to our website and the bottom of that page we have your checklist we have the award guides for undergraduate students, as well as graduate students.

401

01:23:22.260 --> 01:23:31.380

Kevin Brown - SFS: And I believe we even have a payment guards there, so a few other places, that you can you can reference this one, make sure you have that at your disposal, as well okay.

402

01:23:32.010 --> 01:23:49.380

Kevin Brown - SFS: One other thing I want to mention is, I know that we had some families that were asking about cost, I want to remind you that one of the best places ago is that figure cost worksheet that you can use we have it available on our website and bringing in a way.

403

01:23:51.030 --> 01:24:04.560

Kevin Brown - SFS: Because they don't have it, but it is available on our website saic.edu and it's called the figure costs worksheet it's great tool and students will family should be using each year in order to determine your costs before you even have your first bill.

404

01:24:06.090 --> 01:24:16.170

Kevin Brown - SFS: So I want to thank you very much for joining us this evening hope you found this information was helpful again we email to anybody who registered for this class, I just want to take some time to thank.

405

01:24:16.920 --> 01:24:22.020

Kevin Brown - SFS: Both of my colleagues for Alfronia and I want to thank Vurina

406

01:24:22.620 --> 01:24:29.580

Kevin Brown - SFS: Lee for joining me this evening and assisting with all of our questions you guys had some great questions, and I think both of them.

407

01:24:29.790 --> 01:24:41.820

Kevin Brown - SFS: for staying a little bit later tonight to address your questions so thanks again, we look forward to working with you throughout the next weeks and months we will be have a wonderful summer, we look forward to seeing your smiling faces in the fall have a great night.
