SAIC FOOD RESOURCES

Students in immediate need may contact the Office of Student Affairs and request a Jewel gift card. This emergency food assistance exists for students who find themselves in a financial crisis and have exhausted all other short-term resources. An in-person meeting with an OSA staff member is required to receive a card.

You will find additional information in this document regarding alternate means of obtaining food assistance outside SAIC. Students are welcome and encouraged to contact the Office of Student Affairs directly with any other questions or concerns.

**The Butler Loan**
In the case of a financial emergency, students may apply for a short-term, no-interest loan of up to $300 known as a Butler Loan. These loans are available to every student whose account is current (does not have an outstanding balance), not just to financial aid recipients. Students can typically receive the Butler Loan on the same day they request it. Students can only receive one such loan per semester, and it must be repaid within one (1) month. Please note that Butler Loans are not available during the last four weeks of the semester, and students cannot request more than one advance or loan at a time.

**Financial Aid Information**
