

SAIC Wireless Set-Up Laptop and Mobile Devices

MacOS:

Process requires Internet Connection:
SAIC Guest, Hot Spot, or Off-Campus Network

- 1) Open Safari
- 2) Visit mobile.saic.edu
- 3) Enter ARTIC/SAIC username and password
- 4) Click the check box to acknowledge that you have read and understood the SAIC Acceptable Use Policy, then the red download button
- 5) The `artic.mobileconfig` file will download. Open the file and begin installation. To open and install the profile using the Big Sur operating system, you will need to launch System Preferences > Profiles > SAIC Wireless 2015
- 6) During the profile installation click 'Continue' or 'Install' twice to advance through the installation
- 7) Enter ARTIC/SAIC username and password once more and click 'Install' to complete
- 8) You will then be prompted for your computer's login password
- 9) You should now be connected to wireless.artic.edu

iOS:

- 1) Launch Safari
- 2) Visit mobile.saic.edu
- 3) Enter ARTIC/SAIC username and password
- 4) Click the check box to acknowledge that you have read and understood the SAIC Acceptable Use Policy, then click the red 'Here to Download' button
- 5) A profile will download to your device in Settings > General > Profiles
- 6) Open the SAIC Wireless Profile and Select 'Install' twice. You may be prompted for your iPhones passcode to install. If using iOS 13 or earlier you will then be prompted for your ARTIC/SAIC username and password again and then you will connect
- 7) If using iOS 14 tap 'Done', then follow steps 8-9
- 8) Once you are on campus, tap , the info icon to the right of the wireless.artic.edu network, and turn off Auto-Join for that network. Then turn WIFI off and on again.
- 9) Select the wireless.artic.edu network. You will then be prompted to enter your ARTIC/SAIC username and password again
- 10) When you see the WI-FI icon  at the top of your phone, you are connected to wireless.artic.edu

Android:

- 1) Open the settings menu
- 2) Select 'Network & Internet', then 'Wi-Fi', then 'wireless.artic.edu'
- 3) Expand 'Advanced Options' if necessary
- 4) In the 'Domain' field, enter 'wireless.artic.edu'
- 5) Select the EAP method 'TTLS'
- 6) Select the Phase 2 setting 'PAP'
- 7) If available, the CA certificate setting should be 'Use System Cert'
- 8) If available, the Online Certificate setting should be 'Do Not Validate'
- 9) Enter your ARTIC/SAIC username and password under 'Identity' and 'Password', ignore the field titled 'Anonymous Identity', then click 'Connect'
- 10) You should now be connected to wireless.artic.edu

Windows:

- 1) Expand your network settings menu from the menu bar
- 2) Select wireless.artic.edu
- 3) Enter your ARTIC/SAIC username and password, then click 'Connect'
- 4) You should now be connected to wireless.artic.edu

If you continue to have issues connecting to wireless.artic.edu please contact the CRIT Help Desk for assistance.
